CHIEF'S INTRODUCTORY STATEMENT

The Indio Police Department has a long-standing reputation as a progressive and innovative agency that works collaboratively with community members and groups, business leaders, and across public service disciplines to compassionately address crime and quality of life issues in the neighborhoods of Indio. Our effectiveness as an agency is closely linked to our commitment to adhering to the highest standards of integrity, ethics, professional conduct, and industry best practices. This policy manual serves to establish the rules, expectations, and procedures of the Indio Police Department as we fulfill our duties and oath of office.

Although we are all expected to follow policy, there is no way a written document can address every situation or contingency one may encounter. In extraordinary circumstances, it may be appropriate to step outside of policy in order to act in accordance with our values and guiding principles. However, such deviation from written policy requires the employee or authorizing supervisor to demonstrate that the action taken was necessary, reasonable, ethical, and appropriate for the particular situation.

Finally, although the work we do can be challenging and sometimes thankless, it is a noble profession in which we have tremendous impacts on the lives of others. Please take that responsibility seriously and represent the Indio Police Department with pride and professionalism.

Michael R. Washburn, Chief of Police
LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Sworn members of this department are authorized to exercise peace officer powers pursuant to applicable state law (Penal Code § 830.1 et seq.).

100.2.1 DELIVERY TO NEAREST MAGISTRATE
When an officer makes an arrest pursuant to a warrant with bail set, and the warrant was issued in a county other than where the person was arrested, the officer shall inform the person in writing of the right to be taken before a magistrate in the county where the arrest occurred (Penal Code § 821; Penal Code § 822).

100.2.2 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE INDIO POLICE DEPARTMENT
The arrest authority outside the jurisdiction of the Indio Police Department includes (Penal Code § 830.1; Penal Code § 836):

(b) When the officer has probable cause to believe the person has committed a misdemeanor in the presence of the officer and the officer reasonably believes there is immediate danger to person or property or of escape.
(c) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized even if not committed in the presence of the officer such as certain domestic violence offenses and there is immediate danger to person or property or of escape or the arrest is mandated by statute.
(d) When authorized by a cross jurisdictional agreement with the jurisdiction in which the arrest is made.
(e) In compliance with an arrest warrant.

On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot or fresh pursuit, while following up on crimes committed with the City or while assisting another agency.

On-duty officers who discover criminal activity outside the jurisdiction of the City should when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.
100.2.3 ARREST AUTHORITY INSIDE THE JURISDICTION OF THE INDIÓ POLICE DEPARTMENT
The arrest authority within the jurisdiction of the Indio Police Department includes (Penal Code § 830.1; Penal Code § 836):

(b) When the officer has probable cause to believe the person has committed a misdemeanor in this jurisdiction and in the presence of the officer.

(c) When the officer has probable cause to believe the person has committed a public offense outside this jurisdiction, in the presence of the officer and the officer reasonably believes there is an immediate danger to person or property, or of escape.

(d) When the officer has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized or required by statute even though the offense has not been committed in the presence of the officer such as certain domestic violence offenses.

(e) In compliance with an arrest warrant.

100.2.4 TIME OF MISDEMEANOR ARRESTS
Officers shall not arrest a person for a misdemeanor between the hours of 10:00 p.m. of any day and 6:00 a.m. of the next day unless (Penal Code § 840):

   2. Misdemeanor domestic violence offenses (See the Domestic Violence Policy).

(b) The arrest is made in a public place.

(c) The arrest is made with the person in custody pursuant to another lawful arrest.

(d) The arrest is made pursuant to a warrant which, for good cause shown, directs that it may be served at any time of the day or night.

100.3 POLICY
It is the policy of the Indio Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate the abuse of law enforcement authority.

100.4 INTERSTATE PEACE OFFICER POWERS
Peace officer powers may be extended to other states:

(a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.
(b) When an officer enters an adjoining state in close or fresh pursuit of a person believed to have committed a felony (ARS § 13-3832; NRS 171.158; ORS 133.430).

The person arrested out of state must be taken without unnecessary delay before a magistrate of the county in which the arrest was made (ARS § 13-3833; NRS 171.158; ORS 133.440).

106.2 POLICY
Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that the work of law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines. It is the intent of this manual to be viewed from an objective standard, taking into consideration the sound discretion entrusted to members of this department under the circumstances reasonably available at the time of any incident.

106.2.1 DISCLAIMER
The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Indio Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Violations of any provision of any policy contained within this manual shall only form the basis for department administrative action, training or discipline. The Indio Police Department reserves the right to revise any policy content, in whole or in part.

106.3 AUTHORITY
The Chief of Police shall be considered the ultimate authority for the content and adoption of the provisions of this manual and shall ensure compliance with all applicable federal, state and local laws. The Chief of Police or the authorized designee is authorized to issue Departmental Directives, which shall modify those provisions of the manual to which they pertain. Electronic Mail

212.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the e-mail system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

212.2 EMAIL RIGHT OF PRIVACY
All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Chief. Personal advertisements are not acceptable.
Electronic Mail

It is a violation of this policy to transmit a message under another user’s name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual’s email, name and/or password by others.

212.4 EMAIL RECORD MANAGEMENT
The email system is not designed for long-term retention of messages. Emails that the employee desires to save or that becomes part of an official record should be printed and/or stored in another database. Users of email are solely responsible for the management of their mailboxes. Non-essential messages should be purged manually by the user at least once per week. All messages in excess of one month may be deleted at regular intervals from the server computer.

Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

The Custodian of Records and the Director of IT shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

(d) Paying a non-refundable renewal application fee.

Once the Chief of Police or authorized designee has verified the successful completion of the renewal process, the renewal of the license to carry a firearm will either be granted or denied. Prior issuance of a license shall not entitle any licensee to any property or liberty right to renewal.

Whether an application for renewal is approved or denied, the applicant shall be notified in writing within 90 days of the renewal application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

218.7 DEPARTMENT REPORTING AND RECORDS

Pursuant to Penal Code § 26225, the Chief of Police shall maintain a record of the following and immediately provide copies of each to the California DOJ:

(a) The denial of a license

(b) The denial of an amendment to a license

(c) The issuance of a license
(d) The amendment of a license

The Chief of Police shall annually submit to the State Attorney General the total number of licenses to carry firearms issued to reserve peace officers and judges.

218.8 CONFIDENTIAL RECORDS
The home address and telephone numbers of any peace officer, public defender, prosecutor, magistrate, court commissioner or judge contained in an application shall not be considered public record (Government Code § 6254(u)(2)).

Any information in an application for a license to carry a firearm that indicates when or where the applicant is vulnerable to attack or that concerns the applicant’s medical or psychological history or that of his/her family shall not be considered public record (Government Code § 6254(u)(1)).

   2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.

220.7 DENIAL, SUSPENSION OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD
A CCW endorsement under Penal Code § 25470 for any officer retired from this department may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety.

(a) In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.

(b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree’s last known address (Penal Code § 26315).
   1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
   2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.

(c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization and one selected jointly (Penal Code § 26320).

1. The decision of such hearing board shall be binding on the Department and the retiree.

2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped “No CCW Privilege.”

(d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.

1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).

2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.

3. The personal and written notification should be as follows:
   (a) The retiree’s CCW endorsement is immediately and temporarily suspended.
   (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
   (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

220.8 FIREARM QUALIFICATIONS
The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the
Retiree Concealed Firearms

date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS
Definitions related to this policy include:

**Deadly force** - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

**Force** - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably
appears necessary in a particular situation, with limited information and in circumstances that are
tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter,
officers are entrusted to use well-reasoned discretion in determining the appropriate use of force
in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it
would be impractical or ineffective to use any of the tools, weapons, or methods provided by the
Department. Officers may find it more effective or reasonable to improvise their response to rapidly
unfolding conditions that they are confronting. In such circumstances, the use of any improvised
device or method must nonetheless be objectively reasonable and utilized only to the degree that
reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury,
nothing in this policy requires an officer to retreat or be exposed to possible physical injury before
applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape,
or to overcome resistance. A peace officer who makes or attempts to make an arrest need not
retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part
of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to
self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome
resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal
Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether an officer has used reasonable
force, a number of factors should be taken into consideration, as time and circumstances permit
(See attachment: Graham v. Connor 490 U.S. 386 (1989).pdf). These factors include, but are
not limited to:

(a) The apparent immediacy and severity of the threat to officers or others (Penal Code
§ 835a).
(b) The conduct of the individual being confronted, as reasonably perceived by the officer
at the time.
(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level
of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The conduct of the involved officer (Penal Code § 835a).
(e) The effects of drugs or alcohol.
(f) The individual's apparent mental state or capacity (Penal Code § 835a).
(g) The individual’s apparent ability to understand and comply with officer commands (Penal Code § 835a).

(h) Proximity of weapons or dangerous improvised devices.

(i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.

(j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).

(k) Seriousness of the suspected offense or reason for contact with the individual.

(l) Training and experience of the officer.

(m) Potential for injury to officers, suspects, and others.

(n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.

(o) The risk and reasonably foreseeable consequences of escape.

(p) The apparent need for immediate control of the subject or a prompt resolution of the situation.

(q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(r) Prior contacts with the subject or awareness of any propensity for violence.

(s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.

(b) Whether the person can comply with the direction or orders of the officer.

(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD
The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:

(a) The officer shall have successfully completed department-approved training in the use and application of the carotid control hold.
Use of Force

(b) The carotid control hold may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:

1. The subject is violent or physically resisting.
2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm officers, him/herself or others.

(c) The application of a carotid control hold on the following individuals will be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:

1. Females who are known to be pregnant
2. Elderly individuals
3. Obvious juveniles
4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE
In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers shall not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted.
300.4 DEADLY FORCE APPLICATIONS
If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers should evaluate the use of other reasonably available resources and techniques when determining whether to use deadly force. The use of deadly force is only justified in the following circumstances (Penal Code § 835a):

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.

(b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE
Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.
300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.
(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of a CED or control device.
(f) Any application of a restraint device other than handcuffs, shackles or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges any of the above has occurred.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Records Supervisor or the authorized designee shall ensure that data required by the Department of Justice (DOJ) regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is collected and forwarded to the DOJ as required by Government Code § 12525.2.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).
Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.
In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY
The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 BLUE TEAM GUIDELINES
A Blue Team entry should be made by the supervisor as soon as possible, and must be created before the end of the investigating supervisor’s shift. Investigations held or assigned to a line level supervisor, will be completed within 10 calendar days from the date of the incident and forwarded to a lieutenant. The investigations should include the following items as applicable; BWC footage, interviews, photos, reports, other documents as appropriate. The lieutenant must complete his or her review within 10 calendar days from receiving the investigation from the investigating supervisor. Lieutenant then forwards the completed review to their Assistant Chief. The Assistant Chief will complete his or her review and provide a recommendation to Chief of Police.

An employee must receive an extension from their supervisor in order to exceed the 10-day timeline.

300.9 TRAINING
Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

300.10 USE OF FORCE ANALYSIS
At least annually, the Professional Standards Unit should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.
(b) Training needs recommendations.
(c) Equipment needs recommendations.
(d) Policy revision recommendations.
Use of Force Review Boards

302.1 PURPOSE AND SCOPE
This policy establishes a process for the Indio Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY
The Indio Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee’s actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Support Services Division Chief will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Chief or supervisor of the involved employee to notify the Support Services Division Chief of any incidents requiring board review. The Investigative Support Services Division Chief will ensure that all relevant reports, documents and materials are available for consideration and review by the board. At least one week prior to board convening, the assigned presenter will provide the Investigative Support Services Division Chief with a complete copy of the information that will be presented.

302.4.1 COMPOSITION OF THE BOARD
The Support Services Division Chief should select five voting Use of Force Review Board members from the following, as appropriate:
Use of Force Review Boards

- Commanding officer in the involved member’s chain of command
- Training Coordinator
- Lieutenant
- Peer officer
- A sworn member of the department, selected by the chairperson

More than five members may participate in the Use of Force Review Board, however only the five predetermined decision makers will have a vote to determine the official findings. The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson. The chairperson does not necessarily need to be a voting member of the board.

302.4.2 RESPONSIBILITIES OF THE BOARD
The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board’s review, and call persons to present information.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges or the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer’s decision regarding the use of force.

The board shall make one of the following recommended findings:

(a) The employee’s actions were within department policy and procedure.
(b) The employee’s actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be
Use of Force Review Boards

appropriate. In addition to the reviews of training and policy, the board will document any tactical concerns or considerations that were noted or the absence thereof. The board chairperson will submit the written recommendation(s) to the Chief of Police.

The Chief of Police shall review the recommendation(s), make a final determination as to whether the employee’s actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police’s final findings will be forwarded to the involved employee’s Division Chief for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.
Handcuffing and Restraints

306.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY
The Indio Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

306.3 USE OF RESTRAINTS
Only members who have successfully completed Indio Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes. Officers shall not handcuff individuals to the front unless they have a cover officer available, deem the circumstances safe and without notifying their supervisor if it is imperative to have the individual communicate with officers via sign language.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain a person who may after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee. If, during the course of an investigation, it becomes apparent the person under arrest should be released pursuant to Section 849(b)(1) or (3) of the Penal Code, the officer responsible for the investigation, or his superior officer shall complete an 849 PC certificate and provide a copy to the person detained. The officer will document the circumstances in their report. Personnel shall then turn in the detention certificate duplicate(s) to their supervisor so records personnel can process the detention certificate via scanning to ensure a digital image is saved under the respective incident
Handcuffing and Restraints

or case file number for record storage. A detention will not be extended merely to wait for a supervisor's arrival.

306.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

306.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer, or damage property.

306.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs will be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.
306.5 APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person’s vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used. These restraints include the (1) Wrap device and (2) leg shackles.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person’s behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.
306.9 TRAINING
Subject to available resources, the Police Training Specialist should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
Control Devices and Techniques

308.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Indio Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 WATCH COMMANDER RESPONSIBILITIES
The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

### 308.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin will not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

### 308.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

### 308.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

#### 308.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

#### 308.7.2 PEPPER PROJECTILE SYSTEMS
Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.
Control Devices and Techniques

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES
This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE
Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.
Control Devices and Techniques

(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject’s clothing.

(d) The subject’s proximity to others.

(e) The location of the subject.

(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device will precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck will not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.9.3 SAFETY PROCEDURES
Weapon systems specifically designated for use with kinetic energy projectiles will be readily identifiable as such.

Officers will inspect the weapon system and projectiles at the beginning of each shift to ensure that the weapon system is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the weapon system will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile weapon system, the officer shall visually
Control Devices and Techniques

inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the weapon system.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.10 TRAINING FOR CONTROL DEVICES
The Training Coordinator shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer’s training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Taser Device

309.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of Taser's.

309.2 POLICY
The Taser is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING TASER'S
Only members who have successfully completed department-approved training may be issued and carry the Taser.

Taser's are issued for use during a member’s current assignment. Those leaving a particular assignment may be required to return the device to the department’s inventory.

Officers shall only use the taser and cartridges that have been issued by the Department. Uniformed officers who have been issued the taser shall wear the device in an approved holster on their person or shall secure it in their vehicle in a location that is readily accessible. Non-uniformed officers may secure the taser in the driver’s compartment of their vehicle.

Members carrying the taser should perform a spark test on the unit prior to every shift.

When carried while in uniform officers shall carry the taser in a weak-side holster on the side opposite the duty weapon.

(a) Whenever practicable, officers should carry two or more cartridges on their person when carrying the taser.

(b) Officers shall be responsible for ensuring that their issued taser is properly maintained and in good working order.

(c) Officers should not hold both a firearm and the taser at the same time.

309.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the taser will precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the taser may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but
Taser Device

is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the taser. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the taser in the related report.

309.4.1 <STRONG>EQUIPMENT</STRONG>

(a) The air cartridges and probes used shall be tagged into evidence. Since the probes will probably have blood on them (biohazard), officers should wear latex gloves when handling them. The wires shall be wound around the cartridge. The probes shall be inverted into the portals, which they were fired from (this will prevent sharp ends from penetrating the evidence envelope). Tape should be placed over the portals to secure the probes in the cartridge.

(b) AFID (Anti-Felon Identification): Every time an air cartridge is fired, it disperses 20-30 identification tags called AFIDs. These tags are printed with the serial number of the cartridge and can be used to determine who fired the cartridge. At least three (4) AFID's will be placed inside the evidence envelope with the air cartridge. The number from the AFID's shall be logged on the use of force report.

(c) The taser shall be turned over to the taser Instructor or his/her designate for downloading of information from the device within ten (10) days of usage.

(d) The taser Instructor will retain all records and downloaded information.

309.5 USE OF THE TASER

The Taser has limitations and restrictions requiring consideration before its use. The taser should only be used when its operator can safely approach the subject within the operational range of the device. Although the taser is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 <STRONG>APPLICATION OF THE TASER</STRONG>

When a subject causes an immediate threat of harm to any person or when public safety interests dictate that a subject needs to be taken into custody and the level of resistance presented by the subject is;

(a) Likely to cause injury to the officer; or

(b) If hands-on control tactics or other force options would be likely to cause greater injury to the subject than the use of a taser

In either of the above circumstances, the force must be objectively reasonable, necessary and proportional.
309.5.2 <STRONG>SPECIAL DEPLOYMENT CONSIDERATIONS</STRONG>
The use of the taser on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the taser in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The taser shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 <STRONG>TARGETING CONSIDERATIONS</STRONG>
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the taser probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 <STRONG>MULTIPLE APPLICATIONS OF THE TASER</STRONG>
Officers should apply the taser for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the taser against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the taser appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the taser, including:

(a) Whether the probes are making proper contact.
(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one taser at a time against a single subject.

309.5.5 <STRONG>ACTIONS FOLLOWING DEPLOYMENTS</STRONG>
Officers shall notify a supervisor of all taser discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked “Biohazard” if the probes penetrated the subject’s skin.

309.5.6 <STRONG>DANGEROUS ANIMALS</STRONG>
The taser may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 <STRONG>OFF-DUTY CONSIDERATIONS</STRONG>
Officers who have met the Department standards are authorized to carry department taser’s while off-duty. The taser shall be carried concealed and in the Department issued holster at all times. Officers shall ensure that taser’s are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION
Officers shall document all taser discharges in the related arrest/crime report and the taser report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

309.6.1 <STRONG>REPORTS</STRONG>
The officer will include the following in the arrest/crime report:
(a) Identification of all personnel firing taser’s
(b) Identification of all witnesses
(c) Medical care provided to the subject
(d) Observations of the subject’s physical and physiological actions
(e) Any known or suspected drug use, intoxication or other medical problems

309.7 MEDICAL TREATMENT
Officers should remove CEW probes from a person’s body unless they are lodged in a sensitive area (e.g., groin, female breast, head, face, neck). If the probes are lodged in a sensitive area, they
should only be removed by appropriate medical personnel. Used CEW probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by taser probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The taser probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the taser.

309.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the taser may be used. A supervisor should respond to all incidents where the taser was activated.

A supervisor will review each incident where a person has been exposed to an activation of the taser. The device’s onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING
Personnel who are authorized to carry the taser shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the taser as a part of their assignment for a period of six months or more shall be recertified by a department-approved taser instructor prior to again carrying or using the device.
Proficiency training for personnel who have been issued taser's should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Sergeant. All training and proficiency for taser's will be documented in the officer's training file.

Command staff, supervisors and investigators should receive taser training as appropriate for the investigations they conduct and review.

Officers who do not carry taser's should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Sergeant is responsible for ensuring that all members who carry taser's have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of taser's during training could result in injury to personnel and should not be mandatory for certification.

The Training Sergeant should ensure that all training includes:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws to reduce the possibility of accidentally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the accidental application of probes near the head, neck, chest and groin.
(e) Handcuffing a subject during the application of the taser and transitioning to other force options.
(f) De-escalation techniques.
(g) Restraint techniques that do not impair respiration following the application of the taser.
Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

310.2 POLICY
The policy of the Indio Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner. This Department conforms to the Riverside County Law Enforcement Administrators guidelines for the investigation of officer-involved shootings and deaths. See attachment: RCLEAA Policy R-001 OIS.pdf

310.3 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect’s actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

310.4 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect’s crime occurred. For example, the Indio Police Department would control the investigation if the suspect’s crime occurred in Indio.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.
310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the employing agency’s protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency’s officer shall be referred to the Chief of Police or the authorized designee for approval.

310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.5 INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

310.5.1 UNINVOLVED OFFICER RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting, the first uninvolved IPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

310.5.2 WATCH COMMANDER RESPONSIBILITIES

All outside inquiries about the incident shall be directed to the Watch Commander.

310.5.3 NOTIFICATIONS
The following person(s) shall be notified as soon as practicable:

- Coroner (if necessary)
- Involved officer’s agency representative (if requested)

310.5.4 SUPERVISOR RESPONSIBILITIES
Upon arrival at the scene, the first uninvolved IPD supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
   (a) In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If a brief voluntary interview is conducted with an involved officer, the supervisor should utilize the approved Public Safety Statement - Officer Involved Shooting form.

(c) If necessary, the supervisor may administratively order any IPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
   1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
   2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(d) Provide all available information to the Watch Commander and the Dispatch Center. If feasible, sensitive information should be communicated over secure networks.

(e) Take command of and secure the incident scene with additional IPD members until properly relieved by another supervisor or other assigned personnel or investigator.

(f) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
   1. Each involved IPD officer should be given an administrative order not to discuss the incident with other involved officers or IPD members pending further direction from a supervisor.
Officer-Involved Shootings and Deaths

2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

310.5.5 INVOLVED OFFICERS
The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.

1. Involved IPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-IPD officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).

(d) A licensed psychotherapist shall be provided by the Department to each involved IPD officer. A licensed psychotherapist may also be provided to any other affected IPD members, upon request.

1. Interviews with a licensed psychotherapist will be considered privileged.
2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such communications. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved IPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the officer's direct supervisor to make schedule adjustments to accommodate such leave.

310.6 CRIMINAL INVESTIGATION
According to State law, the District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death. The established practice of this Department is the criminal investigation will be handled by the Riverside County Sheriff's
Officer-Involved Shootings and Deaths

Department at the request of the Chief of Police. This practice is accepted by the Riverside County District Attorney's Office, which will ultimately review the completed criminal case.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) IPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of IPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.6.1 REPORTS BY INVOLVED IPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved IPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved IPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved IPD officer of the right to consult with legal counsel prior to completing any such criminal report.
Officer-Involved Shootings and Deaths

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.6.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
   1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect’s known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

310.6.3 INVESTIGATIVE PERSONNEL
Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Major Crimes Unit or Street Crimes Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office or other outside agency and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office or other outside agency.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Major Crimes Unit or Street Crimes Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Chief and the Professional Standards Unit.
310.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of IPD officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

(a) Any officer involved in a shooting or death may be administratively compelled to provide samples of blood when objective symptoms consistent with the use of alcohol, a drug or narcotic are exhibited by the involved employee, or when there is a concern or allegation that an employee is under the influence of alcohol, a drug or narcotic. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer’s statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).

3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).

4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Lybarger or Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.8 AUDIO AND VIDEO RECORDINGS
Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney’s Office, as appropriate.

310.9 CIVIL LIABILITY RESPONSE
A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

310.10 DEBRIEFING
Following an officer-involved shooting or death, the Indio Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

310.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING
A critical incident/stress debriefing should occur as soon as practicable. The Support Services Division Chief is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.
Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn personnel). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Unit personnel.

310.10.2 TACTICAL DEBRIEFING
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

310.11 MEDIA RELATIONS
Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation and shall be approved by the Chief of Police. Releases will be available to the Watch Commander, Investigative Services Division Chief and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved IPD officer to visits by the media (Government Code § 3303(e)). No involved IPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Chief. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.12 REPORTING
If the death of an individual occurs in the Indio Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Field Services Division Chief will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).
Firearms

312.1 PURPOSE AND SCOPE
This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy only applies to those members who are authorized to carry firearms.

312.2 POLICY

The Glock Model 43 will not be provided by the Department and must be purchased, along with the appropriate ammunition, at the member’s expense.

312.3.4 PERSONALLY OWNED DUTY FIREARMS
Members desiring to carry an authorized but personally owned duty firearm must receive approval from the Department Rangemaster. Once approved, personally owned duty firearms are subject to the following restrictions:

Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

(a) The member may use his/her duty firearm or may use a personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

However, Department issued weapons will take priority. These scheduled cleaning days will be held on the first Monday and Friday of each calendar month excluding holidays between the hours of 9:00 am through 12:00 pm at the Department's Armory. Firearms

from a certified Gunsmith at the officer's expense. Weapons which are not certified by the January 1st date will not be allowed for off-duty deployment. However, officers who select to carry personally owned Glock back-up/off duty handguns (to include the patrol approved Colt, Bushmaster, or American Defense Manufacturing.223 caliber rifles and Remington 870 Police shotguns) may have their personally owned weapons inspected and maintained through the Department's Armorer. It shall be the responsibility of the officer to pay for any replacement part(s) if deemed necessary by the Department Armorer. The payment will be made in the form of a check to the City of Indio.

VII. DEPARTMENT WEAPONS USE FOR DUTY AND TRAINING

All officers using Department weapon(s) for duty use (excluding Glock issued sidearm) shall return the weapon(s) to the Department Armory at the end of shift. It shall be the responsibility of each shift supervisor or their designee to ensure that all Department weapon(s) are returned daily and to maintain a daily issuance log. The log shall contain the name of the officer, date issued and weapon number. No officer shall take a Department owned weapon home and or leave the Department owned weapon in their assigned patrol unit or car without the authorization from the Chief of Police and or his or her designee. Officers who wish to attend firearm related schools to include but not limited to Patrol Rifle Courses, Handgun Courses and Shotgun schools and do not personally own the duty approved weapon(s) system(s) needed for that specific training class / school may at the discretion of the Department be allowed to use the Department weapon(s) for training purposes. All officers shall be required to obtain prior approval from the Chief of Police, his or her designee and complete a sign out log. All officers who wish to participate in this program shall be responsible for the weapon(s).

312.5.2 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels. Personally owned firearms may be safely stored in employee lockers at the end of the shift. Department-owned handguns may be safely stored in employee lockers at the end of the shift. Department-owned rifles and shotguns shall be stored in the Department Armory. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside of buildings using a clearing barrel. Shotguns and rifles may be stored appropriately in a Department-owned vehicle parked in the secured lot at the station during the member's work week, but shall not be left in this manner if the member will not be returning to work the following day.

312.5.3 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them
Firearms

inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

312.5.4 ALCOHOL AND DRUGS
Firearms shall not be carried by any member, either on- or off-duty, who has consumed any amount of an alcoholic beverage, or has taken any drugs or medication, has taken any combination thereof that would tend to adversely affect the member’s senses or judgment.

312.5.5 STORAGE IN VEHICLES
When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle’s interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

312.6 FIREARMS TRAINING AND QUALIFICATIONS
All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

312.6.1 NON-CERTIFICATION OR NON-QUALIFICATION
If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

(a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

(b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.

(c) No range credit will be given for the following:
1. Unauthorized range make-up
2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.7 FIREARM DISCHARGE
Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Chief or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
(b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.7.1 DESTRUCTION OF ANIMALS
Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Conducted Energy Device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.7.2 INJURED ANIMALS
With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Stray or abandoned injured animals that may be moved or taken to an available veterinarian should not be euthanized. With supervisor approval, abandoned injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate
veterinarian for determination of whether they should be treated or humanely destroyed (Penal Code § 597.1).

312.7.3 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

312.8 BLUE TEAM GUIDELINES
In any instance where a firearm is discharged, a Blue Team entry should be created by the supervisor as soon as possible, and must be completed before the end of the investigating supervisor’s shift. Investigations held or assigned to a line level supervisor, will be completed within 10 calendar days from the date of the incident and forwarded to a lieutenant. The investigations should include the following items as applicable; BWC footage, interviews, photos, reports, other documents as appropriate. The lieutenant must complete his or her review within 10 calendar days from receiving the investigation from the investigating supervisor. The lieutenant then forwards the completed review to the Assistant Chief. The Assistant Chief will complete his or her review and provide a recommendation to the Chief of Police.

An employee must receive an extension from their supervisor in order to exceed the 10-day timeline.

In cases where a formal administrative investigation will be conducted by the Professional Standards Unit, the supervisor completing the initial entry will forward the completed entry to the Professional Standards Unit for further investigation. Please refer to Policy 310 Officer Involved Shootings and Deaths and Policy 1020 Personnel Complaints, regarding the investigation and routing process.

312.9 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Coordinator after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.
The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Coordinator documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Coordinator.

312.10 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Indio Police Department identification card, bearing the officer’s name, a full-face photograph, identification number, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Indio Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Indio Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer’s need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
Firearms

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearm are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

312.11 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her Indio Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor will be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.2 OFFICER RESPONSIBILITIES
It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

314.2.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle and they can articulate the public safety need to stop the eluding vehicle outweighs the inherent risk of the pursuit.
Vehicle Pursuits

Officers will not pursue solely for one or more of the following:

(a) Vehicle code infractions
(b) Civil code infractions
(c) Misdemeanors
   1. Exception: Brandishing a firearm
   2. Exception: Officer, prior to initiating the pursuit, has good cause to believe the driving ability of the suspect is so impaired they may cause death or serious injury to another person. This exception is not intended to apply to every case where a driver is suspected of driving under the influence.

(d) Property crimes

(e) The act of reckless evading alone

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

(c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety, such as having committed an occupied residential burglary or arson which presents an inherent risk of injury or death, which based upon the totality of the circumstances, could justify the pursuit).

(d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.

(f) Pursuing officer’s familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) Availability of other resources such as helicopter assistance.
Vehicle Pursuits

(I) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner, or citizen ride along, in the police vehicle.

314.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits will be discontinued by the pursuing officer or a supervisor whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors will also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) Pursued vehicle’s location is no longer definitely known.

(c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.

(d) There are hazards to uninvolved bystanders or motorists.

(e) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(f) Pursuit is terminated by a supervisor.

314.2.3 SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.
314.3 PURSUIT UNITS
Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

314.3.1 MOTORCYCLE OFFICERS
A distinctively marked patrol vehicle equipped with emergency overhead lighting shall replace a police motorcycle as primary and/or secondary pursuit unit as soon as practical.

314.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Officers in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those officers will terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.

314.3.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator’s vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify the Dispatch Center that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should
relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

314.3.4 SECONDARY UNITS RESPONSIBILITIES
The second officer in the pursuit is responsible for the following:

(a) The officer in the secondary unit will immediately notify the dispatcher of entry into the pursuit.
(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
(c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

314.3.5 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
(b) Because intersections can present increased risks, the following tactics should be considered:
   1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
   2. Pursuing units should exercise due caution when proceeding through controlled intersections.
(c) Officers will not drive left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
   3. Requesting other units to observe exits available to the suspects.
(d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.
(e) Officers involved in a pursuit will not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.
314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There will be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

314.3.7 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.8 AIRCRAFT ASSISTANCE
When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, acknowledge the pursuit on the radio and immediately begin ascertaining all reasonably available information to continuously
Vehicle Pursuits

assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that aircraft are requested if available.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Controlling and managing IPD units when a pursuit enters another jurisdiction.

(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

314.4.1 WATCH COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Watch Commander shall monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Chief.

314.5 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Dispatch Center will:

(a) Notify the Watch Commander or Field Supervisor and receive an on-air acknowledgment.

(b) Coordinate pursuit communications of the involved units and personnel.

(c) Notify and coordinate with other involved or affected agencies as practicable.

(d) Assign an incident number and log all pursuit activities.
Vehicle Pursuits

(e) Broadcast pursuit updates as well as other pertinent information as necessary.

314.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Indio Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

314.6.2 PURSUITs EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit will be responsible for conducting the pursuit. Units from this department shall not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor will consider these additional following factors:

(a) Ability to maintain the pursuit
Vehicle Pursuits

(b) Circumstances serious enough to continue the pursuit and are justified under IPD policy.

(c) Adequate staffing to continue the pursuit

(d) The public's safety within this jurisdiction

(e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Watch Commander shall review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency’s pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable.

314.7.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics will be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.
Vehicle Pursuits

**Boxing-in** - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention Technique (PIT)** - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

**Ramming** - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

**Roadblocks** - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

**Spikes or tack strips** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

314.7.3  USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers shall not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4  INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers will consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.

2. All other reasonable intervention techniques have failed or reasonably appear ineffective.

3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.

4. The target vehicle is stopped or traveling at a low speed.

5. At no time should civilian vehicles be used to deploy this technique.
(b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer’s disposal have been exhausted. This tactic will be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.
2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

(d) As with all intervention techniques, pursuing officers will obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.

(e) The use of spike strips will be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, officers and supervisors will weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and will not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public.

314.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.
Vehicle Pursuits

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspects.

314.8 REPORTING REQUIREMENTS
The following reports will be completed upon conclusion of all pursuits:

(a) The primary officer should complete appropriate crime/arrest reports.

(b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.

(c) The Watch Commander will ensure a Blue Team entry is initiated prior to the conclusion of their shift.

(d) Blue Team investigations will be completed within 10 calendar days from the date of the incident by line level supervisor and forwarded to a lieutenant or next level supervisor. The lieutenant/next level supervisor must complete their review within 10 calendar days from receiving the investigation from the investigating supervisor. The lieutenant/next level supervisor then forwards the completed review to their Assistant Chief. The Assistant Chief will complete his or her review and provide a recommendation to the Chief of Police. An employee must receive an extension from their supervisor in order to exceed the 10-day timeline.

(e) The following information should be included in the completed Blue Team entry:
   1. Date and time of pursuit
   2. Length of pursuit
   3. Involved units and officers
   4. Initial reason for pursuit
   5. Starting and termination points
   6. Disposition (arrest, citation), including arrestee information if applicable
   7. Injuries and/or property damage
   8. Medical treatment
   9. Name of supervisor at scene
   10. What supervisory control they exercised over the pursuit
   11. A preliminary determination whether the pursuit appears to be in compliance with this policy and whether additional review or follow-up is warranted

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate...
Vehicle Pursuits

no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

314.8.2 POLICY REVIEW
Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

314.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.
Officer Response to Calls

316.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS
Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Dispatch Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

316.3.1 NUMBER OF UNITS ASSIGNED
Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

316.4 INITIATING CODE 3 RESPONSE
If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify the Dispatch Center. Generally, only one unit should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, the Dispatch Center shall be
notified and the Watch Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Dispatch Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

316.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3.

The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance
(b) Immediately notify the Watch Commander
(c) Confirm the location from which the unit is responding
(d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
(f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

316.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

(a) The proper response has been initiated
(b) No more than those units reasonably necessary under the circumstances are involved in the response
(c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor’s judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor’s responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly.
Burglary Alarm Response Tactic (B.A.R.T.)

317.1 PURPOSE AND SCOPE
The former policy for alarm dispatch and response caused the inefficient use of scarce resources to the point that continuing this approach without adjustment would jeopardize public safety. The decision to implement a burglary / intrusion alarm response policy is based upon the immediate need to more efficiently use the limited resources we have in the Indio Police Department. Our situation in Indio requires that we implement an enhanced alarm response policy to be known as the Burglary Alarm Response Tactic (B.A.R.T.). It is anticipated that this policy change will cause a more rapid police response to those alarms that demand police attention, while removing thousands of false alarms from the response queues.

317.2 POLICY
Due to the high number of false burglary/property intrusion alarms, the Indio Police Department does not routinely respond unless additional information is received to corroborate the validity of the alarm. Police response is mandated whenever the alarm company, or some other source, can corroborate the alarm was tripped as the result of criminal activity or other emergency. This policy does not change the response to panic, duress, medical or robbery alarms.

317.3 DEFINITIONS
Corroborated Alarm: Means onsite corroboration by a responder to determine whether or not a police response to a property/intrusion/burglar alarm due to a crime, attempted crime, or other emergency occurring at the premises protected by an alarm is warranted. Corroboration of a crime or emergency may be done through the use of an audio and video combination system monitored by the alarm system monitoring company. Witness reports of glass breakage, suspicious persons in the area of the alarm, suspects observed entering the business/residence, or if an outside sensor activation, such as a door or window, coupled with an interior motion sensor activation, should be considered corroboration of the alarm.

There may also be any other events or circumstances that indicate the alarm may be valid which include, but are not limited to, recent criminal activity in the area and/or no history of false alarms. Examples include:

(a) Audio feedback alarms where the monitoring company has heard evidence of criminal activity.
(b) If responsible party is at the scene and requests a walk through by police officers then 2 officers will be dispatched depending on current activity levels and if we are responding to priority three calls at the time of the request.
(c) Video feedback alarm location showing evidence of possible criminal activity.
(d) Verification that a crime has occurred by a guard service that has responded to the location.
317.4 PROCEDURE
When dispatch receives a call of a burglary or intrusion alarm, the Dispatcher shall obtain as much information as possible from the alarm monitoring company.

317.4.1 COMMUNICATIONS
(a) If the information received fits the verification criteria, two officers should be dispatched to respond.
(b) If any interior motion sensor activation is received, or if outside sensor activation, such as a door or window, coupled with an interior motion sensor activation, the alarm shall be dispatched as priority 3 call and two officers should be dispatched to respond.
(c) If the information received does not fit the verification criteria, the call will be classified as a priority 3 call and dispatched as a BOLO and the dispatcher will advise the alarm company that the alarm will be broadcast only. The purpose of the BOLO for unverified alarms is to make officers aware of the activation of an alarm in their assigned beat.

317.4.2 OFFICER'S CONSIDERATIONS
(a) Officers may, at their discretion, respond to the alarm, if time permits.
(b) Officers should pay particular attention to uncorroborated alarms where the BOLO indicates that a responsible party from the business will be responding to the location and/or if the alarm is in a location that has a recent history or crimes related to theft, burglary, attempted burglary, or trespassing.
(c) Officers should consider their knowledge and history of false alarms at the location, the current patterns of burglaries in the area, and other intelligence information when considering a response to check the location of the BOLO.

317.4.3 ALARM DISPOSITIONS
(a) If the circumstances surrounding the alarm activation does not meet the criteria outlined in 317.4.1 and there is no response by an officer after approximately 15 to 30 minutes, the Dispatcher will enter a "No Officer Response" disposition to close out the call.
(b) If an Officer responding on an alarm deems the alarm to be false, the Officer advises the Dispatcher to end the call with the disposition code "False Alarm" and no report is required.
(c) If the call is a verified crime then Dispatch will enter the call under the type of crime, i.e. 459 PC, 594 PC.
(d) If an outside party calls in an alarm which does not meet the B.A.R.T. protocol, then Dispatch will enter the call as a BOLO (Code 60 alarm).

317.5 FALSELY REPORTING AN ALARM
The Indio Police Department will file charges with the Riverside County District Attorney's Office against any alarm or monitoring company who falsely reports a burglary alarm as a panic, duress,
Burglary Alarm Response Tactic (B.A.R.T.)

robbery alarm or interior motion for the sole purpose of circumventing our B.A.R.T. policy, in violation of section 148.3 of the California Penal Code.
Canines

318.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

318.2 POLICY
It is the policy of the Indio Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

318.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Field Services Division to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

318.4 CANINE SERGEANT
The Canine Sergeant shall be appointed by and directly responsible to the Field Services Division Commander or the authorized designee.

The responsibilities of the Canine Sergeant include, but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
(b) Maintaining a liaison with the vendor kennel.
(c) Maintaining a liaison with command staff and functional supervisors.
(d) Maintaining a liaison with other agency canine coordinators.
(e) Maintaining accurate records to document canine activities.
(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
(g) Scheduling all canine-related activities.
(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

318.5 REQUESTS FOR CANINE TEAMS
Field Services Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Field Services Division shall be reviewed by the Watch Commander.
318.5.1 OUTSIDE AGENCY REQUEST
All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.
(b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
(c) Calling out off-duty canine teams is discouraged.
(d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
(e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

318.5.2 PUBLIC DEMONSTRATIONS
All public requests for a canine team shall be reviewed and, if appropriate, approved by the Canine Sergeant prior to making any resource commitment. The Canine Sergeant is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the Canine Sergeant.

318.6 APPREHENSION GUIDELINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such canine use should
be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

318.6.1 PREPARATION FOR DEPLOYMENT
Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

(a) The nature and seriousness of the suspected offense.
(b) Whether violence or weapons were used or are anticipated.
(c) The degree of resistance or threatened resistance, if any, the suspect has shown.
(d) The suspect’s known or perceived age.
(e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
(f) Any potential danger to the public and/or other officers at the scene if the canine is released.
(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler’s responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

318.6.2 WARNINGS AND ANNOUNCEMENTS
Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.
Canines

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

318.6.3 REPORTING DEPLOYMENTS, BITES AND INJURIES
Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The canine handler will document their use of force on approved bite report forms. The Canine Sergeant will be responsible for completing a Blue Team entry within 5 days of the deployment incident. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

318.7 NON-APPREHENSION GUIDELINES
Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine’s suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

(a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

318.7.1 ARTICLE DETECTION
A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

318.7.2 NARCOTICS DETECTION
A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags, and other articles.
(b) Assisting in the search for narcotics during a search warrant service.
(c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

318.7.3 BOMB/EXPLOSIVE DETECTION
Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

(a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
(b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
(c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
(d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

318.8 HANDLER SELECTION
The minimum qualifications for the assignment of canine handler include:

(a) An officer who is currently off probation.
Canines

(b) Residing in an adequately fenced, single-family residence (minimum 5-foot high fence with locking gates).
(c) A garage or off street parking location that can accommodate a canine vehicle.
(d) Living within 60 minutes travel time from the Indio City limits.
(e) Agreeing to be assigned to the position for a minimum of five years or the service life of the dog.

318.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
(b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
(c) When not in service, the handler shall maintain the canine vehicle in accordance with IPD Vehicle Use Policy 706.
(d) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
(e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
(f) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler’s home, the kennel gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler. The canine may reside in a crate inside the handler’s residence when weather conditions do not allow for the canine to be kenneled outdoors.
(g) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.
(h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.
(i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.
(j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall
Canines

give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

318.9.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.
(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

318.10 HANDLER COMPENSATION
The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

318.11 CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the Canine Sergeant or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler’s personnel file.

318.12 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The Canine Sergeant shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training should be conducted while on-duty unless otherwise approved by the Canine Sergeant or Watch Commander.
318.12.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current POST, CNCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Indio Police Department canine training provider.
(b) Canine handlers are encouraged to engage in additional training with approval of the Canine Sergeant.
(c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

318.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING
Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

318.12.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler's and the canine's training file.

318.12.4 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Indio Police Department may work with outside trainers with the applicable licenses or permits.

318.12.5 CONTROLLED SUBSTANCE TRAINING AIDS
Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Indio Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.
318.12.6  CONTROLLED SUBSTANCE PROCEDURES
Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine’s accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

(a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

(d) All controlled substance training samples will be inspected, weighed and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the Canine Sergeant with a copy forwarded to the dispensing agency.

(e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler’s assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The Canine Sergeant shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

(g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.

(h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

318.12.7  EXPLOSIVE TRAINING AIDS
Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

(a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.

(b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.

(c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.

(d) Only members of the canine team shall have access to the explosive training aids storage facility.
Canines

(e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

(f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).
Domestic Violence

320.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence. In addition, this policy shall establish procedures to be followed by law enforcement officers in response to domestic violence calls, to include when the subject is a police agency employee.

320.1.1 DEFINITIONS
Definitions related to this policy include:

1. Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

2. Domestic Violence: Abusive behavior in any relationship, as defined by law, that is used to gain or maintain power and control over an intimate partner or family or household member.

3. Intimate Partners or Family or Household Members: Persons who are married, were formerly married, in a domestic partnership, or are or were in a romantic or dating relationship; have a child in common; have been intimately involved in some way.

4. Predominant Aggressor: The individual who poses the most serious, ongoing threat, who might not necessarily be the initial aggressor in a specific incident.

5. Preferred Arrest Response: Law enforcement officers are expected to arrest any person who commits a crime related to domestic violence as defined by law, unless there is a clear and compelling reason not to arrest, such as self defense or lack of probable cause, after a comprehensive investigation to identify the predominant aggressor.

320.2 POLICY
The Indio Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede
Domestic Violence

the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS
The following guidelines shall be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries shall be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Major Crimes Unit or Street Crimes Unit investigating officer the following day in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
Domestic Violence

2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

(k) If the suspect is no longer at the scene, officers shall make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

320.4.1

Investigating Officers shall;

1. Avoid parking law enforcement vehicles in front of the residence or other site of the disturbance when possible.

2. When initially approaching the scene, indicate that they are responding to a call for service, without revealing the name of the caller or the caller’s whereabouts.

3. Request entry into the residence as a courtesy as it is a private residence. A warrantless entry is permissible if there is an objectively reasonable basis to believe that the safety of an occupant may be in jeopardy.

4. Make contact with all individuals present, including potential witnesses, victims, or perpetrator(s); separate all parties, keeping all individuals out of sight and hearing range of one another as safety permits.

5. Restrain and remove the suspect if necessary.

6. Assess for physical injuries, including inquiry about strangulation or possible internal, nonvisible injuries, and sexual violence; administer first aid; and request medical services as necessary.

7. Summon emergency medical services at the request of the victim or suspect, or if it appears that strangulation has occurred.

8. Inquire about weapons in the area or access to weapons; identify and take temporary custody of firearms or weapons in plain sight.
9. Determine whether there are any potential language barriers and request an interpreter where necessary.

10. Offer to contact a local advocate to provide support to the victim as available and provide a list of current contact information for local domestic violence victim advocacy organization.

11. Inform the victim in advance of actions to be taken.

12. Conduct victim interviews in a location away from others at the scene.

13. Take photographs of the victim and suspect whether or not there are any visible injuries.

14. Take photographs of injuries to all parties, including any healing or old injuries.

15. Collect evidence to establish the facts of the crime.

16. Check for the existence of a protection order or similar court orders through communications personnel or by whatever means available. If one is said to exist, ask the victim if they possess a copy. If not, verify the order through other means.

17. Obtain a comprehensive account of the events from all parties. Whenever reasonable and practical, interviews shall be recorded. However, if the victim or witness indicates that they do not wish to be recorded, this should be documented in the officer’s report and the recording should stop if permitted by policy and law.

18. Interview children at the scene in a manner appropriate to their age. Document any signs of trauma and any apparent wounds or healing of wounds on the children and take appropriate action, in accordance with law, to prevent imminent harm to the children, such as notifying child protective services.

19. Assess for and document all actual and suspected incidents of violence, including physical and sexual abuse, elder or child abuse, property damage, and animal cruelty.

320.4.2

OFFICERS SHALL NOT DO THE FOLLOWING:

1. Make any statement that would discourage a victim from reporting an act of domestic violence.

2. Threaten, suggest, or otherwise indicate the possible arrest of all parties to discourage future requests for intervention by law enforcement personnel.

3. Avoid taking action or writing a documentation report because the victim stated prosecution was not desired.

320.4.3

The on duty Supervisor should do the following:
Domestic Violence

1. Respond to assist officers investigating incidents of domestic violence when requested by an officer or whenever the incident appears to involve a law enforcement officer, prominent community member, or public official.

2. If responding, supervise the on-scene investigation, if not already completed, to ensure that appropriate action is taken.

3. Review all domestic violence reports for accuracy and consistency.

4. Assess for co-occurring and interconnected crimes when responding to domestic violence, to include but not be limited to stalking, sexual violence, strangulation, firearms prohibitions, protection order violations, intimidation and threats, and abuse of children, elders, and animals to ensure appropriate criminal charges are documented and filed in criminal complaints.

320.4.4
Domestic Violence by police agency personnel:

- In cases where one (or more) party of a reported domestic violence incident is a law enforcement employee, responding officers shall follow standard domestic violence procedures as outlined in this policy, regardless of jurisdiction.
- In addition, the following procedures shall be followed:
  1. When communications personnel receive a call that involves or appears to involve a law enforcement employee, they shall immediately notify a dispatch supervisor, regardless of the involved individual’s jurisdiction, and
  2. notify responding officers that the call involves a law enforcement officer.
  3. If previously unaware that the call for service involves a law enforcement employee, responding officer(s) shall immediately notify communications personnel and request that a watch commander report to the scene, regardless of the involved officer’s jurisdiction.
  4. The on-scene supervisor shall notify the Field Services Division Chief.
  5. In the event that the reported incident involves the chief executive of a law enforcement agency, the appropriate prosecutors and the individual with direct oversight of the accused individual shall be notified.
  6. All notifications and attempts to notify shall be fully documented.
  7. Arrest warrants charging law enforcement officers with domestic violence and protective orders issued at a later time shall be served by no fewer than two officers with at least one being of senior rank to the officer being served.
  8. In cases where an accused officer is arrested and firearms have not previously been seized, firearms shall be seized with an appropriate court order.
  9. A supervisor shall relieve the accused officer of all service weapons regardless of whether the officer is a member of the responding agency.
10. If the accused officer is a member of an agency in another jurisdiction, the service weapon shall be relinquished to officials at that agency.

11. The agency policy regarding administrative investigations of alleged misconduct shall be followed.

320.4.5 IF A SUSPECT IS ARRESTED
(a) If a suspect is arrested, officers should:
(b) Advise the victim that there is no guarantee the suspect will remain in custody.
(c) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
(d) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.6 IF NO ARREST IS MADE
If no arrest is made, the officer should:
(a) Advise the parties of any options, including but not limited to:
1. Voluntary separation of parties.
2. Appropriate resource referrals (e.g. counselors, friends, relatives, shelter homes, victim witness unit).
(b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:
(a) Recognize that a victim's behavior and actions may be affected.
(b) Provide the victim with the department’s domestic violence information handout, even if the incident may not rise to the level of a crime.
(c) Alert the victim to any available victim advocates, shelters and community resources.
(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
(h) Seek or assist the victim in obtaining an emergency order if appropriate.
Domestic Violence

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

320.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

When a caller reports a domestic violence incident, communications personnel should follow standard agency protocols. In addition, communications personnel shall do the following:

1. Dispatch a minimum of two officers whenever possible.
2. Assign a priority response whether or not the suspect is known to be on the premises.
3. Document the call and action taken for the call, including those that involve or appear to involve a law enforcement officer.
4. Attempt to elicit any and all information from the caller that may help the responding and investigating officer(s) assess the situation, including the following:
   a. The immediate safety of the caller and those at the scene
   b. Other persons involved or witnesses at the scene, including children
   c. The suspect’s relationship to the victim
   d. Whether law enforcement has been called before because of this suspect and the number of times
   e. Previous history of domestic violence
   f. Presence of firearms or other weapons
5. Ascertain if either the suspect or victim has any outstanding warrants or is on probation or parole.
6. Determine whether there is a valid protection order against the suspect or whether there have been orders in the past.
7. Whenever possible and when it will not jeopardize the individual’s safety, keep the caller on the line in order to relay ongoing information to the responding officer(s). An alternative may be to ask the caller to place the phone down but leave the line open if possible and safe to do so.
8. If a caller requests that law enforcement response be cancelled, advise the responding officer(s) of the second call. Officers should continue to respond, investigate, and assess the situation to ensure that all parties are safe.
320.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

320.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
   1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.
   1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.9 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

320.9.1 STANDARDS FOR ARRESTS
Officers investigating a domestic violence report should consider the following:
Domestic Violence

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).

(b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person’s arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person’s arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person’s arrests (Penal Code § 836(b)).

(c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender’s child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer’s presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).
320.9.2 COURT ORDERS

(a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person’s parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

320.9.3 PUBLIC ACCESS TO POLICY
A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

320.9.4 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.

(b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.

(c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).
Domestic Violence

320.9.5 RECORD-KEEPING AND DATA COLLECTION
This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

320.9.5(a) Collaboration and Training
1. This agency will establish or maintain ongoing partnerships with local community stakeholders to include:
   
   (a) victim -witness services
   
   (b) Shelter from the Storm
   
   (c) Riverside County District Attorney’s office and
   
   (d) any additional victim advocacy organizations to develop a holistic approach to responding to victims of domestic violence and ensure they are notified of all available resources.

2. The training division supervisor or their designee shall ensure that patrol personnel shall receive comprehensive mandatory instruction on this policy in addition to ongoing briefing training from (a) victim -witness services, (b) shelter from the storm, (c) Riverside County District Attorney’s office and (d) any additional victim advocacy organizations an annual basis.

320.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE
Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee’s appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).
Search and Seizure

322.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Indio Police Department personnel to consider when dealing with search and seizure issues.

322.2 POLICY
It is the policy of the Indio Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances
- Parole / Probation compliance 4th amendment waiver

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.
Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

322.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity, respect and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search unless there is an imminent and legitimate officer safety concern. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search and you should record the search with your body worn camera.

2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION
Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer
- If the search was recorded with a body worn camera
Search and Seizure

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

322.5 (a) TRAINING

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Indio Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

324.2 POLICY
The Indio Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Indio Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit any of the following conditions should not be held at the Indio Police Department:

(a) Unconscious
(b) Seriously injured
(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Indio Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).
Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

324.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

324.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

324.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the Indio Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Indio Police Department without authorization of the arresting officer’s supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Indio Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Indio Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to
The station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Indio Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.
(b) Released to a parent or other responsible adult after processing at the Department.
(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
(d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

324.4.4 TRANSPORTING A JUVENILE

(a) JUVENILE HALL - Arresting officers are responsible for transporting juveniles to juvenile hall, non-secure facilities, or foster homes.
(b) Probation is responsible for issuing citations to juveniles taken to and released at Juvenile Hall to their family.
(c) NON-SECURE FACILITY ("SAFEHOUSE") OR FOSTER HOME - When practicable, transportation to a non-secure facility ("SAFEHOUSE") or foster home shall be provided by the arresting officer.
Temporary Custody of Juveniles

324.4.5 INVESTIGATION OF STUDENT AT SCHOOL

If an investigation involves the questioning or detention of a student under 18 years of age on school premises during school hours, the officer shall notify the Assigned School Resource Officer if there is one assigned, or Principal, Vice Principal or designee.

324.4.6 INTERVIEWS AT SCHOOL

During school hours and on school premises, officers have the legal right to interview suspects and witnesses who are students. Officers shall notify school officials of their intent prior to contacting the student. School officials are not required to be present.

324.4.7 ARRESTS AT SCHOOL

Whenever possible, school officials should be consulted before an arrest is made. Parental consent is not a prerequisite to arresting or questioning a minor, or removing him/her from school so as to accomplish these ends. The parents or guardians shall be notified of the arrest as soon as practicable.

324.5 ADVISEMENTS

Officers shall take immediate steps to notify the juvenile’s parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the *Miranda* rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

324.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

---
Temporary Custody of Juveniles

(a) Identifying information about the juvenile.
(b) Date and time of arrival and release from the Indio Police Department (15 CCR 1150).
(c) Watch Commander notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.

(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

324.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Indio Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

324.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Indio Police Department shall ensure the following:

(a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Indio Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Indio Police Department more than six hours.
(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
(c) Personal safety checks and significant incidents/activities shall be noted on the log.
Temporary Custody of Juveniles

(d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles shall have privacy during family, guardian and/or lawyer visits (15 CCR 1143).

(j) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k) Blankets shall be provided as reasonably necessary (15 CCR 1143).

(l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.

(n) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse (15 CCR 1142).

324.9 USE OF RESTRAI NT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Indio Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).
Temporary Custody of Juveniles

324.10 PERSONAL PROPERTY
The officer taking custody of a juvenile offender or status offender at the Indio Police Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Indio Police Department.

324.11 SECURE CUSTODY
Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity, and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
(e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).
Temporary Custody of Juveniles

324.11.1 LOCKED ENCLOSURES
A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
(b) Juveniles shall have constant auditory access to department members (15 CCR 1147).
(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).
(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
   1. All safety checks shall be logged.
   2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
   3. Requests or concerns of the juvenile should be logged.
(e) Males and females shall not be placed in the same locked room (15 CCR 1147).
(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

324.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE
The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Indio Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police, and Investigative Services Division Supervisor.
(b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
(c) Notification of the appropriate prosecutor.
(d) Notification of the City attorney.
(e) Notification to the coroner.
(f) Notification of the juvenile court.
(g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to
the Board of State and Community Corrections within the same time frame (15 CCR 1046).

(h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.

(i) Evidence preservation.

### 324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

(a) Information is necessary to protect life or property from an imminent threat.

(b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

### 324.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
Temporary Custody of Juveniles

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

324.14 FORMAL BOOKING
No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Major Crimes Unit or Street Crimes Unit supervisor, giving due consideration to the following:

(a) The gravity of the offense
(b) The past record of the offender
(c) The age of the offender

324.15 RELEASE OF INFORMATION CONCERNING JUVENILES
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Indio Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the appropriate Major Crimes Unit or Street Crimes Unit supervisors to ensure that personnel of those bureaus act within legal guidelines.

324.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION
The Field Services Division Chief shall coordinate the procedures related to the custody of juveniles held at the Indio Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).
Temporary Custody of Juveniles

324.17 RELIGIOUS ACCOMMODATION
Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):

1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.

4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

(c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.

1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

(j) When the Department receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Major Crimes Unit or Street Crimes Unit supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

326.5.1 NOTIFICATION PROCEDURE
Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

326.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

326.7 INITIAL OFFICER RESPONSIBILITY

(a) Personnel investigating cases involving the abuse of elder or dependent adults will handle the case in one of the following ways:
If all elements of a crime are clearly established, an arrest will be made and a crime report will be filed.

If at the end of an investigation, there is not a clear criminal violation, a documentation report setting out the circumstances and the persons involved will be completed. The report will be forwarded to investigations for review.

(b) Investigations will coordinate all active investigations involving the abuse of elder or dependent adults.

(c) Investigations will coordinate and refer cases to the below listed agencies as required by Chapter 11 of the Welfare and Institutions Code.

326.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the
victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.7.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

326.8 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

(a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Major Crimes Unit or Street Crimes Unit supervisor so an interagency response can begin.
326.9.2 SUPERVISOR RESPONSIBILITIES
The Major Crimes Unit or Street Crimes Unit supervisor should:

(a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Major Crimes Unit or Street Crimes Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

326.10 TRAINING
The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.

(d) Availability of specialized forensic medical exams.

(b) Retaining the original adult abuse report with the initial case file.

326.12 JURISDICTION

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and

Discriminatory Harassment

328.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY
The Indio Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS
Definitions related to this policy include:

328.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.
Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person’s sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Director of Human Resources and Risk Management or the City Manager.
Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of each supervisor and manager shall include, but are not limited to:

(a) Continually monitoring the work environment and strive to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
(c) Ensuring that their subordinates understand their responsibilities under this policy.
(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
(e) Making a timely determination regarding the substance of any allegation based upon all available facts.
(f) Notifying the Chief of Police or Director of Human Resources and Risk Management in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR’S ROLE
Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

328.4.3 QUESTIONS OR CLARIFICATION
Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Director of Human Resources and Risk Management, the City Manager, or the California Department of Fair
Discriminatory Harassment

Employment and Housing (DFEH) for further information, direction, or clarification (Government Code § 12950).

328.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

328.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Director of Human Resources and Risk Management or the City Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.
328.6 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Manager or the Director of Human Resources and Risk Management, depending on the ranks of the involved parties.
- Maintained in accordance with the department’s established records retention schedule.

328.6.1 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

328.7 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions. This should include training concerning the nature of unprofessional conduct, bullying, harassment, and discrimination in the workplace and prohibitions on such actions defined in the policy. Training should be tailored to specific sections within the agency, recognizing that middle- and first-line supervisors are of particular importance in preventing, identifying, and responding effectively to unprofessional conduct, bullying, harassment, and discrimination.

328.7.1 STATE-REQUIRED TRAINING
The Training Coordinator should ensure that employees receive the required state training and education regarding sexual harassment, prevention of abusive conduct, and harassment based on gender identity, gender expression, and sexual orientation as follows (Government Code § 12950.1; 2 CCR 11024):

(a) Supervisory employees shall receive two hours of classroom or other effective interactive training and education within six months of assuming a supervisory position.

(b) All other employees shall receive one hour of classroom or other effective interactive training and education within six months of their employment or sooner for seasonal or temporary employees as described in Government Code § 12950.1.

(c) All employees shall receive refresher training every two years thereafter.

If the required training is to be provided by DFEH online training courses, the Training Coordinator should ensure that employees are provided the link or website address to the training course (Government Code § 12950).
Discriminatory Harassment

328.7.2 TRAINING RECORDS
The Human resources department shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11024).

328.8 WORKING CONDITIONS
The Support Services Division Chief or the authorized designee should be responsible for reviewing facility design and working conditions for discriminatory practices. This person should collaborate with other City employees who are similarly tasked (2 CCR 11034).

328.9 REQUIRED POSTERS
The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).
Child Abuse

330.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Indio Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

330.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

330.2 POLICY
The Indio Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

330.3 MANDATORY NOTIFICATION
The child protection agency shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child’s welfare, or

(b) A person responsible for the child’s welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney’s office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1);
neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

330.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

330.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

330.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.
(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.5.1 EXTRA JURISDICTIONAL REPORTS
If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

330.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.
Child Abuse

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:

1. The child has an immediate need for medical care.
2. The child is in immediate danger of physical or sexual abuse.
3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child’s health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:

1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
2. There is no lawful custodian available to take custody of the child.
3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

330.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

330.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.
Child Abuse

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

330.7.3 INTERVIEWS AT A SCHOOL
Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member’s presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

330.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a
medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.9 DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES
The Major Crimes Unit or Street Crimes Unit supervisor should:

(a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Major Crimes Unit or Street Crimes Unit supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

330.9.2 OFFICER RESPONSIBILITIES

(a) Officers shall become familiar with Sections 300, 305, and 625 of the Welfare and Institutions Code and Sections 273a(a)(1), 273a(b), 273d(a), 11166, and 11169 of the Penal Code.

(b) Section 305 of the W&I Code gives Law Enforcement the authority to take into temporary custody any child who comes within Sections 300(a), 300(b), 300(c), 300(e), 300(f), 300(g), 300(i), 300(j), and 300(k) of the W&I Code, and section 279 of the Penal Code as it relates to child custody/visitation. Officers should assist CPS case workers when circumstances deem it necessary for CPS case workers to remove a child or children from a home.

(c) Sections 11166 and 11169 of the Penal Code relate to reporting child abuse or suspected child abuse to the Department of Justice, District Attorney's Office, and Child Protective Services.

(d) It shall be each officer's responsibility to act on any 11166 PC report received.

(e) All cases of suspected or actual child abuse/neglect shall be documented on a crime report. If the evidence or elements of the crime are not present, the investigation conducted shall be documented in an informational report.
Child Abuse

(f) Crime reports on actual or suspected child sexual abuse cases shall be referred to MCU / SCU for further investigation.

(g) The initial investigating patrol officer shall ensure compliance with the mandates under Section 11166 of the Penal Code (CPS cross reporting).

(h) An investigation of the crime scene will be conducted immediately and thoroughly to prevent the crime scene from being altered if it is determined an investigation is required.

(i) A decision to remove a child from the home will be based upon the welfare of the child. It may also include removing siblings based on the investigative findings and welfare of the children. This shall be determined by CPS case workers and officers shall assist CPS case workers when doing so.

(j) The R/P must be interviewed in detail to figure out why the victim disclosed the allegations at that particular time.

(k) If the R/P provides sufficient information indicating a crime occurred and the child is 13 years and under, a forensic interview is needed. If the victim is 14 years and older a basic interview to confirm the crime occurred may be done. The interview "shall be" recorded.

(l) When receiving a CPS fax report, a patrol officer must conduct a preliminary investigation to confirm a crime occurred. Based on the information gathered, the case may be sent to MCU/SCU for follow up investigation if the investigation cannot be resolved at the patrol level.

(m) Determine if a SART exam or CAN exam (Child abuse and neglect forensic exam) is needed. If needed contact CPS to assist with immediate cases, or make arrangements with parent to take victim to the exam, after the officer contacts the examiner for scheduling.

(n) The following items will be considered when investigating a child abuse or child neglect case:

1. Age of Victim.
2. General health of the child. Does the health of the child indicate neglect?
3. Location of the injury.

   b. This includes the intentional failure to provide adequate food, clothing, shelter, or medical care.

   a. Negligent failure of a parent/caretaker to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred.

14. The investigating officer will obtain a verbal account of the injuries from the doctor who examines the child. This information will be stated in the crime report.

15. Parents/guardians are to sign the "Authorization to Release or Receive Medical Information" form. Indio Police Department personnel can sign the release if no parent or guardian is available.

16. The Medical Report/Suspected Child abuse form, Section I - General Information should be filled out by the investigating detective (DOJ 900).

17. Determine where victim current doctors are located, for medical history.

18. Record interviews with BWC.

330.9.3 PERSONS WHO SHOULD BE INTERVIEWED DURING INVESTIGATION

- Reporting Party.

(b) Limiting the number of interviewers and the number of times a child is interviewed.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

330.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).
330.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)
Any person whose name has been forwarded to the California Department of Justice (DOJ) for
placement in California’s CACI, as a result of an investigation, may request that his/her name
be removed from the CACI list. Requests shall not qualify for consideration if there is an active
case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal
Code § 11169). All requests for removal shall be submitted in writing by the requesting person
and promptly routed to the CACI hearing officer.

330.10.3 CACI HEARING OFFICER
The Major Crimes Unit or Street Crimes Unit supervisor will normally serve as the hearing officer
but must not be actively connected with the case that resulted in the person’s name being
submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall
promptly schedule a hearing to take place during normal business hours and provide written
notification of the time and place of the hearing to the requesting party.

330.10.4 CACI HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will
be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of
innocence) as to why his/her name should be removed. The person requesting the hearing may
record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence
submitted by the person requesting the hearing, any relevant information including, but not limited
to, the following:

(a) Case reports including any supplemental reports
(b) Statements by investigators
(c) Statements from representatives of the District Attorney’s Office
(d) Statements by representatives of a child protective agency who may be familiar with

After considering all information presented, the hearing officer shall make a determination as to
whether the requesting party’s name should be removed from the CACI list. Such determination
shall be based on a finding that the allegations in the investigation are not substantiated (Penal
Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not
substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the
person’s name be removed from the CACI list. A copy of the hearing results and the request for
removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.
Child Abuse

330.10.5 CHILD DEATH REVIEW TEAM
This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

332.2 POLICY
The Indio Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Indio Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

332.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

332.5 INITIAL INVESTIGATION
Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

(a) Respond to a dispatched call for service as soon as practicable.
(b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
(c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
(d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
(e) Ensure that entries are made into the appropriate missing person networks as follows:
   1. Immediately, when the missing person is at risk.

(h) When circumstances permit and if appropriate, attempt to determine the missing person’s location through his/her telecommunications carrier.

(i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

332.6 REPORT PROCEDURES AND ROUTING
Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

332.6(a ) RESPONDING OFFICER RESPONSIBILITIES
1. Obtain description of the subject and a recent photograph.

2. Details of any physical or emotional problems identified.

3. Identity of the last person(s) to have seen the subject as well as friends, relatives, coworkers, or associates who were or may have been in contact with the subject prior to disappearance.

10. Contact hospitals and the coroner’s office as appropriate for injured or deceased persons fitting the description of the missing person.

11. Thoroughly check the location at which the missing person was last seen and conduct interviews as appropriate with persons who were with the individual or who may work in or frequent the area.

12. Conduct interviews with any additional family, friends, work associates, schoolmates and teachers as well as school counselors and social case workers, as appropriate, to explore the potential for foul play, voluntary flight, or, in the case of juveniles, parental kidnapping or running away.

13. Complete a DOJ missing person checklist form and an APR.

Provide the APR to dispatch for dissemination along with a copy of the DOJ missing person check list.

14. Complete the missing person report and submit to investigations for any potential follow up investigation.

15. Advise supervisor of any facts related to case prior to end of shift.

332.6.1 PATROL SUPERVISOR RESPONSIBILITIES

The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors.

340.2 POLICY
The continued employment or appointment of every member of the Indio Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

340.3 DIRECTIVES AND ORDERS
Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

340.3.1 UNLAWFUL OR CONFLICTING ORDERS
Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Indio Police Department’s website. Information on sex registrants placed on the Indio Police Department’s website shall comply with the requirements of Penal Code § 290.46.

The Records Supervisor may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

(f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Advanced Officer Training - Release Time

358.1 PURPOSE AND SCOPE

This will allow our personnel to provide the highest level of service to our community and satisfy the requirements set forth by the California Commission on Peace Officer Standards and Training.

The Department is also committed to providing opportunities for its personnel to explore and take advantage of career enhancement training and academic courses which will benefit their promotion and career objectives. The following policy will set forth the Department's position on mandated training and self-development training.

The department will pay for all associated costs with department sponsored training.

**Non-Department Sponsored Training** - Any law enforcement/job related training that an employee elects to attend. Employees are encouraged to attend training that promotes career development and enhancement. Employees can attend non-department-sponsored training on regularly scheduled days off, on release time (if approved) or may elect to take vacation / compensatory leave.

**Release Time** - Approved and authorized time off to attend advanced officer training that has been pre-approved. Employees will be considered on-duty assigned to a work site other than their regular work site. The employee shall be responsible for all costs incurred while attending training on "release time".

358.2 POLICY - STATE MANDATED TRAINING

(a) The Department retains the right to assign any member of the department to state mandated training.

(b) It shall be the policy of the department to pay the necessary per diem, hotel, meals, travel, and registration expenses directly related to any mandatory training that a member of the department is assigned to.

(d) Copies of workshop attendance or training certificates must be turned in to the Training Sergeant within ten (10) working days after returning from the class.

(e) Failure to comply with any of the provisions of this policy may lead to disciplinary procedures and demand for immediate re-payment from the employee of any funds advanced to the employee for tuition and/or expenses.

358.3 POLICY - NON-MANDATED DEPARTMENT SPONSORED TRAINING

Employees requesting authorization to attend non-mandated training courses or workshops should submit their requests in writing on the department approved request form. These requests shall be forwarded to the Chief of Police or his/her designee via the chain of command at least forty five (45) days prior to the date the course is scheduled to begin to allow sufficient time to complete the logistics associated with accommodating the training.

(a) The supervisor will review all requests for personnel under his/her command prior to the request being forwarded up the chain of command to the Division Chief for review.

358.5 PROCEDURE
A. The employee shall complete and submit an Advanced Training Release Time Request Form to his/her immediate supervisor for review and approval by the supervisor. The course outline and/or flyer must accompany the request form or the request will be automatically denied. The request form should be submitted to the supervisor not less than forty five (45) working days prior to the scheduled starting date of the course.

B. If the employee’s supervisor approves the class subject matter and the employee’s absence will not result in deficient staffing levels, the supervisor shall sign the form and forward it to the Division Chief for review via the chain of command. It is ultimately the responsibility of the employee’s supervisor to ensure vital services are not interrupted in any way by approval of the employee’s request. Supervisors shall not backfill the employee’s shift. Supervisors approving release time for an officer to attend advanced officer training may only do so if he/she can spare the manpower on the assigned shift.

C. The Division Chief will review all requests for personnel under his/her command. The Division Chief will review the request for relevancy in relation to the Department’s mission statement, goals and objectives, as well as the employee’s personal/professional development and either approve or deny the request prior to the request being forwarded to the Chief of Police or his/her designee.

D. The Chief of Police or his/her designee will review the request and either approve or deny it based on the criteria stated in 358.5C. The Chief or designee will then forward the request form back to the requesting employee along with copies to his/her immediate supervisor, the Training Sergeant and the employee’s division file.

E. If approved, the employee shall attend the class in lieu of his/her normal workday. The class must be attended on a normally assigned workday to be considered for release time. Any attendance to a class on a day off is not compensable in any form.

G. The employee shall complete and turn in an Advanced Officer Training Shared Information Form to the Training Sergeant within fourteen (14) working days of completion of the course. The form shall be completed by the employee and signed by the employee’s supervisor. The completed Advanced Officer Training Shared Information form shall be forwarded to the Training Sergeant for filing after the employee has shared the information with his/her shift.
Advanced Officer Training - Release Time

H. The Training Sergeant shall track and record all training release time used. The training corporal shall file a quarterly report with the Chief of Police documenting each employee's use of training release time.
Death Investigation

359.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough. The purpose of this policy is to provide initial responding officers with guidelines for conducting preliminary investigations of deceased persons.

359.1.1 POLICY
Reported deaths of persons, other than those under the immediate care of a physician at a hospital or similar health care facility, shall be responded to by officers of this department for investigation and for purposes of providing basic assistance to survivors. It is the responsibility of responding officers in cooperation with homicide investigators, emergency medical responders, physicians, and the medical examiner to establish the manner of death whether naturally, by accident, suicide, homicide, or unknown causes.

In so doing, officers shall approach the investigation of any death that is not attended by a physician in a health care setting as a potential homicide, regardless of how it is reported, and shall follow procedures as detailed in this policy to assist in determining the cause and manner of death.

359.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations. When responding to death cases officers shall, based on the circumstances, perform the following:

(a) Identify and arrest any perpetrator(s) if present.
(b) Ensure officer safety and the safety of others by safeguarding any weapons at the scene.
(c) Administer emergency first aid if necessary and/or summon emergency medical personnel.
(d) Death can only be determined in an official capacity by a physician. However, in cases involving unmistakable evidence of death (e.g., the presence of lividity or rigor mortis), emergency medical personnel need not be summoned.
(e) If the officer determines that the person is dead, the factors surrounding that determination shall be entered into the officer’s report.
(f) Officers shall resolve any doubt concerning the life or death of a subject by summoning appropriate medical assistance.
Death Investigation

(g) Where emergency medical personnel are on the scene or have been summoned, provide such personnel with as much latitude as possible to deliver emergency medical services notwithstanding officers’ responsibility to protect the crime or incident scene.

(h) Isolate and protect the crime scene from any intrusion by non-essential personnel including officers not directly involved in the crime scene investigation.

(i) Notify communications of the circumstances and request the response of a supervisor and any additional personnel as needed. If the death is perceived to be a homicide or potential homicide or the result of accident or suicide, the watch commander shall be notified and Street Crimes Unit / Major Crimes Unit shall be notified.

(j) Observe and note pertinent circumstances at the scene.

(k) Record the nature of any physical modifications to the crime scene as the result of intervention by emergency medical personnel or others.

(l) Record in a crime scene log the identity of any persons who were present at or who entered the crime scene, to include police personnel.

(m) Identify witnesses and record basic information regarding the event.

(n) Ask witnesses to remain, if possible. If not possible, determine their identity and how they can be contacted by investigators.

(o) Identify and ensure that any suspects do not leave. Responding officers may conduct basic, preliminary questioning of a suspect or witness, but should normally defer interviews to investigators.

(p) Ascertain if the deceased was under a physician’s care for a potentially life-threatening health problem, and note the name, telephone number, and address of the physician.

(q) In deaths apparently resulting from natural causes, determine, to the degree possible, the deceased’s physical condition before death.

(r) Do not release any information concerning the deceased to the press or the public without agency authorization and until next-of-kin have been notified as established by policy of this agency.

359.2(a) SUPERVISOR RESPONSIBILITIES

A supervisory officer shall respond to any reported death that is not attended by a physician in a health care setting. Responsibilities of the supervisory officer include but are not necessarily limited to the following:

a. Verify that appropriate requests have been made for assistance by crime scene technicians, homicide investigators, and command personnel and request any additional personnel to protect the crime scene or conduct the investigation as necessary.

b. Receive a verbal report from initial responding officers regarding pertinent conditions at the scene upon their arrival, circumstances surrounding the death, the presence of witnesses and/or suspects, disposition of the body, and related details.
c. Ensure completion of preliminary information collection and the protection and integrity of the crime or incident scene.

359.2(b) ASSISTANCE TO SURVIVORS

Providing basic support and crisis assistance to survivors is the responsibility of both responding officers and investigators. The nature of such assistance must be dictated by the circumstances, but officers should use the following as a guide in these instances.

1. Officers should not leave the scene of a death where survivors are present until reasonably assured that the survivors have adequate personal control and/or family or close friends readily available to provide support. In gauging the need for assistance, officers shall also consider the following;

   a. The emotional reactions and physical condition of the survivors.

   b. Availability of other adults in the home or immediate area.

   c. Responsibility of the survivors for infants or small children.

   d. Home environment, if apparent, (e.g. evidence of excessive alcohol use or drug use, lack of means of financial support, shortage of food, problem with shelter, etc.).

   e. Availability of a support system (e.g. including friends, family, close neighbors, access to clergy, means of transportation, I.P.D. chaplain, etc.).

   f. Officers should remain alert to the need of survivors for emergency medical assistance, for example, in cases of physical or emotional collapse or related problems.

   g. Officers should be aware of confusion on the part of survivors. They should speak slowly and deliberately, and write down any pertinent information that survivors may need.

   h. Officers should assess the physical and emotional well-being of survivors before departing. Officers should be reasonably assured that survivors can take care of themselves and those for whom they may be responsible.

359.2.1 CORONER REQUEST

Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

(a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).

(b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.
Death Investigation

(c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.
(d) Known or suspected homicide.
(e) Known or suspected suicide.
(f) Involving any criminal action or suspicion of a criminal act. Includes child and dependent adult negligence and abuse.
(g) Related to or following known or suspected self-induced or criminal abortion.
(h) Associated with a known or alleged rape or crime against nature.
(i) Following an accident or injury (primary or contributory). Deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.
(j) Drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation or aspiration.
(k) Accidental poisoning (food, chemical, drug, therapeutic agents).
(l) Occupational diseases or occupational hazards.
(m) Known or suspected contagious disease and constituting a public hazard.
(n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.
(o) In prison or while under sentence. Includes all in-custody and police involved deaths.
(p) All deaths of unidentified persons.
(q) All deaths of state hospital patients.
(r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.
(s) All deaths where the patient is comatose throughout the period of the physician’s attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

359.2.2 SEARCHING DEAD BODIES
The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).
Death Investigation

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

359.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Coroner’s Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident or I.P.D. chaplain if available. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

359.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established after the Coroner arrives, the Coroner’s office will issue a “John Doe” or “Jane Doe” number for the report.

359.2.5 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate form.

359.2.6 SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigative Services Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

359.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES
Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).
Identity Theft

361.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

361.1(a) POLICY
It is the policy of this agency to assist identity theft victims in regaining their pre-crime status. This may include recording identity theft complaints via online reporting; providing victims with necessary information; and working with other federal, state, and local law enforcement and reporting agencies, as well as financial institutions to solve identity theft cases.

361.1(b) DEFINITIONS
Identity Theft: The misuse of another individual's personal information with the intent to facilitate other criminal activities; obtain credit, goods, or services without the victim's consent; or conceal one's identity from others, such as the government, law enforcement, or those who perform background checks, such as employers. No financial loss is necessary.

Fair Credit Reporting Act (FCRA): A federal law designed to ensure the accuracy, fairness, and privacy of information in consumer reports, sometimes informally called "credit reports." The FCRA includes consumer protections to help identity theft victims clear their credit reports of negative information that results from fraudulent transactions.

Identity Theft Report: A law enforcement report that contains specific details of an identity theft and complies with the requirements of Section 603(q)(4) of the FCRA. An identity theft report entitles an identity theft victim to certain protections that will help him or her clear fraudulent transactions from credit reports and aid in restoring his or her pre-crime status.

Personal Information: Individually identifiable information from or about a person, such as name, address, driver's license number, passport number, legal resident card number, date of birth, social security number, health insurance number, financial account number (e.g., credit or debit card, savings, checking, or other account number, PIN or password), mother's maiden name, employee identification number, or biometric data, such as fingerprints, facial scan identifiers, retina or iris image, or other unique physical representation.

361.2 REPORTING
In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
Identity Theft

(a) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction) if there is sufficient suspect information to allow for further follow up investigation. If there are no investigative leads or suspect information is lacking, the reporting parties shall be referred to the department's on line reporting web portal for documentation purposes.

(b) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application) if a report is taken and an investigation is initiated.

(c) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers if a report is taken and an investigation is initiated.

(d) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

(e) Following supervisory review and departmental processing, the initial on line or investigative report should be forwarded to the appropriate detective for follow up investigation if any credible suspect information is available, coordination with other agencies and prosecution as circumstances dictate.
Private Persons Arrests

363.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

363.1(a) RELATED LAWS
Officers shall become familiar with the following Penal Code Sections:
1. Penal Code 142 Refusing to receive or arrest person charged with a crime
2. Penal Code 837 Arrests by private persons
3. Penal Code 839 Summoning assistance to make arrest
4. Penal Code 847 Deliver arrested person to Peace Officer/liability of Peace Officer
5. Penal Code 849(b)(1) Release from custody

363.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

363.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;
(b) When the person arrested has committed a felony, although not in his or her presence;
(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

Indio PD Policy Manual

Private Persons Arrests

363.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1), fill out a detention certificate and give a copy to the detainee. The officer must include the basis of such a determination in a related report and attach the detention certificate to it.

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

1. Take the individual into physical custody for booking
2. Release the individual pursuant to a Notice to Appear
3. Release the individual pursuant to Penal Code § 849
4. In a private person arrest involving an adult violator, officers will advise the private person making the arrest that the District Attorney's Office will notify them if they are needed.
5. In a private person arrest involving adult violators on city code violations, officers will advise the private person making the arrest that the City Attorney's Office will notify them if they are needed.
6. In a private person arrest involving a juvenile violator, officers will advise the private person making the arrest that they will be notified when they are needed for court purposes.

363.5 REPORTING REQUIREMENTS
In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Anti-Reproductive Rights Crimes Reporting

365.1 PURPOSE AND SCOPE

2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
Limited English Proficiency Services

367.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

367.1.1 DEFINITIONS
Definitions related to this policy include:

**Authorized interpreter** - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

**Qualified bilingual member** - A member of the Indio Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right. All Indio Police Department sworn personnel shall utilize interpreters, when necessary, during investigations requiring interpretation. Non-English languages which are eligible for bilingual pay shall be determined by the Chief of Police, based upon demographic need.

367.3 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to
Limited English Proficiency Services

Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

367.4 TYPES OF LEP ASSISTANCE AVAILABLE
Indio Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

367.5 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

367.6 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

367.7 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services
must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

367.8 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

367.8.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
Limited English Proficiency Services

- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

367.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

367.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

367.9 (a) PERSONNEL RESPONSIBILITIES

(a) Personnel in need of an interpreter during an emergency situation will attempt to locate a citizen, at the scene, to assist.

(b) If a citizen interpreter is not available, the officer will utilize on-duty sworn personnel and civilian personnel if feasible.

(c) When an outside interpreter is needed, the officer will get approval from the Watch Commander before requesting the Telecommunications Center to call an interpreter.

(d) The Telecommunications Center will then make attempts to contact the requested interpreter.

(e) Civilian personnel assigned to work inside the police facility may be used for translation while at the facility when reasonable.
367.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
The Indio Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

367.10.1 EMERGENCY CALLS TO 9-1-1
Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Dispatch Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

367.11 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

367.12 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or
lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

367.13 CUSTODIAL INTERROGATIONS
Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Miranda warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

367.14 BOOKINGS
When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee’s health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

367.15 COMPLAINTS
The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.
Limited English Proficiency Services

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

367.16 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

367.17 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The police training specialist shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The police training specialist shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

367.17.1 TRAINING FOR AUTHORIZED INTERPRETERS
All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The police training specialist shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Employees who want to participate in the bilingual pay certification, if allowed by the applicable M.O.U. must pass a proficiency examination established by the Human Resources department at the City of Indio.
Bilingual Certification does not certify department members as court interpreters.
Communications with Persons with Disabilities

369.1 PURPOSE AND SCOPE

It is the purpose of this policy to provide Indio Police Officers with guidelines for appropriately accommodating, interacting, and communicating with individuals with disabilities including those who are deaf or hard of hearing, have impaired speech or vision, or are blind, and have intellectual or developmental disabilities during the course of their official duties.

369.1.1 DEFINITIONS

Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

**Developmental disabilities** (DDs) are long-term disabilities attributable to a physical, mental, or a combination of impairments that result in functional limitations in major life activities, such as understanding and expressing language, learning, moving, self-direction, self-care, independent living, and economic self-sufficiency.

**Intellectual disabilities** (IDs) are a subset of DDs characterized by limited or diminished intellectual functioning and difficulty with adaptive behaviors such as managing money, schedules and routines, or social interactions. Examples of Intellectual / developmental disabilities include autism spectrum disorder, Down syndrome, and fetal alcohol spectrum disorder. Severity of intellectual disabilities can range from mild to severe. These individuals might be high-functioning, active members of the community; they can also be non-verbal and require higher levels of supports and services.

369.1.2 RESPONDING PERSONNEL RECOMMENDATIONS

(a) Common law enforcement interactions with individuals with intellectual disabilities might include manipulation by criminals without disabilities, victimization, disruptive or
Communications with Persons with Disabilities

suspicious behavior, domestic disturbances, wandering, and medical emergencies, including seizures. Utilize de-escalation techniques during encounters with individuals believed to have developmental disabilities.

(b) Exercise patience when interacting with individuals with intellectual developmental disabilities. The person with intellectual / developmental disabilities might become easily upset, engage in self-harming behaviors, or may even become aggressive. However, an officer's calm response can assist in minimizing such behaviors.

(c) When available, consult a family member or other support system / person if unable to effectively communicate or interact with the person himself or herself. A support person or family member should be familiar with the individual's disability and may be able to provide suggestions on how to more effectively communicate with the individual. Officers might also wish to request the assistance of a disability advocacy organization if such are available. If possible, consider alternatives to taking custody of the individual. However, if an arrest is necessary, make every effort to minimize the possibility of associated trauma.

(d) Miranda or other custodial rights warnings given to suspects with intellectual / developmental disabilities are best accomplished with an attorney or other advocate present who can ensure the person's rights are protected. Officers should check for understanding of the Miranda or other custodial rights warning by asking the person in custody to repeat back his or her rights using their own words.

369.2 POLICY
It is the policy of the Indio Police Department to reasonably ensure that people with disabilities, intellectual disabilities, developmental disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities. It is the policy of this department that personnel will be trained to recognize persons with disabilities, intellectual and developmental disabilities, treat people with such disabilities with dignity and respect, utilize de-escalation protocols when appropriate, and seek alternatives to physical custody whenever possible.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

369.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
Indio Human Resources serves as the ADA coordinator.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the City ADA coordinator regarding the Indio Police Department’s efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
Communications with Persons with Disabilities

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:

1. Contact information
2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

369.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., call for service, traffic stop, welfare check, emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

369.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.
Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Indio Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

369.5.1 RESPONDING OFFICERS RESPONSIBILITIES

Some people with disabilities might become easily upset and can engage in self-harming behaviors or act in aggressive ways. Fear, including fear of law enforcement, frustration, and changes in their daily routines and surroundings can trigger such behavior. The mere presence of an officer can also be a source of stress. People with I/DD often have impairments that make it difficult for them to process incoming sensory information. Therefore, when interacting with individuals with I/DD, officers should consider the following:

(a) Use de-escalation techniques.
(b) Speak calmly.
(c) Repeat short, direct phrases in a calm voice.
(d) Avoid slang or euphemisms.
(e) Use nonthreatening body language, soft gestures, and avoid abrupt movements or actions.
Communications with Persons with Disabilities

(f) Whenever reasonable and practical, avoid touching the person unless there is an emergency situation.

(g) Maintain a safe distance, providing the person with a zone of comfort that will also serve as a buffer for officer safety.

(h) Eliminate, to the degree possible, loud sounds, bright lights, and other sources of overstimulation by turning off sirens and flashing lights; asking others to move away; or, if possible, moving the person to quieter surroundings.

(i) Keep canines in the law enforcement vehicle and preferably away from the area. However, be aware that the person might have a service animal. Do not separate a person from his or her service animal if at all possible.

(j) If safe to do so, avoid taking mobility devices, such as canes, scooters, or wheelchairs away from the person. If necessary to move or transport such items, ask the person the best way to do so.

(k) Look for medical identification tags on wrists, necks, shoes, belts, or other apparel. Some persons, both verbal and non-verbal, carry wallet cards noting that they have I/DD and that provide a contact name and telephone number of a family member or other information.

(l) If desired by the person with a disability, call his or her support person, when such information is available, or a disability advocacy organization for assistance if available.

(m) Be prepared for a potentially long encounter, as dealings with such individuals should not be rushed unless there is an emergency situation. Officers should inform their dispatchers or supervisors if a prolonged encounter is expected.

(n) Do not interpret odd behavior as belligerent or aggressive. In a tense or unfamiliar situation, some people with I/DD might shut down and close off unwelcome stimuli (e.g., cover ears or eyes, lie down, shake or rock, repeat questions, sing, hum, make noises, or repeat information in a robotic way). This behavior is a protective mechanism for dealing with troubling or frightening situations.

(o) Do not stop the person from repetitive behavior unless it is harmful to him or her or others.

369.6 TYPES OF ASSISTANCE AVAILABLE
Indio Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.
Communications with Persons with Disabilities

369.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

369.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speech reading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

369.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).
Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

369.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

369.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

369.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.
369.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

369.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
(b) Exchange of written notes or communications.
(c) Verbal communication with an individual who can speech read by facing the individual and speaking slowly and clearly.
(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

369.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter
Communications with Persons with Disabilities

services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card if feasible.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

**369.15 ARREST AND BOOKINGS**
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

**369.16 COMPLAINTS**
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

**369.17 COMMUNITY OUTREACH**
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue
Communications with Persons with Disabilities

to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

369.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The police training specialist shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The police training specialist shall maintain records of all training provided, and will retain a copy in each member’s training file in accordance with established records retention schedules.

369.18.1 CALL-TAKER TRAINING

Temporary Return to Work Program

377.1 PURPOSE AND SCOPE
The City of Indio is committed to providing a work environment that is free from discrimination. In keeping with this commitment, the City maintains a strict policy prohibiting discrimination and harassment of injured employees.

The purpose of the Transitional Return to Work (TRTW) Program is to return injured employees, who are temporarily precluded from performing their normal duties, to work in a TTRT assignment. The Police Department reserves the right to establish TTRT assignments on a case by case, temporary basis as the individual circumstances allow. TTRT assignments are based on the employee's medical condition, job classification, work restrictions and other applicable factors.

377.2 RESPONSIBILITY
The Field Services Commander will act as the Transitional (Temporary) Return to Work Program Coordinator. This individual will function as the liaison with the Workers' Compensation Claims Administrator if there is an industrial claim.

377.3 PROCEDURES
An employee may be placed on TTRT only after their attending physician recommends restricted duties and when an assignment is available.

(a) If the employee has work restrictions, the work restrictions will be listed on a Physician's Report as provided by the attending physician.

(b) If the Department is able to accommodate the restrictions with meaningful projects and assignments, the employee's supervisor will notify the TTRT Coordinator who will give an Offer of Modified or Alternative Work (exhibit A) to the employee.

(c) A Physical Job Description form describing the parameters of the TTRT and employees work restrictions (exhibit B) as well as an Early Return to Work Planner (exhibit C) shall be completed by the TTRT Coordinator and discussed with the employee. The employee will be given copies of these documents and a copy set will be maintained in the employee's division file and a copy set forwarded to Human Resources.

(d) The employee's supervisor will ensure that the employee is complying with and working within the work restrictions imposed by the treating physician as documented on the Job Description form.

(e) The Department has established a maximum time frame of ninety (90) calendar days for employee participation in a TTRT program.

(f) The Chief of Police or his/her designee may approve a one-time extension, not to exceed ninety (90) calendar days, where circumstances warrant it.
Temporary Return to Work Program

377.3.1 INABILITY TO ACCOMMODATE RESTRICTIONS
If the police department is unable to accommodate the restrictions, the Police Department TRTW Coordinator will notify Human Resources to see if an assignment exists within other City departments which can accommodate the employee’s restrictions. The employee may be temporarily assigned to perform this assignment with the consent of the department head of the involved City department. Salary and fringe benefit costs will continue to be paid by the police department.

The TRTW Coordinator will instruct the employee where to report if an assignment in another City department is located.

377.3.2 UNAVAILABILITY OF TRANSITIONAL ASSIGNMENTS
If no transitional assignment is available, the employee will be put off work. An employee in an off work status shall advise his or her supervisor immediately following a change in work restrictions or medical condition as determined by his/her treating physician. Employees who fail to contact their supervisor within twenty four (24) hours may be subject to disciplinary action.

377.3.3 COMPLETION OF TRTW ASSIGNMENT
If an employee completes a temporary assignment and there is no additional transitional work available, the employee will be put off work. In cases of injuries which are industrial related, the TRTW Coordinator must immediately notify the Workers’ Compensation Claims Administrator that the employee is no longer working.

Child and Dependent Adult Safety

378.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

378.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Indio Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

378.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

   (a) Inquire about and confirm the location of any children or dependent adults.

   (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

   (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
378.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

378.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).
If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

378.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

378.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

378.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.
378.5 TRAINING
The training specialist is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Service Animals

380.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

380.1.1 DEFINITIONS
Definitions related to this policy include:

**Service animal** - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

** ESA Emotional support animal** - is an animal companion that offers some type of benefit to an individual with some form of disability. The animal is intended to provide companionship and support that will help alleviate at least one aspect of the disability. Dogs are the most common type of emotional support animal, but cats are quite common as well. Other types of animals, such as miniature horses, can also serve as ESAs. Emotional support animals (a) do not require specialized training and (b) are covered under the Federal Fair Housing Act.

380.2 POLICY
It is the policy of the Indio Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

380.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
Service Animals

- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.
- Providing comfort and support for individuals on the autism spectrum disorder (ASD).

380.4 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Indio Police Department affords to all members of the public (28 CFR 35.136).

380.4.1 INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

380.4.2 CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

380.4.3 REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).
Service Animals

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

380.4.4 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).
Volunteer Program

382.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

382.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

382.2 VOLUNTEER MANAGEMENT

382.2.1 VOLUNTEER COORDINATOR
The Volunteer Coordinator shall be appointed by the Support Services Division Chief. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.
(b) Facilitating the implementation of new volunteer activities and assignments.
(c) Maintaining records for each volunteer.
(d) Tracking and evaluating the contribution of volunteers.
(e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
(f) Maintaining a record of volunteer schedules and work hours.
(g) Completion and dissemination as appropriate of all necessary paperwork and information.
(h) Planning periodic recognition events.
Volunteer Program

(i) Administering discipline when warranted.

(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

382.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

382.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprint shall be obtained from all applicants and processed through the California Criminal Information Index.

(b) Employment

(c) References

(d) Credit check

A polygraph exam may be required of each applicant depending on the type of assignment.

382.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.
Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

382.2.5 TRAINEING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

382.2.6 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

382.2.7 DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.
Volunteers shall be required to return any issued uniform or department property at the termination of service.

382.3  SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.
(b) Ensure volunteers have work space and necessary office supplies.
(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

382.4  CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

382.5  PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.
Volunteer Program

382.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require
the use of a vehicle must first complete the following:

(a) A driving safety briefing and department approved driver safety course.
(b) Verification that the volunteer possesses a valid California Driver License.
(c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and
license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat
belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign
indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

382.5.2 RADIO AND MDC USAGE
Volunteers shall successfully complete CLETS and radio procedures training prior to using the
police radio or MDC and comply with all related provisions. The Volunteer Coordinator should
ensure that radio and CLETS training is provided for volunteers whenever necessary.

382.6 DISCIPLINARY PROCEDURES/TERRMINATION
A volunteer may be removed from the volunteer program at the discretion of the Chief of Police
or the Volunteer Coordinator. Volunteers shall have no property interests in their continued
appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be
afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall
be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested
that volunteers who intend to resign provide advance notice of their departure and a reason for
their decision.

382.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their
positions. The interview should ascertain why the volunteer is leaving the position and solicit the
volunteer’s suggestions on improving the position. When appropriate, the interview should also
include a discussion on the possibility of involvement in some other capacity with the Department.

382.7 EVALUATION
An evaluation of the overall volunteer program will be conducted on an annual basis by the
Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the
best use of human resources available, to ensure personnel problems can be identified and dealt
with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Off-Duty Law Enforcement Actions

384.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great physical and legal risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Indio Police Department with respect to taking law enforcement action while off-duty.

384.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort. When engaged in off-duty enforcement of this type, nonuniformed officers risk being mistaken as criminal suspects by responding officers and therefore should exercise caution if engaging in such off-duty enforcement actions.

384.2 (a) DEFINITIONS
Personally Involved: An off-duty officer is deemed personally involved when assisting a family member or a friend who becomes engaged in a personal dispute or incident. This does not apply to situations where the police officer, family member, or friend is a crime victim.

Out-of-uniform/Non-Uniformed: Officers wearing clothes commonly worn while off duty; also referred to as civilian attire or street clothes.

384.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer’s senses or judgment.
384.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

384.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Indio Police Department officer until acknowledged. Official identification should also be displayed.

384.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

384.4.3 NON-SWORN RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

384.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.
Off-Duty Law Enforcement Actions

384.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

This policy identifies potential uses that may be explored or expanded upon as deemed reasonable by administrative and supervisory personnel. The department also recognizes the role that these tools play in the personal lives of some department personnel. The personal use of social media can have bearing on departmental personnel in their official capacity. As such, this policy provides information of a precautionary nature as well as prohibitions on the use of social media by department personnel.

386.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders (Penal Code § 18108).

386.1.1 DEFINITIONS
Definitions related to this policy include:

**Gun violence restraining order** - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

386.2 POLICY
It is the policy of the Indio Police Department to petition and serve gun violence restraining orders in compliance with state law and to properly account for firearms and ammunition obtained by the Department pursuant to such orders.

386.3 GUN VIOLENCE RESTRAINING ORDERS
A Major Crimes Unit Supervisor who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission from his/her supervisor to petition the court for a gun violence restraining order.

A Major Crimes Unit Supervisor petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the Major Crimes Unit Supervisor believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, the Major Crimes Unit Supervisor may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

2. There is no evidence that the owner unlawfully possesses the firearm or ammunition.

(c) If a locked gun safe belonging to someone other than the subject of a gun violence restraining order is discovered, the officer shall not search the contents of the safe unless the owner consents or there is a valid search warrant for the safe. Any search of the safe must be done in the owner’s presence.

386.6 RECORDS SUPERVISOR RESPONSIBILITIES
The Records Supervisor is responsible for ensuring:

(a) Proof of service of any gun violence restraining order served by an officer or received from the clerk of the court is entered in the computer database system for protective and restraining orders maintained by the Department of Justice within one business day of service if served by an officer, or within one business day of receipt of proof of service if served by a person other than a law enforcement officer (Penal Code § 18115).

Chapter 4 - Patrol Operations
Patrol Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.2 INFORMATION SHARING
To the extent feasible, all information relevant to the mission of the Department should be shared among all divisions and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other divisions or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and divisions.

400.3 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

This section shall not apply to any of the following persons:

(a) Any person engaged in lawful labor union activities that are permitted to be carried out on the property by state or federal law.

(b) Any person on the premises who is engaging in activities protected by the California Constitution or the United States Constitution.

402.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

402.4.1 REASON FOR CONTACT
Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.4.1(a) REPORTING OF STOPS
1. Commencing January 1, 2022, unless an exception applies under 11 CCR 999.227, an officer conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report.

2. When multiple officers conduct a stop, the officer with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

3. If multiple agencies are involved in a stop and the Indio Police Department is the primary agency, the Indio Police Department officer shall collect the data elements and prepare the stop data report (11 CCR 999.227).

4. The stop data report should be completed by the end of the officer’s shift or as soon as practicable (11 CCR 999.227).

(c) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.
402.6 ADMINISTRATION
Each year, the Field Services Division Chief should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police.

The annual report should not contain any identifying information about any specific complaint, member of the public or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

402.7 TRAINING
Training on fair and objective policing and review of this policy should be conducted as directed by the Training Unit.

(a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.

(b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.

(c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

Government Code 12525.5 requires this collection of data for agencies with sworn officers between 1-333 beginning in January of 2022. The first report shall be issued by April 1, 2023.
Citizen Contacts and Interactions

403.1 PURPOSE AND SCOPE

The Indio Police Department works with a diverse community. This policy establishes procedures that create mutual understanding, prevention of discrimination and conflict, and ensures the appropriate treatment of all individuals. These guidelines are created to ensure police contacts are professional, respectful, and courteous.

403.2 POLICY

In the absence of exigent circumstances, these guidelines apply to all Department employees:

(a) Employees shall not use language that a reasonable person would consider demeaning to another person; in particular, language that demeans one’s age, race, sex, their intellectual ability, citizenship status, social or economical status, gender identity, gender expression, or sexual orientation.

(b) All persons should be treated with dignity and respect. Indio Police employees should demonstrate professionalism even when presented with unequal behavior by individuals being contacted. However, professional communication should never compromise officer safety.

403.2.1 Definitions

Transgender - A person whose gender identity (i.e., internal sense of feeling male or female) is different from the person's assigned sex at birth (28 CFR 115.5). A transgender person can be pre-operative, post-operative or non-operative.

Gender Identity - A person's sense of being a man or a woman.

Gender Expression - Displays gender identity through dress, demeanor and language. For example, males express masculinity in different ways and females express femininity in different ways. Likewise, transgender individuals express femininity and masculinity in different ways, and in ways that may not be consistent with their sex at birth.

403.3 CONTACT WITH TRANSGENDER INDIVIDUALS

(a) When interacting with transgender persons, employees shall address the person by their preferred name, use pronouns appropriate to the individual's self-identity, respect the expressed gender and not question it.
Citizen Contacts and Interactions

(b) Employees shall not disclose to non-involved persons that an individual is transgender. As with other policies, a “need to know” basis should guide the employee about any decision of disclosure.

403.3.1 Addressing & Interacting with Transgender Individuals

When a person identifies him / herself as transgender, respect the expressed gender and do not question it. If the individual does not self-identify as transgender, the following guidelines should be followed:

(a) When the intent of a person's gender presentation is clear to a reasonable person (based on attire and other clues), use this as a basis for gender determination.

(b) When a person's sex is unclear, or the officer is not certain of the person's gender identity, it is appropriate to inquire how the individual wishes to be addressed (i.e. Sir, Ma'am) and the name by which the individual wishes to be addressed. This name shall be noted as an “AKA” if it differs from the individual's legal name.

(c) If a transgender person is unwilling to provide information that enables the officer(s) to know what name and/or gender is preferred, then the officer(s) should make a determination about the person's gender based on the person's gender expression (i.e. clothing, language, demeanor, etc.) and any other evidence available to the officer(s). For example, if the person is clearly dressed like a woman and presenting as a woman, then the person should be recognized and addressed as a woman.

(d) A Department of Motor Vehicles Identification or any other government-issued form of identification (such as a passport) shall only be acceptable as initial proof of gender identity in the absence of self-identification by the individual or some other obvious expression of gender identity.

(e) Any information obtained about an individual's transgender status, such as preferred name and pronoun, should be documented and provided to relevant Department employees for the purpose of ensuring continuity of appropriate treatment.

(f) Under no circumstances shall Department employees disclose to non-involved persons that an individual is transgender. As with other policies, a "need to know" basis should guide decisions about disclosure.

403.3.2 Field Searches Involving Transgender Individuals

(a) A search or frisk shall not be performed for the sole purpose of determining an individual's anatomic gender.

(b) Transgender individuals shall not be subjected to more invasive search or frisk procedures than non-transgender individuals.

(c) Officers should not inquire about intimate details of an individual's anatomy or surgical status to determine an individual's gender because no proof of an individual's gender is
Citizen Contacts and Interactions

required. This requirement can change for purposes of booking as it will be addressed by booking RSO booking deputies.

(d) Requests to remove appearance-related items such as prosthetics, clothing that conveys gender identity, wigs, and cosmetics shall be consistent with requirements for the removal of similar items for non-transgender individuals.

(e) When an arresting officer has reason to believe that the arrestee is a transgender person, the officer shall specifically inform the arrestee that, as with any other arrestee, they must be searched. Ask the arrestee if there is a preference to be searched by a male or a female officer and document this preference in the report. If the arrestee's gender request can be reasonably and expeditiously accommodated without risk to officer safety, the request should be granted.

(f) An officer shall not refuse to search a transgender arrestee based upon the arrestee identifying as transgender.

(g) When an immediate cursory search for weapons is necessary for safety, it may be conducted in the field by an officer of either sex.
Briefing Training

404.1 PURPOSE AND SCOPE
The watch commander should conduct weekly training at the beginning of the officer’s assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct briefing; however officers may conduct briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations.
- Notifying officers of changes in schedules and assignments.
- Notifying officers of new Departmental Directives or changes in Departmental Directives and updated policies.
- Debriefing recent incidents for training purposes.
- Providing training on a variety of subjects to include but not limited to; (1) Legislative mandates, (2) Changes and updates in current case law, (3) Evolving and current trends in policing, (4) Police Tactics, and (5) Perishable Skills.

404.2 PREPARATION OF MATERIALS
The supervisor conducting Briefing is responsible for preparation and dissemination of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in their absence or for training purposes.

404.3 RETENTION OF BRIEFING TRAINING RECORDS
Briefing training materials and a curriculum or summary shall be forwarded to the Professional Development Unit, specifically the Police Training Specialist for inclusion in training records, as appropriate.
Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY
It is the policy of the Indio Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.3 SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person. Every officer at the scene shall complete a supplemental report describing their involvement and their specific actions taken while on scene. The highest ranking officer present at the crime scene upon arrival shall assume responsibility for all subsequent visitors to the scene and ensure a crime scene log is initiated until they are properly relieved or the scene is completely processed and are cleared to do so by MCU / SCU personnel.

406.4 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.

406.5 SEARCHES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).
Special Weapons and Tactics (SWAT) Unit

409.1 PURPOSE AND SCOPE
Desert Regional SWAT is comprised of individual agency Special Weapons and Tactics Teams, Crisis Negotiation teams, Tactical Dispatchers and other assigned personnel from the following agencies: Palm Springs, Cathedral City and Indio. In addition specially trained paramedics from the above-represented city Fire Departments of the Cities of Palm Springs and Cathedral City to serve as Tactical Paramedics. The unit has been established to pool personnel and equipment resources while providing specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code §13514.1).

409.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY
The Policy Manual sections pertaining to Desert Regional SWAT are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

409.1.2 DESERT REGIONAL SWAT TEAM DEFINED
Desert Regional SWAT is a designated unit of law enforcement officers specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

409.2 MANAGEMENT/SUPERVISION OF SWAT
Desert Regional SWAT shall be managed under the combined direction of the Chiefs of Police from the Palm Springs, Cathedral City, and Indio Police Departments. The Commander and Assistant Commander(s) for Desert Regional SWAT shall be selected by the Chiefs of Police upon recommendation of staff. The Commander and Assistant Commander of Desert Regional SWAT shall be a sworn employee holding the rank of lieutenant/commander from the participating agencies. The Commander should rotate biennially at the beginning of the calendar year from Commander to Assistant Commander with the Assistant Commander rotating to the position of Commander.
409.2.1 SWAT COMMANDER
Under the direction of the Chiefs of Police, the Desert Regional SWAT Commander shall direct the day-to-day activities of Desert Regional SWAT, including: supervising personnel; assigning and directing investigations; scheduling duty hours and overtime; reviewing and approving reports; maintaining liaison with the law enforcement administrators and staff of participating and other agencies; conducting in-service training and assigning personnel to training courses and coordinating training offered to personnel of participating agencies.

409.2.2 TEAM SUPERVISORS
Team Supervisors for the Desert Regional SWAT team will be chosen from the rank of sergeant of the participating agencies. Team supervisors will have direct supervision over team members and full functional supervision over team members from the participating agencies during SWAT activations and training exercises.

409.2.3 TEAM SUPERVISION
The Crisis Negotiations Team (CNT) and the Tactical Team will be supervised by sergeant(s) from the participating agencies. The Tactical Dispatch Team will be supervised by the SWAT Commander or his/her designee. The team supervisors shall be selected by the SWAT Commander and alternate SWAT Commanders. The following represent the supervisor responsibilities for SWAT:

(a) The Crisis Negotiations Team supervisor’s primary responsibility is to supervise the operations of the negotiation team which will include deployment, training, first line participation, and other duties as directed by the SWAT Commander.

(b) The Tactical Team Leader’s primary responsibility is to supervise the operations of the SWAT Team which will include deployment, training, first line participation, and other duties as directed.

409.3 POLICY
It shall be the policy of this department to assign and maintain officers and supervisors for Desert Regional SWAT sufficient to provide appropriate joint coverage for critical incidents which may require a response by Desert Regional SWAT or its components.

The SWAT team should develop sufficient resources to perform three basic operational functions:

(a) Command and Control

(b) Containment

(c) Entry/Apprehension/Rescue

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.
409.3.1 POLICY CONSIDERATIONS
A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

409.3.2 ORGANIZATIONAL PROCEDURES
This department shall develop a separate written set of organizational procedures which should address, at minimum, the following:

(a) Locally identified specific missions the team is capable of performing.
(b) Team organization and function.
(c) Personnel selection and retention criteria.
(d) Training and required competencies.
(e) Procedures for activation and deployment.
(f) Command and control issues, including a clearly defined command structure.
(g) Multi-agency response.
(h) Out-of-jurisdiction response.
(i) Specialized functions and supporting resources.

409.4 TEAM EVALUATION
The SWAT Commander or his designee shall conduct an annual SWAT Training needs assessment to ensure that training is conducted within team capabilities, department policy and the training guidelines as established by POST (11 C.C.R. § 1084). Once this assessment is complete, a list of required training topics will be passed on to the Tactical Team Leader and CNT Leader so that a comprehensive annual training calendar can be completed. The training calendar will include an estimated training date, topics to be covered, instructors, training location and a brief outline detailing the training day. Training calendars will then be forwarded to the SWAT Commander for review. Once approved, calendars will be sent to the SWAT Team members and department supervisors.

409.4.1 INITIAL TRAINING
SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of the POST-certified Basic SWAT Course or its equivalent.

To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed department requirements or POST standardized training recommendations.

409.4.2 UPDATED TRAINING
Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team. SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training as certified by POST, or its
equivalent, every 24 months. SWAT team members will be selected for advanced training classes as recommended by their team leaders and sent on an as needed basis. All training courses will be approved by the SWAT Commander.

409.4.3 SUPERVISION AND MANAGEMENT TRAINING
Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level to ensure personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the teams.

Command personnel who may assume incident command responsibilities should attend SWAT or Critical Incident Commander course or its equivalent. SWAT command personnel should attend a POST-certified SWAT commander or tactical commander course, or its equivalent.

409.4.4 SWAT ONGOING TRAINING

409.7 NOISE FLASH DIVERSIONARY DEVICES

409.7.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the deployment and use of Noise Flash Diversionary Devices (NFDD's). Personnel of Desert Regional SWAT are authorized to use NFDD's, sometimes referred to as "flash bangs", in situations when the use of a less lethal diversion would facilitate entry, enable an arrest, restore order, and/or potentially reduce the risk of injury.

409.7.2 JUSTIFICATION FOR USE
Circumstances justifying the use of NFDD's may include, but not be limited to:

(a) Barricaded suspect and/or hostage situations;
(b) High-Risk warrant services;
(c) Discouraging dangerous animals from attacking;
(d) Riotous situations;
(e) Circumstances wherein distraction of violent and/or emotionally disturbed persons and/or those under the influence of alcohol/drugs is believed necessary to facilitate apprehension/custody;
(f) Situations wherein the Desert Regional SWAT Commander or Team supervisor deems their use necessary to safely resolve the incident.

409.7.3 PROCEDURES
The following procedures are applicable to all members carrying or NFDD's.

409.7.4 CARRYING/DEPLOYING DIVERSIONARY DEVICES
Only team members who have successfully completed Desert Regional SWAT approved training in the proper use and deployment of NFDD's shall be certified/authorized to carry/deploy NFDD's during actual operations or training. Annual refresher training on their use shall be provided to members of the Team.

409.7.5 AUTHORIZATION FOR USE
Except in extreme emergencies (i.e., life-threatening situations), NFDD's shall not be used without prior authorization of the Desert Regional SWAT Commander or Team Supervisor.

loose objects, etc). Circumstances may indicate that exterior deployment is preferable to deployment on the interior of a structure. Whenever possible, devices shall be deployed to an area visible to the deploying officer. NFDD's should not be deployed solely for the purpose of preserving evidence.

409.7.7 SAFETY CONSIDERATIONS
Team members deploying NFDD's in an actual incident or situation should wear fire-retardant gloves, eye protection, body armor, and if possible, ear protection. The previously mentioned equipment is mandatory for training. Because NFDD's have the potential to ignite flammable materials, a portable fire extinguisher shall be readily accessible whenever devices are carried and may be deployed.

409.7.8 DOCUMENTATION AND REVIEW
Whenever NFDD's are deployed by team members in an actual situation or incident, that fact shall be noted in the after-action report. In the event devices are deployed, the circumstances surrounding their deployment shall be fully described. Correct nomenclature must always be used. The team Commander or his/her designee shall be responsible for reviewing any deployment of NFDD's to ensure that policy is/was followed.

409.7.9 REPORTING REQUIREMENTS
NFDD's are registered by serial number with the Bureau of Alcohol, Tobacco and Firearms (ATF). The National Firearms Act requires the Department to notify ATF upon the use/expenditure of NFDD's. The Desert Regional SWAT Commander or his/her designee shall be responsible for submitting written notification to ATF on an annual basis.
409.7.10 INSPECTION AND STORAGE
The Desert Regional SWAT Commander or his/her designee shall be responsible for ensuring that all NFDD’s are inspected annually. NFDD’s shall be stored in a cool, dry location separate from fixed ammunition. Devices will be issued to DRS team members providing the devices can be kept in an approved storage box in their respective vehicle. The box shall be permanently affixed to the vehicle and locked with an approved padlock. When the devices are carried on the person during a mission, they shall be carried in an appropriate pouch complete with a retention strap.

409.8 TACTICAL TEAM ADMINISTRATIVE PROCEDURES
The Desert Regional SWAT Team was established to provide a skilled and trained team which may be deployed during events requiring specialized tactics in such situations as cases where suspects have taken hostages and/or barricaded themselves as well as prolonged or predictable situations in which persons armed or suspected of being armed pose a danger to themselves or others.

The two day evaluation: This process evaluates the candidate’s physical fitness during which time they will have to successfully pass the standard tactical team physical fitness test. They will also have to demonstrate basic marksmanship and weapons handling skills. They will also be taught and demonstrate their understanding of various team tactics.

SWAT basic handgun and rifle course: Candidates will be invited to shoot the Desert Regional SWAT Basic Drill for the handgun and rifle.

Team assessment: Current team members will evaluate each candidate on his or her field tactical skills, teamwork, ability to work under stress, communication skills, judgment, and any special skills that could benefit the team.

413.2.1 Hazardous Material Response
(a) Fire Department personnel are responsible for determining the extent of danger, handling the hazardous substances, notifying state and/or federal/military authorities, and caring for any person exposed to the hazardous material.
Hazardous Material Response

(b) Police personnel are responsible for protecting the scene, rendering first aid as directed, and controlling traffic.

(c) No one is to be allowed into the affected area without specific need, and then only with the specific permission of the person in charge of handling the incident.

(b) (a) Keep all persons and conveyances at a safe distance from radioactive materials or liquid runoff.

(c) (b) Notify the Watch Commander of any barricades or other special traffic control devices needed.

(d) (c) Immediately notify, or cause to be notified, the Patrol Lieutenant and Executive Staff. Notification shall include the name of the owner of the material (if known), location, type and quantity of material involved.

413.2.3 ILLEGAL DRUG MANUFACTURING LABORATORIES

If an officer encounters a home made drug manufacturing laboratory, they shall immediately notify a; (1) supervisor, (2) evacuate all occupants and immediate neighbors, (3) secure the scene and (4) contact Fire Department personnel. Once Fire Department personnel determine the scene is in fact an illegal drug laboratory, in accordance with our mutual aid agreement, the on-duty supervisor shall notify the patrol lieutenant and Command Staff. If the need is appropriate, the on-duty supervisor shall contact the social medial team and Department PIO for any relevant information dissemination related to community safety issues. The supervisor shall then contact the Riverside County Sheriff Department Special Investigations Bureau (SIB - East) whom is qualified and capable of conducting drug manufacturing laboratory investigations.

If there is an arrest related to such incident, responding personnel shall coordinate with and assist RSO SIB on how they would like to proceed with the investigation and (1) arrest interviews, (2) booking and (3) criminal complaint filing.

Some of the precursors associated with a drug manufacturing laboratory officers should be familiar with but not limited to are:

(a) Common cold pills containing ephedrine and or pseudo ephedrine (excessive quantities usually collected using "smurfing method")

(b) Atmospheric vacuum beakers

(c) Fractional distillation setups

(d) Glass flask sets

413.3 REPORTING EXPOSURE(S)
Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

413.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.
Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS
Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is:

(a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

(b) Unlawfully held against his/her will under threat or actual use of force.

414.2 POLICY
It is the policy of the Indio Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS
Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,
Hostage and Barricade Incidents

or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

(a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),

(b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and

(c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).

(d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.

(e) The contents of any oral communications overheard are recorded on tape or other comparable device.

414.4 FIRST RESPONDER CONSIDERATIONS
First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION
Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
Hostage and Barricade Incidents

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
Hostage and Barricade Incidents

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Special Weapons and Tactics Team (SWAT) response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).

1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.
(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Dispatch Center.

(i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

414.6 CRISIS NEGOTIATIONS TEAM RESPONSIBILITIES
The Incident Commander will decide, with input from the SWAT Commander, whether to deploy the CNT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CNT. The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Flash/Sound Diversionary Devices

415.1 PURPOSE AND SCOPE
The purpose of this order is to establish guidelines for the ordering, storage, transportation, handling, reporting, deployment and use of stinger grenades and flash/sound diversionary devices.

Personnel of this Department are authorized to use stinger grenades or flash/sound diversionary devices, sometimes referred to as "flash bangs", in situations when the use of a less-lethal diversion would facilitate entry, enable an arrest, restore order, and/or potentially reduce the risk of injury.

415.1.1 DEFINITION
For the purpose of this policy, a diversionary device, also referred to as a flashbang, flash/sound diversion or distraction device, shall be defined as any device designed to emit a loud noise and intense light for the purpose of distracting or disorienting a subject.

A stinger grenade, also referred to as a stingball, shall be defined as any device containing an explosive charge and designed to propel rubber pellets.

415.2 JUSTIFICATION FOR USE
Circumstances justifying the use of flash/sound diversionary devices may include, but not be limited to:

(a) Barricaded subject and/or hostage situations
(b) High-risk warrant services
(c) Discouraging dangerous animals from attacking
(d) Riotous situations or to restore or maintain order during civil disturbances.
(e) Circumstances wherein distraction of violent and/or emotionally disturbed persons and/or those under the influence of alcohol/drugs is believed necessary to facilitate apprehension/custody.
(f) Situations wherein the Incident Commander or on-scene Supervisor deems their use necessary to safely resolve the incident.

415.3 PROCEDURES

415.3.1 AUTHORIZATION FOR USE
Except in extreme emergencies (i.e., life-threatening situations), stinger grenades and/or flash/sound diversionary devices generally, shall not be used without prior authorization of the Incident Commander/On-scene Supervisor or his/her designee.
Flash/Sound Diversionary Devices

415.3.2 DEPLOYMENT CONSIDERATIONS
Prior to deploying stinger grenades and/or flash/sound diversionary devices, personnel shall consider available information and circumstances (i.e., presence of young children, elderly persons, flammable materials, small loose objects, etc). Circumstances may indicate that exterior deployment is preferable to deployment on the interior of a structure. Whenever possible, devices should be deployed to an area visible to the deploying officer. Stinger grenades or flash/sound diversionary devices generally should not be deployed solely for the purpose of preserving evidence.

415.3.3 SAFETY EQUIPMENT
All personnel carrying stinger grenades and/or flash/sound diversionary devices in an actual incident or situation shall wear a ballistic vest, ballistic helmet, fire-retardant gloves, eye and ear protection. The previously mentioned equipment is mandatory for training. Because flash/sound diversionary devices have the potential to ignite flammable materials, a portable fire extinguisher or the Cal Fire Department shall be readily accessible whenever devices are carried and may be deployed.

415.3.4 DOCUMENTATION AND REVIEW
Whenever stinger grenades and/or flash/sound diversionary devices are deployed by personnel in an actual situation or incident, that fact shall be noted on the Diversionary Device Use Form. The circumstances surrounding their deployment shall be fully described in a written report. Correct nomenclature must always be used. The Chief of Police or his or her designee shall be responsible for reviewing any deployment of flash/sound diversionary devices to ensure that policy is/was followed.

415.3.5 REPORTING REQUIREMENTS
Flash/sound diversionary devices are registered by serial number with the Bureau of Alcohol, Tobacco, and Firearms (ATF). Typically, the Department's purchase of new devices is reported directly (by case-lot serial numbers) to ATF by the device manufacturer via ATF Form 5. The National Firearms Act requires the Department to notify ATF upon the use/expenditure of flash/sound diversionary devices. The Department Armorer's, Range Staff, or authorized personnel appointed shall be responsible for submitting written notification to ATF when all devices listed on a single ATF form 5 have been used/expended.

415.3.6 INSPECTION AND STORAGE
The Department Armorer's, Range Staff, or trained and authorized persons shall be responsible for ensuring that all stinger grenades and/or flash/sound diversion devices are inspected annually. This inspection shall ensure that the Department's devices are properly prepared and in good condition. Devices used beyond their recommended lifetimes shall be designated for use in training only.

Flash/sound diversionary devices shall be stored in a cool, dry location within the armory, separate from fixed ammunition. Devices may be temporarily issued to SWAT Team Members, Task Force agents, Street Crimes Unit members, Field Supervisors or other designated personnel,
Flash/Sound Diversionary Devices

provided appropriate records are maintained and personnel are properly trained. Devices should be carried securely in a pouch/carrier with a retention strap or flap. Loans of Departmentally owned equipment to other agencies must be pre-approved by the Chief or his/her designee.

415.4 DIVERSIONARY DEVICE LOG
The established Indio Police Department Armory - Distraction Device Accountability Forms shall be the proper method to document usage of diversionary devices deployed by employees of the Department.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE
The purpose of this policy is to provide general guidelines to assist members of the Indio Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents, suspicious packages or threats of such incidents. Under no circumstances should these general guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

416.2 POLICY
It is the policy of the Indio Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

416.2(a) DEFINITIONS
1. Bomb / Explosive Device—Any chemical compound, mixture or device, the primary purpose of which is to function by explosion.

2. Bomb Threat—The expression of an intention to detonate an explosive device.

3. Triage Area - That area designated by first arriving emergency response units to an actual explosion site. This area is used by EMS personnel to assess patients and begin medical treatment on injuries sustained in the blast. The Triage Area should be in a safe location, at least 300 yard from the blast area, and if possible placing additional protection between the triage and the blast site.

4. Bomb Technician - Personnel trained in the recovery of, and disabling of explosive devices. Only certified personnel will remove any suspected explosive device.

5. Command Post - The fixed position where the Incident Commander and staff should be located for the duration of the event. This is the overall control point for the incident.

6. Frag (Fragmentation) - Any particle / item which is part of the device, and becomes a projectile (A.K.A. Shrapnel).

7. Ground Zero - Is the area where a bomb or explosive device has detonated. This is where the bomber placed the device.

8. Incident Commander - The first arriving supervisor to take charge of the incident. If it is a bomb threat or suspected bomb found the incident command will be the responsibility of the police department until the RSO Bomb Squad arrives and assumes command of the scene, at which point the initial supervisor and personnel will assist with any request of the RSO Incident Commander during the evolution of the incident. If a device has actually been detonated the fire department will take the lead.
Response to Bomb Calls

9. Public Information Officer - This person is responsible for designating a secure area for the media, directing the media to a safe control area, and maintaining and providing updated information to the media as the incident continues at the discretion of the Incident Commander.

416.3 RECEIPT OF BOMB THREAT
Department members receiving a bomb threat should obtain as much specific information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

All calls received of a bomb threat, explosive, explosion, or incendiary device are assigned a "1st priority response" and a supervisor shall be dispatched to the location.

416.3.1 FIRST RESPONDING OFFICER RESPONSIBILITIES

(a) Officers shall not operate their cell phone / radios within a 300 ft minimum radius as radio/cell phone frequencies may potentially detonate an explosive device.

(b) Officers shall leave the decision to evacuate or not evacuate a scene to the person in control of the property, unless a potential explosive device is found.

(c) Officers shall ask persons who locate a real or potential explosive device to remain at the scene to be interviewed by the RSO Bomb Squad.

(d) Officers may contact the RSO bomb squad when any doubt exists as to whether they are dealing with an explosive device.

(e) Only Riverside County Sheriff Department Bomb Squad personnel who are currently certified as Bomb Technicians shall handle explosive devices.

(f) Officers shall notify the RSO bomb squad when an explosion has occurred that has resulted in any injury or damage.

(g) Officers shall have CDF medics and firefighters stage at a safe location during the evolution of a bomb threat investigation.

(h) The RSO bomb squad is responsible for moving explosive materials.

(i) Exception: With the approval of a sergeant, officers may transport only the following materials to the evidence unit:

   (a) Small arms ammunition smaller than.50 caliber

   (b) Tear gas capsules that provide identification of their contents

(j) Officers shall notify RSO Bomb Squad if the evidence unit refuses these materials.
(k) Officers shall stage CDF if appropriate.

416.3.2 SUPERVISOR RESPONSIBILITIES

Dispatch Supervisor Duties:
(a) Requests a phone call from the appropriate Sergeant.
(b) Gives the sergeant information about the bomb threat.

(i) Ascertain from the person-in-control whether the scene will be searched.
(j) Determines the level of police involvement with the search, if any.
(k) If a real or potential explosive device is located, notify RSO Bomb Squad immediately.
(l) Evacuate the property, if it has not already been evacuated.
(m) Establish a perimeter commensurate with the level of threat (see the ATF Vehicle Bomb Explosion Hazard and Evacuation Distance Tables).
(n) Attempts to locate keys to all areas of the property.
(o) Draws a sketch of the floor plan around the device, if possible.
(p) Provides RSO with all available information.
(q) Confirm that a report is written.

416.3.3 RESPONDING TO SUSPICIOUS PACKAGES (POTENTIAL CHEMICAL / BIOLOGICAL WEAPONS)

When investigating a potential chemical or biological weapon, responding officers shall:
(a) Requests that a sergeant respond to the scene.
(b) Requests that the Dispatch Supervisor notify RSO Bomb Squad and CDF Hazmat
(c) Uses personal protective equipment.
(d) Identifies potential victims who were exposed to the package or suspected substance.
(e) Assist RSO or CDF with their investigation as needed.
(f) Request additional resources as needed.

This procedure shall be followed should a bomb threat occur at a private facility or another public facility and the Department is informed of the threat. The decision to allow personnel back into the public or private facility will be the responsibility of the person or persons in charge of the building when such facility is deemed safe to enter.

416.4 GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency. In case of a bomb threat at the Indio Superior Court which falls under the jurisdiction of the Riverside County Sheriff Department, the on duty supervisor will coordinate any assistance requested by RSO with the RSO Incident Commander to facilitate any mutual aid request other than the Departments jurisdictional control of the adjoining parking lots and any traffic control related issues that arise.

416.4.1 INDIO POLICE DEPARTMENT FACILITY
If the bomb threat is against the Indio Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

416.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a county or municipal facility within the jurisdiction of the Indio Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

416.4.3 FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

416.5 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the City of Indio, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:
(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting police assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

416.5.1 ASSISTANCE
The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
   1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
   2. The safety of all participants is the paramount concern.
(e) The need for additional resources, including:
   1. Notification and response, or standby notice, for fire and emergency medical services.
Response to Bomb Calls

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

**416.6 FOUND DEVICE**
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.

(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.

(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices

(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.

(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.

(f) A safe access route should be provided for support personnel and equipment.

(g) Search the area for secondary devices as appropriate and based upon available resources.

(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.

(i) Promptly relay available information to the Watch Commander including:
   1. The time of discovery.
   2. The exact location of the device.
   3. A full description of the device (e.g., size, shape, markings, construction).
   4. The anticipated danger zone and perimeter.
   5. The areas to be evacuated or cleared.

**416.7 EXPLOSION/BOMBING INCIDENTS**
When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.
416.7.1 CONSIDERATIONS
Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

416.7.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

• Fire department
• Bomb squad
• Additional department personnel, such as investigators and forensic services
• Field supervisor
• Watch Commander
• Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
• Other government agencies, as appropriate

416.7.3 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

416.7.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Mental Illness Commitments

418.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

418.2 POLICY
It is the policy of the Indio Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

418.3 AUTHORITY
An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining if the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person
(b) A family member
(c) The person subject to the determination or anyone designated by the person

418.3.1 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
(b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

418.4 CONSIDERATIONS AND RESPONSIBILITIES
Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.
Mental Illness Commitments

(b) Community or neighborhood mediation services.
(c) Conflict resolution and de-escalation techniques.
(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

418.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual’s personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person’s property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

418.5 TRANSPORTATION
When transporting any individual for a 5150 commitment, the transporting officer should have the Dispatch Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

418.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual, changing garments or facilitating any medical procedure or intervention. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be
available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility ordered restraints.

So as not to exceed our legal authority, the Indio Police Department does not respond to calls for service at medical or mental health facilities where our role is to assist in patient management issues.

Examples include:

- Refusal to take medications
- Inpatient clients who are inside a secure facility but refusing to go to their assigned room
- Transporting admitted/accepted clients to another medical or mental health facility

Supervisors will monitor calls for service at medical and mental health facilities in order to verify that we are acting within the scope of our law enforcement and community caretaking legal authority and role.

418.7 DOCUMENTATION
The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.7.1 ADVISEMENT
The officer taking a person into custody for evaluation shall advise the person of:

(a) The officer’s name and agency.
(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
(c) The name of the facility to which the person is being taken.
(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.
Mental Illness Commitments

The advisement shall be given in a language the person understands. Translation services will be provided if necessary. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

418.8 CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
(c) Facilitate the individual’s transfer to jail.
(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm.Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).
418.9.1  **PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS**
Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigative Services Division Lieutenant, who shall be responsible for communicating with the City Attorney regarding initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

**418.10  TRAINING**
This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.
Cite and Release Policy

420.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

420.2 POLICY
It is the policy of the Indio Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

420.3 RELEASE BY CITATION
Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

420.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

420.3.2 RELEASE AFTER BOOKING
In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

420.4 NON-RELEASE
420.4.1 DISQUALIFYING OFFENSES
An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
(b) Felony domestic battery (Penal Code § 273.5)
(c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
(d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
(e) Rape of a spouse (Penal Code § 262)
(f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person’s workplace or residence (Penal Code § 273.6)
(g) Stalking (Penal Code § 646.9)
(h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

420.4.2 REASONS FOR NON-RELEASE
A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
   1. The Indio Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
(c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
(d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).
(e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).

(f) The person could not provide satisfactory evidence of personal identification.

1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

(g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:

   (a) Previous failure to appear is on record
   (b) The person lacks ties to the area, such as a residence, job, or family
   (c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Bureau.

420.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

   (a) The misdemeanor cited in the warrant involves violence.
   (b) The misdemeanor cited in the warrant involves a firearm.
   (c) The misdemeanor cited in the warrant involves resisting arrest.
   (d) The misdemeanor cited in the warrant involves giving false information to a peace officer.
   (e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics.
(f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety.

(g) The person has other ineligible charges pending against him/her.

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.

(i) The person refuses to sign the notice to appear.

(j) The person cannot provide satisfactory evidence of personal identification.

(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

420.6 JUVENILE CITATIONS
Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Indio City codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Riverside County District Attorney's Office for further action including diversion.

420.7 REQUESTING CASE NUMBERS
Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.
Foreign Diplomatic and Consular Representatives

422.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Indio Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

422.2 POLICY
The Indio Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them. It is the policy of this department to adhere to the guidance provided by the U.S. Department of State concerning immunities for foreign nationals based on international treaty obligations. Adherence to these international treaty obligations is required by law and also helps protect American diplomatic officers and consular officials stationed abroad.

422.2.1 DEFINITIONS
Foreign National: For the purposes of consular notification a foreign national is any person who is not a U.S. citizen. Lawful permanent resident aliens (or LPRs) who have resident alien registration cards (green cards) retain their foreign nationality and must be considered foreign nationals. The terms foreign national and alien are used interchangeably.

Detainee: A detainee in this context is a foreign national who is arrested or placed in custody pending investigation or judicial appearance, or both. Brief stops of such persons for motor vehicle violations or similar incidents are not considered detentions for purposes of this policy.

Consul or Consular Officer: A consular officer is a citizen of a foreign country employed by a foreign government and authorized to provide assistance on behalf of that government to that government’s citizens in a foreign country. Consular officers are generally assigned to the consular section of a foreign government’s embassy in Washington, DC, or to consular offices maintained by the foreign government in locations in the United States outside of Washington, DC.

Diplomatic Immunity: A principle of international law by which certain foreign government officials are not subject to the jurisdiction of local courts and authorities for both their official and, to a large extent, their personal activities.

Inviolability: Embodied in international law that generally precludes law enforcement officials from handcuffing, arresting or detaining certain foreign diplomatic and consular officials in any form and forbids U.S. authorities from entering the residences, automobiles, or other property of protected persons. Where public safety is in imminent danger or it is apparent that a felony or crime of
violence may otherwise be committed, police authorities may intervene to the extent necessary
to halt such activity or defend themselves or others from personal harm.

**422.3 CLAIMS OF IMMUNITY**

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.

(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

(f) Only an identity card issued by the U.S. Department of State, Office of Protocol, or by the U.S. Mission to the United Nations may be used as valid identification for diplomats and consular officials. The identification cards are color coded according to the following: (http://travel.state.gov/law/consular/consular_746.html):

1. Blue border = diplomatic officers and their families.
2. Green border = embassy administrative, technical, and service staff employees.
3. Red border = consular officers, employees, or their families

(g) License plates issued by the U.S. Department of State are coded to reflect the degree of immunity which the registered owner of the vehicle enjoys:

1. Plates with a “D” prefix or suffix are issued to diplomatic missions and those members who hold diplomatic rank.
2. Plates with a “C” prefix are issued to consular missions and career consular officers.
3. Plates with a “S” prefix are issued to the administrative and technical staff at diplomatic missions and consular employees at consular missions. Plates with an “A” prefix or suffix are issued to official vehicles of the Secretariates of the United Nations and the Organization of American States and the personally owned vehicles of those staff members who have diplomatic status. These license plates are designed to assist officers identifying vehicles that belong to persons who may enjoy some degree of immunity, however, in no circumstance
Foreign Diplomatic and Consular Representatives

should the license plate be used alone to verify the status of an individual claiming immunity.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.

422.4 ENFORCEMENT
If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
   
   1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
   
   1. Diplomatic-level staff of missions to international organizations and recognized family members
   2. Diplomatic agents and recognized family members
   3. Members of administrative and technical staff of a diplomatic mission and recognized family members
   4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:
   
   1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
   2. Support staff of missions to international organizations
   3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
   4. Honorary consular officers
   5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities,
the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.

422.5 DOCUMENTATION
All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

424.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

424.2 POLICY
The Indio Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident. Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

424.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.
424.4 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

(e) When an emergency situation exists, and it is essential to neutralize an active shooter threat, responding officers should make all reasonable efforts to neutralize the threat as rapidly as reasonably possible to minimize injury and loss of life in accordance with the training provided by the department.

424.5 PLANNING
The Field Services Division Chief should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.
(j) Coordination with private security providers in critical incident target sites.

424.6 TRAINING
The Police Training Specialist should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
   (a) This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

(f) Command post operation training for sergeants and lieutenants.

(g) Annual active shooter training, including simulation exercises conducted in schools and other facilities and partnering first response agencies, where appropriate.
Homeless Persons

426.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Indio Police Department recognizes that members of the homeless community are often in need of special protection and services. The Indio Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

426.1.1 POLICY
It is the policy of the Indio Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

426.2 HOMELESS COMMUNITY LIAISON
The Quality of Life Sergeant will serve as the Department's Homeless Community Liaison. The responsibilities of the Quality of Life Sergeant include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with social services and representatives of other organizations that render assistance to the homeless.

(c) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
   1. Proper posting of notices of trespass and clean-up operations.
   2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.

(d) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

(e) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

426.3 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent
Homeless Persons

misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

426.3.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.

(b) Document places the homeless person may frequent.

(c) Provide homeless victims with victim/witness resources when appropriate.

(d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.

(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult Abuse Policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

426.4 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor’s responsibility to coordinate the removal and safekeeping of the property.
Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor. Requests by the public for clean-up of a homeless encampment should be referred to the Quality of Life Sergeant due to notification requirements.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the Quality of Life Sergeant if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Quality of Life Sergeant to address the matter in a timely fashion.

426.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

426.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
Immigration Violations

428.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Indio Police Department relating to immigration and interacting with federal immigration officials.

428.1.1 DEFINITIONS
The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person’s presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person’s presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

428.2 POLICY
It is the policy of the Indio Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

428.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. Indio Police Department members are not to question victims, witnesses or reporting parties as to their immigration status. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity or national origin in any way that would violate the United States or California constitutions.

428.4 IMMIGRATION INQUIRIES PROHIBITED
Officers shall not inquire into an individual’s immigration status for immigration enforcement purposes (Government Code § 7284.6).
428.4.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)  
Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual’s record (Government Code § 15160).

428.5 DETENTIONS AND ARRESTS  
An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

428.5.1 SUPERVISOR RESPONSIBILITIES  
When notified that an officer has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.

(b) Transfer the person to jail.

428.6 FEDERAL REQUESTS FOR ASSISTANCE  
Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this department should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).
428.7 INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

(a) Sending information to, or requesting or receiving such information from federal immigration officials
(b) Maintaining such information in department records
(c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

428.7.1 IMMIGRATION DETAINERS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).

Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

(a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).
(b) The individual has been arrested and had a judicial probable cause determination for a felony punishable by time in a state prison.
(c) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
(d) The individual is a current registrant on the California Sex and Arson Registry.
(e) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

428.7.2 NOTICE TO INDIVIDUALS
Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the Indio Police Department intends to comply with the request (Government Code § 7283.1).

If the Indio Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).
428.7.3 ICE INTERVIEWS
Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Indio Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

428.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES
Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

   (a) Transfer is authorized by a judicial warrant or judicial probable cause determination.
   (b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
   (c) The individual is a current registrant on the California Sex and Arson Registry.
   (d) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

428.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Major Crimes Unit or Street Crimes Unit supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Records Supervisor for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the Records Bureau Policy).

428.8 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Major Crimes Unit or Street Crimes Unit supervisor assigned to oversee the handling of any related case. The Major Crimes Unit or Street Crimes Unit supervisor should:

   (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
   (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
   (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

   (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

   (e) Inform the victim liaison of any requests and their status.

428.8.1 TIME FRAMES FOR COMPLETION
Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 30 days of a request from the victim, victim’s family, or authorized representative (as defined in Penal Code § 679.10 and Penal Code § 679.11) related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within seven days of the first business day following the day the request was received.

428.8.2 REPORTING TO LEGISLATURE
The Major Crimes Unit or Street Crimes Unit supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

428.8.3 POLICE REPORTS
Upon request, an officer or supervisor should provide a victim or authorized representative with a copy of the report filed by the victim within seven days of the request (Penal Code § 679.10).

428.9 TRAINING
The Training Coordinator should ensure that all appropriate members receive training on immigration issues.

Training should include:

(a) Identifying civil versus criminal immigration violations.

(b) Factors that may be considered in determining whether a criminal immigration violation has been committed.

(c) Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).
Emergency Utility Service

430.1 PURPOSE AND SCOPE
The Public Works Department has personnel available to handle emergency calls 24 hours per
day. Calls for service during non-business hours are frequently directed to the Police Department.
Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES
The City’s responsibility ends at the water meter; any break or malfunction in the water system
from the water meter to the citizen's residence or business is the customer's responsibility. Public
Works can only turn off the valve at the meter. The citizen can normally accomplish this.
If a break occurs on the City side of the meter, emergency personnel should be called as soon
as practical by the Communications Center.

430.1.2 ELECTRICAL LINES
Public Works does not maintain electrical lines to street light poles. When a power line poses a
hazard, an officer should be dispatched to protect against personal injury or property damage that
might be caused by power lines. The Imperial Irrigation District or Public Works shall be promptly
notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS, WELLS, ETC.
Public Works maintains the reservoirs and public water equipment, as well as several underpass
and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency
personnel should be contacted as soon as possible.

430.1.4 EMERGENCY NUMBERS
A current list of emergency personnel who are to be called for municipal utility emergencies is
maintained by the Communications Center.

430.2 TRAFFIC SIGNAL MAINTENANCE
The Public Works department maintains all traffic signals within the City, other than those
maintained by the State of California.

430.2.1 OFFICER'S RESPONSIBILITY
Upon observing a damaged or malfunctioning signal, the officer shall advise the Communications
Center of the location and problem with the signal. The dispatcher should make the necessary
notification to the proper maintenance agency.
Aircraft Accidents

434.1 PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

434.1.1 DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/ dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

434.2 POLICY
It is the policy of the Indio Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

434.3 ARRIVAL AT SCENE
Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

434.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.
434.5 NOTIFICATIONS
When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

434.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Coroner.
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene supervisor should ensure the accident is still appropriately investigated and documented.

434.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of IPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

434.8.1 WRECKAGE
When reasonably safe, members should:
(a) Obtain the aircraft registration number (N number) and note the type of aircraft.
(b) Attempt to ascertain the number of casualties.
(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
   1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
(e) Acquire copies of any recordings from security cameras that may have captured the incident.

434.8.2 WITNESSES
Members tasked with contacting witnesses should obtain:
(a) The location of the witness at the time of his/her observation relative to the accident site.
(b) A detailed description of what was observed or heard.
(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
(d) The names of all persons reporting the accident, even if not yet interviewed.
(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

434.9 MEDIA RELATIONS
The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should
Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The PIO should coordinate with other involved entities before the release of information.

- Coordinating special training for FTOs, including attendance at a POST approved Field Training Officer Course.
- Ensuring changes in law or policy are reflected in the FTO Manual.
- Acting as a liaison between the Field Sergeants and the Program.
- Addressing issues specifically related to the Field Training Program.
- Assisting with recruitment and retention of Field Training Officers.
- Assisting with the daily and monthly evaluation review.
- Acting as an on-duty, after-hours resource for the Field Training Officers with program issues.
- Coordinate FTO meetings

### 436.6.2(a) FIELD SERGEANTS:

Field Sergeants play a critical role in the FTO program. Their responsibilities include:

- Closely monitoring the performance of all probationary officers assigned to their shift who work as a solo unit.
- In the absence of an FTO, ensuring probationary officers are assigned to work in the field with officers who have attended the POST Field Training Officer Course. If no qualified officer is available, the probationary officer cannot be assigned field duty.
Documenting the field performance of the FTO assigned to the Field Sergeant’s shift.

436.6.3 FIELD TRAINING ADMINISTRATOR
The Field Training Administrator will review and approve the End of Phase Performance Evaluations submitted by the FTO through the Field Training Coordinator.

436.6.4 TRAINEE
At the completion of the Field Training Program, the trainee shall submit a confidential performance evaluation on each of their FTOs and on the Field Training Program.

436.7 DOCUMENTATION
All documentation of the Field Training Program will be retained in the officer’s training files and will consist of the following:

(a) Daily Trainee Performance Evaluations
(b) End of phase evaluations
(c) A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training
Obtaining Air Support

438.1 PURPOSE AND SCOPE
The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

438.2 REQUEST FOR AIR SUPPORT
If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made.

(a) After consideration and approval of the request for air support and fixed wing by the Watch Commander or their designee, the Communications Officer In Charge (OIC) will call a local agency having air support and fixed wing support available. The OIC will apprise that agency of the specific details of the incident prompting the request.

438.2.1 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Air Support may be requested under any of the following conditions:

(a) When the air support is activated under existing mutual aid agreements
(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of air support may reduce such hazard
(c) When the use of the air support will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
(d) When air support is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
(e) Vehicle pursuits

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.
Contacts and Temporary Detentions

440.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs. An additional purpose of this policy is to provide guidance to Indio police officers when making contact with individuals in our community.

440.1.1 DEFINITIONS
Definitions related to this policy include:

**Consensual encounter** - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

**Field interview** - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

**Field photographs** - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

**Pat-down search** - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

**Reasonable suspicion** - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

**Temporary detention** - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person’s freedom of movement.

440.2 POLICY
The Indio Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards. Keeping in mind that interactions with individuals form the cornerstone of effective law enforcement operations, all officers should follow the
provisions of this policy to maximize the usefulness of police-public contacts to include consensual encounters, investigatory / temporary detentions, pat-downs, and arrests. It is the policy of the Indio Police Department that all community-police contacts made by department personnel shall be conducted professionally and in accordance with established legal principles.

440.3 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual consensual contacts with consenting individuals is encouraged by the Indio Police Department to strengthen community involvement, community awareness, community based policing, problem solving and problem identification.

440.3.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the officer should be able to point to specific articulable facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual’s:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
(b) Actions suggesting that he/she is engaged in a criminal activity
(c) Presence in an area at an inappropriate hour of the day or night
(d) Presence in a particular area is suspicious
(e) Carrying of suspicious objects or items
(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
(g) Location in proximate time and place to an alleged crime
(h) Physical description or clothing worn that matches a suspect in a recent crime
(i) Prior criminal record or involvement in criminal activity as known by the officer
(j) Based on information and description relayed during a call for service
(k) Prior & current knowledge of an individual, their parole / probation status in relation to a 4th amendment waiver as condition of his status

440.4 PAT-DOWN SEARCHES
Once a valid stop has been made, and consistent with the officer’s training and experience, an officer may pat a suspect’s outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence.
Contacts and Temporary Detentions

(Terry v. Ohio). Circumstances that may establish justification for performing a pat-down search include but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

440.5  FIELD PHOTOGRAPHS
All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

440.5.1  FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

440.5.2  FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy. All lawfully obtained photographs shall be downloaded in FileonQ.

440.5.3  DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.
Contacts and Temporary Detentions

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

(a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Bureau.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

440.5.4 SUPERVISOR RESPONSIBILITIES
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

440.6 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.

   1. When feasible, a body worn camera recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.

   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain an audio / video recorded statement. Such witnesses, if willing, may be transported by Indio Police Department members.

   1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.
Criminal Organizations

442.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Indio Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

442.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

Criminal Intelligence - Information compiled, analyzed and/or disseminated in an effort to anticipate, prevent, or monitor criminal activity.

Strategic Intelligence - Information concerning existing patterns or emerging trends of criminal activity designed to assist in criminal apprehension and crime control strategies, for both short- and long-term investigative goals.

Tactical Intelligence - Information regarding a specific criminal event that can be used immediately by operational units to further a criminal investigation, plan tactical operations and provide for officer safety.

Threshold for criminal intelligence - The threshold for collecting information and producing criminal intelligence shall be the “reasonable suspicion” standard in 28 CFR, Part 23, Section 23.3 c.

442.2 POLICY
The Indio Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

Information gathering is a fundamental and essential element in the all-encompassing duties of any law enforcement agency. When acquired, information is used to prevent crime, pursue and apprehend offenders, and obtain evidence necessary for conviction. It is the policy of this agency to gather information directed toward specific individuals or organizations where there is reasonable suspicion (as defined in 28 CFR, Part 23, Section 23.3 c) that indicates individuals or organizations may be planning or engaging in criminal activity, to gather it with due respect for the rights of those involved, and to disseminate it only to authorized individuals as defined. While criminal intelligence may be assigned to specific personnel within the agency, all members of this agency are responsible for reporting information that may help identify criminal conspirators and perpetrators. It is the policy of this department to collect and share relevant information while
Criminal Organizations

respecting the privacy and legal rights of the public. It is the purpose of this policy to provide law enforcement officers in general, and officers assigned to an intelligence function in particular, with guidelines and principles for the collection, analysis, and distribution of intelligence information.

442.3 CRIMINAL INTELLIGENCE SYSTEMS
No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.
(b) Use of every criminal intelligence system is appropriately reviewed and audited.
(c) Any system security issues are reasonably addressed.

442.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any supporting documentation for an entry shall be retained by the Records Bureau in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

442.3.2 GANG DATABASES
The Chief of Police may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG® or LA CLEAR. Members must obtain the requisite training and authorized access before accessing any such database.

It is the gang unit supervisor’s responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate or affiliate in a shared gang database; or submitting a document to the Attorney General’s office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing
that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate or affiliate in a shared gang database accessible by the department, the basis for that designation and the name of the agency that made the designation. The department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, maycontest the designation by submitting written documentation which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department’s decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The gang unit supervisor should forward reports or FIs to the Records Bureau after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

It is the responsibility of the Records Bureau supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

442.4 TEMPORARY INFORMATION FILE
No member may create or keep personal files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

442.4.1 FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:
(a) Must only be included upon documented authorization of the responsible department supervisor.

(b) Should not be originals that would ordinarily be retained by the Records Bureau or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, FI forms, the Dispatch Center records or booking forms.

(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

442.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

442.5 INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

   (a) Gang indicia associated with a person or residence.
   (b) Information related to a drug-trafficking operation.
   (c) Vandalism indicating an animus for a particular group.
   (d) Information related to an illegal gambling operation.
   (e) Information related to human trafficking.

Department supervisors who utilize an authorized criminal intelligence system should work with the police training specialist to train members to identify information that may be particularly relevant for inclusion.

442.6 RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.
Criminal Organizations

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

442.7 CRIMINAL STREET GANGS
The Investigative Services (SCU) Sergeant should ensure that there are an appropriate number of department members who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
   1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
   2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
   3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).

(b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.

(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

442.8 TRAINING
The training cadre or Police Training Specialist should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.

(f) Pertinent case law updates.
Watch Commanders

444.1 PURPOSE AND SCOPE
Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives.

444.2 DESIGNATION AS ACTING WATCH COMMANDER
Under normal circumstances, a Sergeant or Lieutenant will serve as the Watch Commander. When a Sergeant is unavailable for duty as Watch Commander, a qualified designee will serve as an acting Watch Commander.
Mobile Data Computer Use

448.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Dispatch Center.

448.2 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

448.3 POLICY
Indio Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

448.4 RESTRICTED ACCESS AND USE
MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

448.4.1 USE WHILE DRIVING
Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.
Mobile Data Computer Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

448.5 DOCUMENTATION OF ACTIVITY
Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member’s daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

448.5.1 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system when it appears safe to do so.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

448.5.2 EMERGENCY ACTIVATION
If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

448.6 EQUIPMENT CONSIDERATIONS

448.6.1 MALFUNCTIONING MDC
Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the Dispatch Center. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.
448.6.2  BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.
Use of Audio Recorders

450.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

It should be noted that Indio Police Department Policy 451 - Body Worn Camera Systems, specifically addresses Department-issued body worn cameras.

This policy does not apply to lawful surreptitious audio/video recording, interception of communications for authorized investigative purposes or to mobile audio/video recordings (see the Investigation and Prosecution and Mobile Audio/Video policies).

450.2 POLICY
The Indio Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

450.3 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

450.4 MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, IPD identification number and the current date and time at the beginning and the end of the shift or other period
Use of Audio Recorders

of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user’s unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

450.4.1 SUPERVISOR RESPONSIBILITIES
Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

450.5 ACTIVATION OF THE PORTABLE RECORDER
This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations
(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
(c) Self-initiated activity in which a member would normally notify the Dispatch Center
(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

450.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER
Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).
Use of Audio Recorders

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

450.5.2 CESSATION OF RECORDING
Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person’s attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

450.5.3 EXPLOSIVE DEVICE
Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

450.6 PROHIBITED USE OF PORTABLE RECORDERs
Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

450.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS
To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
Use of Audio Recorders

(b) A complainant, victim or witness has requested non-disclosure.
(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
(d) Disclosure may be an unreasonable violation of someone’s privacy.
(e) Medical or mental health information is contained.
(f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

450.8 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
(c) By media personnel with permission of the Chief of Police or the authorized designee.
(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

450.9 COORDINATOR
The Chief of Police or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

(a) Establishing a system for downloading, storing and security of recordings.
Use of Audio Recorders

(b) Designating persons responsible for downloading recorded data.
(c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.
(d) Establishing a system for tagging and categorizing data according to the type of incident captured.
(e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.
(f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.
(g) Maintaining logs of access and deletions of recordings.

450.10 RETENTION OF RECORDINGS
Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):

(a) Incident involving use of force by an officer
(b) Officer-involved shootings
(c) Incidents that lead to the detention or arrest of an individual
(d) Recordings relevant to a formal or informal complaint against an officer or the Indio Police Department

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

450.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS
Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.
Body Worn Camera Systems

451.1 PURPOSE AND SCOPE
The Indio Police Department will provide each of its sworn and non-sworn field staff (based on assignment) with access to body worn video/audio recorders for use while on-duty. These recorders are intended to assist officers in the performance of their duties by providing an unbiased video/audio record of any citizen contact while in the performance of their duties. For the purpose of this policy the term “officers” refers to any IPD staff using a BWC in the performance of their duties. The use of personally owned body worn cameras is strictly prohibited.

The use of the video/audio device authorized by this policy, is in the form of the Watch Guard Vista™ body worn camera (BWC) system. The video footage captured by the BWC will be uploaded to a storage repository called Evidence Library™. If the captured video footage is evidentiary in nature the footage will be placed into evidence using the File On Q property/evidence management system. BWCs may provide documentary evidence for criminal investigations, internal or administrative investigations, and civil litigation. Officers shall utilize these devices in accordance with the provisions in this general order to maximize the effectiveness of the BWC documentation to achieve operational objectives and to ensure evidence integrity.

451.2 UNIFORMED OFFICER RESPONSIBILITIES
Prior to going into service, each uniformed officer will be responsible for making sure that they are equipped with a department issued BWC that is in good working order. If a BWC is not available, the officer shall notify the on-duty Watch Commander. Officers shall have the BWC on their person in a location with the ability to safely activate it prior to or during a contact.

(a) Personnel utilizing a BWC shall be responsible for the following:

1. Ensure the battery is fully charged and operating properly
2. Immediately reporting unresolved equipment malfunctions/problems to their supervisor
3. Monitoring system effectiveness and making recommendations for operational improvement and policy revision
4. Documenting the use of the BWC on one of the following:
   i. On the police report
   ii. As a notation on a citation
   iii. On a Field Interview card
   iv. In the notes section of the Alliance event history if the contact did not result in one of the above
   v. All reports forwarded for review by a district attorney’s office or review for criminal/civil filing shall be documented if BWC footage is or is not available for review
(b) Officers shall dock their issued camera for automated upload of BWC video footage daily at the end of their shift at the main docking station. If in the event the memory of the BWC is filled to capacity, officers shall return to the station to upload the video.

(c) Officers are prohibited from utilizing department recorders and recording media for personal use. Employees shall not obtain, attempt to obtain, or convert for their personal use or for the unauthorized use of another person, any information obtained by a video/audio recording made on department owned equipment. Employees shall not make personal copies or attempt to upload recordings to social networking sites.

451.3 NON-UNIFORMED SWORN PERSONNEL RESPONSIBILITIES
Any detective/officer/investigator assigned to a non-uniformed position may carry and activate a department BWC any time the employee believes such a device may be beneficial to the situation.

Non-uniformed personnel who are executing pre-planned enforcement activities such as serving a search/arrest warrant or parole/probation searches shall ensure that at least one or more BWCs shall be utilized during the initial phase of the arrest/search warrant or parole/probation search. Non-uniformed employees shall be responsible for uploading their BWC recordings in the same manner as described above for uniformed employees.

451.4 SUPERVISORY RESPONSIBILITIES
Supervisors shall ensure officers utilize BWCs according to policy guidelines.

In no event shall any recording be used or shown for the purpose of ridicule or embarrassing any employee.

Supervisors shall ensure all reports that will be sent to a district attorney’s office will document if BWC footage is or is not available for review.

451.5 SYSTEM ADMINISTRATOR
The System Administrator, Sgt. Lisa Corton, has oversight responsibilities to include, but not limited to, the following:

(a) Operation and user administration of the system
(b) System evaluation
(c) Training
(d) Policy and procedure review and evaluation
(e) Coordination with the Information Technology (IT) Unit regarding system related issues
(f) Ensure that public records access requests have been routed through the Custodian of Records or his/her designee prior to the release of any BWC footage to anyone outside the agency without the expressed permission of the Chief of Police.
451.6 ACTIVATION OF BWCS
This policy is not intended to describe every possible situation where the system may be used however; there are many situations where the use of the BWC system is appropriate. Officers may activate the system any time he/she believes its use would be appropriate and/or valuable to document an incident. In some circumstances, it is not possible to capture images of the incident due to conditions or location of the camera however; the audio portion can be valuable evidence and is subject to the same activation requirements as the BWC.

Officers shall position their camera to facilitate optimum recording field of view. Officers should activate their camera system as soon as practical upon encountering the below types of events. However, at no time shall an officer jeopardize his/her safety, or the safety of any other officer, to activate a recording device. Officers are not required to advise or obtain consent to activate the BWC:

(a) Search Warrants/Forced Entries/Warrantless Searches
   (a) When entry is made with or without a warrant, all officers should activate their cameras prior to making entry and continue recording until the scene has been secured. Once the location is secure, and no other circumstances warrant recording, officers may deactivate their cameras.

(b) Probation/Parole Searches
(c) 11550/DUI investigations including field sobriety tests
(d) Arrests
(e) In-Field suspect interrogations (including Miranda advisement) and witness interviews
(f) Interviews of victims and witnesses
(g) Vehicle and foot pursuits
(h) Pedestrian checks
(i) Prisoner transports
(j) Traffic stops
(k) Any other enforcement contact or detention.
(l) All self-initiated activity in which an officer would normally notify Dispatch
(m) Any call for service involving a crime where the BWC may aid in the apprehension and/or prosecution of a suspect, such as:
   (a) Domestic violence calls
   (b) Disturbance of peace calls
   (c) Offenses involving violence or weapons
(n) Any contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.
Once the BWC system is activated, it shall remain on and shall not be turned off until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported, and all witnesses, victims, etc. have been interviewed. Any time a BWC recording has been terminated prior to the end of the situation for whatever reason, that reasoning shall be documented in the applicable report. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive or other similar situations.

### 451.7 WHEN ACTIVATION NOT REQUIRED

Activation of the BWC system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service, or actively on patrol.

Penal Code § 632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential, however, Penal Code § 633 expressly exempts law enforcement from this prohibition during the course of a criminal investigation.

No member of this department may surreptitiously record a conversation of any other member of this department without the expressed knowledge and consent of all parties.

When the incident or event is of such duration that deactivating the BWC is necessary to conserve available recording time.

A citizen has requested the BWC be turned off within their home. Officers have no obligation to stop recording in response to a citizen’s request, but may evaluate the situation and when appropriate, honor the citizen’s request. The request to turn the camera off should be recorded.

### 451.8 REVIEW OF BWC FILES

Once uploaded to Evidence Library™, sworn and non-sworn personnel may view their own audio/video data (e.g. to verify an identification, a vehicle license number or to review an incident for statement accuracy) at a Department desktop computer by logging onto Evidence Library™. The video management software automatically time/date stamps and records each access by officer name.

BWC recordings that have been placed into evidence may be viewed by those department members based on a need and right to know basis and when requested by a district attorney’s office for prosecution purposes or by a properly served subpoena. Recordings not placed into evidence may be reviewed in any of the following situations:

(a) By a supervisor investigating a specific formal complaint or for any official purpose. Videos will not be randomly viewed to search for unreported acts of misconduct.

1. A supervisor’s review of BWC recordings that identifies a minor performance deficiency should generally be viewed as an opportunity to provide counseling and/or additional training to correct that deficiency. If the performance deficiency
is not corrected through training and/or counseling, the appropriate disciplinary and/or corrective action shall be taken.

(b) By a department detective, after approval from a Division Chief or his/her designee, who is participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation

(c) By department personnel who request to review their own recordings

(d) By court personnel through proper process or with permission from the Chief of Police or his/her designee

(e) By media personnel with permission from the Chief of Police or his/her designee

(f) Recordings may be shown for the purposes of training value. If an involved officer objects to the showing of recording, his/her objection will be submitted to staff to determine if the training value outweighs the officer’s objection for not showing the recording

(g) With prior approval from a Division Chief or his/her designee, an employee may review another employee’s recording

(h) By members of the City Attorney’s office or Risk Management in connection with pending litigation

(i) Upon approval by a supervisor/manager, by a Department employee who is conducting an official investigation such as a personnel, administrative or criminal investigation

(j) Third party investigations: In the event a third party law enforcement agency (e.g. Riverside County District Attorney’s Office) is conducting a criminal investigation related to an incident involving a Department employee, recordings may be made available to that agency

(k) In the event that an employee is to be interviewed pursuant to an investigation related to an incident which results in injury, bodily harm, death or involves the use of force, the employee and/or his/her attorney will be afforded an opportunity to review his/her video of the incident prior to the interview or after they have been interviewed by the appropriate investigative personnel. It will be at the discretion of the employee if the video is to be viewed before or after the statement is or is not provided. If the employee elects to view the video after being interviewed, the employee shall be offered the opportunity to review the video immediately after providing his/her statement regarding the underlying incident and be given an opportunity to offer a supplemental statement. Prior to the employee offering an initial statement, the following admonishment shall be provided to the employee:

“In this case, there is video evidence that you have had (or will have) an opportunity to view before (after) giving your initial statement. Video evidence has limitations and may depict the events differently than you recall, and may not depict all of the events as seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The “frame rate” of video may limit the camera’s ability to capture movements normally seen by the human eye. Lighting as seen on the video may be different than what is seen by the human eye. Videos
are a two dimensional medium and may not capture depth, distance or positional orientation as well as the human eye. Remember, the video evidence is intended to assist your memory and ensure that your initial statement explains your state of mind at the time of the incident.”

451.9 RECORD AFTER THE FACT
The Watch Guard Vista™ camera system is equipped with a “record after the fact” feature. This feature allows the camera to buffer footage as long as the camera is in the “ON” position and there is adequate storage space on the device. This footage is retained on the camera until it is overwritten through time. Officers should be aware of this feature and physically turn the camera “OFF” when privacy is needed/required. The footage that is buffered on the camera must be specifically downloaded by the System Administrator in order for the footage to be saved or viewed.

451.9.1 ACCESSING AFTER THE FACT RECORDINGS
The footage obtained through “record after the fact” shall be accessed only in any of the following situations:

(a) At the request of the employee in a situation where the camera was not activated prior to an incident becoming evidentiary in nature
(b) In the event of any officer involved shooting or other officer involved use of force where the officer could not/did not activate the camera prior to the incident
   1. All BWCs that were at the scene of any officer involved use of force shall have the “record after the fact” reviewed if the BWC was not activated
(c) Upon approval of the Chief of Police or his/her designee, any member of the department who is participating in an official investigation such as a personnel complaint, administrative investigation or criminal investigation
(d) The Indio Police Department shall notify or make every effort to make the officer or employee aware that the “record after the fact” buffered footage will be/was examined

The footage obtained and viewed through “record after the fact” shall be accessed by the following procedure:

(a) With the expressed direction of the Chief of Police or his/her designee
(b) By an uninvolved Division Chief or his/her designee
(c) Every effort will be made to limit the viewing of the buffered footage to a specific timeframe

451.9.2 VIEWING RECORD AFTER THE FACT FOOTAGE
“Record after the fact” footage shall be viewed/saved by the following procedure:

(a) With the expressed direction of the Chief of Police or his/her designee
(b) An uninvolved Division Chief or his/her designee shall review the “record after the fact” footage during the period of the incident in question. The reviewing official will make a determination if any usable footage is available. In the case of an internal,
Body Worn Camera Systems

administrative, and/or criminal investigation, any applicable video footage will be provided to the investigator for review, if available

(c) Every effort will be made to limit the viewing of the buffered footage to a specific timeframe

The Indio Police Department shall notify or make every effort to make the officer or employee aware that the “record after the fact” buffered footage will be/was examined

451.10 VIDEO MEDIA STORAGE AND INTEGRITY

Once uploaded to Evidence Library™, all video media will be labeled and placed in a designated secure storage area. All BWC footage that is not booked as evidence will be retained for a minimum of one year after which time it will be erased, destroyed, or recycled in accordance with Government Code § 34090.6. If a recording is identified as evidence, the retention of the footage will follow the Evidence/Property File retention schedule. Recordings that become part of a citizen complaint or administrative/internal investigation will follow the retention time identified for the complaint/investigation. In the event that BWC footage is evidence in any claim filed or any pending litigation, the footage shall be preserved until the pending litigation is resolved.

Inadvertent/accidental recordings of personal events and conversations shall be purged as soon as possible upon the approval of the Chief of Police or his/her designee, or System Administrator.

451.11 COPIES OF VIDEO RECORDINGS

Original video recording media shall not be used for any purpose other than for initial review by a supervisor. A copy of the original video recording will be made upon proper request for any person authorized in Policy Manual § 810.4
Medical Marijuana

452.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California’s medical marijuana laws.

452.1.1 DEFINITIONS
Definitions related to this policy include:

Cardholder - A person issued a current medical marijuana identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient’s housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers (“bud”) or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).
452.2 POLICY
It is the policy of the Indio Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California’s medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Indio Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

452.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.

(b) Investigations when a medicinal claim is made by a cardholder.

(c) Investigations when a medicinal claim is made by a non-cardholder.

452.3.1 <STRONG>INVESTIGATIONS WITH NO MEDICINAL CLAIM</STRONG>
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

452.3.2 <STRONG>INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER</STRONG>
A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.

(b) The card has been obtained or used by means of fraud.

(c) The person is otherwise in violation of the provisions of the MMP.

(d) The person possesses marijuana but not for personal medical purposes.
Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient’s medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

452.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER
No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient’s current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person’s claim of having a physician’s recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person’s medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician’s name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient’s needs (Health and Safety Code § 11362.77).

452.3.3 (a) MARIJUANA ENFORCEMENT
All personnel shall familiarize themselves with enforceable marijuana laws related to sales, possession and cultivation in an effort to minimize the risk of potential civil liability to the Indio Police Department in order to maintain compliance with Prop 64. Employees shall be provided with a cannabis law charging guide to familiarize themselves with enforceable laws.

452.3.4 ADDITIONAL CONSIDERATIONS
Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

(a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers will consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
Medical Marijuana

2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient’s needs:
1. The amount of marijuana recommended by a medical professional to be ingested.
2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors.

(c) Before proceeding with enforcement related to collective gardens or dispensaries, officers shall confer with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

(d) Investigating members will not order a patient to destroy marijuana plants under threat of arrest.

452.3.4 (a) PROCEDURES FOR HANDLING ANY LEGALLY SEIZED MARIJUANA

In the event that an officer encounters a situation where a subject is in possession of a large quantity of marijuana that far exceeds the allowed legal thresholds as described in this policy, any marijuana deemed evidence of a sales crime subject to seizure shall be placed in the appropriate packaging materials and labeled with the issued FileOnQ printed evidence labels. The File on Q data fields shall include the:
1. The case number.
2. Whether the narcotics are evidence or found property.
3. The item number with a description of the narcotic including count and weight.
4. The department employee’s name and badge number.
5. Possessors information if available.

The seized marijuana, with a computer printed label attached to each item, shall then be placed in an envelope or paper bag, sealed, and put in the secured evidence lockers. If the seized marijuana is too large for traditional evidence envelopes, it is to be placed in a paper bag or cardboard box then placed in a secured evidence locker.

452.3.4 (b) PROCESSING BY PROPERTY AND EVIDENCE PERSONNEL

The responsibility of processing any legally seized marijuana and dangerous drugs is the sole responsibility of the Property and Evidence Officer. In their absence, the Investigative Services Lieutenant assigns the responsibility.

On a daily basis, the property and evidence officer will remove the seized marijuana from the temporary storage lockers and transfer it to the respective assigned storage area for processing. The procedure that shall be adhered to is as follows:

(a) The packaged marijuana will be assigned a control number, which is used by Property &Evidence for accountability.

(b) The Property &Evidence personnel will then log the date, time, the item was received on.

(c) The item shall be inspected to ensure it has not been tampered with and stored according to Property &Evidence protocol pending case adjudication and or instructions from the District Attorney’s Office.

452.3.4 (c) CHAIN OF CUSTODY

The chain of custody is the written record of all individuals who have maintained unbroken control/custody of evidence/property. The chain of custody begins when an item of evidence/property is collected and is maintained until the final disposition is made. The chain of custody assures continual accountability. Each individual in the chain of custody is responsible for the evidence/property during the time it was under his control.

452.3.4 (d) ANALYSIS

All seized marijuana and dangerous drugs seized by departmental personnel shall be sent to the DOJ lab for analysis if the following apply:

1. A person was arrested for a criminal offense.

2. A criminal complaint is pending.

3. Directed to do so by the District Attorney’s Office.
Medical Marijuana

452.3.5  <STRONG>EXCEPTIONS</STRONG>
This policy does not apply to violations of H&S 11362.5, possession in correctional facilities and the mentioned examples. Officers should conduct enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence (23152(f)vc) of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

(c) Smoking marijuana (Health and Safety Code § 11362.79):
   1. In a public place where smoking is prohibited by law.
   2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
   3. On a school bus.
   4. While in a motor vehicle that is being operated.
   5. While operating a boat.

(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

452.3.6  <STRONG>INVESTIGATIONS INVOLVING A STATE LICENSEE</STRONG>
No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

452.4  FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

452.5  PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES
The Property and Evidence Section supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants.
Medical Marijuana

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor or designee may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Major Crimes Unit Sergeant.
Bicycle Patrol Unit

453.1 PURPOSE AND SCOPE
The Indio Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

453.2 POLICY
Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community. Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Watch Commander.

453.3 SELECTION OF PERSONNEL
Interested sworn personnel, who are off probation, shall submit a change of assignment request to their appropriate Division Chief. A copy will be forwarded to the BPU supervisor. Qualified applicants will then be invited to an oral interview. The oral board will consist of the BPU supervisor and second person to be selected by the BPU supervisor. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance.
(b) Special skills or training as it pertains to the assignment.
(c) Good physical condition.
(d) Willingness to perform duties using the bicycle as a mode of transportation.

453.3.1 BICYCLE PATROL UNIT SUPERVISOR
The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Field Services Division Chief or his/her designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

(a) Organizing bicycle patrol training.
(b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
(c) Scheduling maintenance and repairs.
(d) Evaluating performance of bicycle officers.
(e) Coordinating activities with the Field Services Division.
(f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.

453.4 TRAINING
Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

453.5 UNIFORMS AND EQUIPMENT
Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

453.6 CARE AND USE OF PATROL BICYCLES
Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in with a "POLICE" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of Vehicle Code §2800.1(b).
Bicycle Patrol Unit

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.

Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer’s immediate presence.

453.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):  

(a) In response to an emergency call.
(b) While engaged in rescue operations.
(c) In the immediate pursuit of an actual or suspected violator of the law.

Foot Pursuits

457.1 PURPOSE AND SCOPE
This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

457.2 DECISION TO PURSUE
The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.
(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
(e) Air support.
(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.
457.3 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.

(b) The officer is acting alone.

(c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.

(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.

(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer definitely known.

(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

(o) The officer’s ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.
Foot Pursuits

457.4 RESPONSIBILITIES IN FOOT PURSUITs

457.4.1 INITIATING OFFICER RESPONSIBILITIES
Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

457.4.2 ASSISTING OFFICER RESPONSIBILITIES
Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

457.4.3 SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.
Foot Pursuits

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

457.4.4 THE DISPATCH CENTER RESPONSIBILITIES

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Watch Commander as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

457.5 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and officers.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Arrestee information, if applicable.
(h) Any injuries and/or medical treatment.
(i) Any property or equipment damage.
(j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
Foot Pursuits

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

457.6 Policy
It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.
Automated License Plate Readers (ALPRs)

461.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

461.2 ADMINISTRATION
The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Indio Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Support Services Division Chief. The Support Services Division Chief will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

461.2.1 ALPR ADMINISTRATOR
The Support Services Division Chief shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.

(b) Training requirements for authorized users.

(c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.

(d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.

(e) The title and name of the current designee in overseeing the ALPR operation.

(f) Working with the Custodian of Records on the retention and destruction of ALPR data.

(g) Ensuring this policy and related procedures are conspicuously posted on the department’s website.

461.3 OPERATIONS
Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

(a) An ALPR shall only be used for official law enforcement business.
Automated License Plate Readers (ALPRs)

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.

(f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

461.4 DATA COLLECTION AND RETENTION
The Support Services Division Chief is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

461.5 ACCOUNTABILITY
All data will be closely safeguarded and protected by both procedural and technological means. The Indio Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
(c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

461.6 POLICY
The policy of the Indio Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

461.7 RELEASING ALPR DATA
The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

(a) The agency makes a written request for the ALPR data that includes:
   1. The name of the agency.
   2. The name of the person requesting.
   3. The intended purpose of obtaining the information.

(b) The request is reviewed by the Support Services Division Chief or the authorized designee and approved before the request is fulfilled.

(c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

461.8 TRAINING
The Training Coordinator should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).
Public Recording of Law Enforcement Activity

463.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

463.2 POLICY
The Indio Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

463.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the officers.
   4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

463.4 OFFICER RESPONSE
Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or
behavior to be unlawful. Accompanying the warnings should be clear directions on what an
dividual can do to be compliant; directions should be specific enough to allow compliance. For
example, rather than directing an individual to clear the area, an officer could advise the person
that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that
interferes with law enforcement activity, officers shall document in a report the nature and extent
of the interference or other unlawful behavior and the warnings that were issued.

463.5  SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate
a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a)  Request any additional assistance as needed to ensure a safe environment.

(b)  Take a lead role in communicating with individuals who are observing or recording
regarding any appropriate limitations on their location or behavior. When practical, the
encounter should be recorded.

(c)  When practicable, allow adequate time for individuals to respond to requests for a
change of location or behavior.

(d)  Ensure that any enforcement, seizure or other actions are consistent with this policy
and constitutional and state law.

(e)  Explain alternatives for individuals who wish to express concern about the conduct of
Department members, such as how and where to file a complaint.

463.6  SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a)  There is probable cause to believe the person recording has committed or is
committing a crime to which the recording relates, and the recording is reasonably
necessary for prosecution of the person.

1. Absent exigency or consent, a warrant should be sought before seizing or
viewing such recordings. Reasonable steps may be taken to prevent erasure of
the recording.

(b)  There is reason to believe that the immediate seizure of such recordings is necessary
to prevent serious bodily injury or death of any person.

(c)  The person consents.

1. To ensure that the consent is voluntary, the request should not be made in a
threatening or coercive manner.

2. If the original recording is provided, a copy of the recording should be provided
to the recording party, if practicable. The recording party should be permitted to
be present while the copy is being made, if feasible. Another way to obtain the
Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
Crisis Intervention Incidents

464.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

464.1.1 DEFINITIONS
Definitions related to this policy include:

**Person in crisis** - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

**Mental Health Crisis** - An event or experience in which an individual’s normal coping mechanisms are overwhelmed, causing them to have an extreme emotional, physical, mental, and/or behavioral response. Symptoms may include emotional reactions such as fear, anger, or excessive giddiness; psychological impairments such as inability to focus, confusion, or nightmares, and potentially even psychosis; physical reactions like vomiting/stomach issues, headaches, dizziness, excessive tiredness, or insomnia; and/or behavioral reactions including the trigger of a “freeze, fight, or flight” response. Any individual can experience a crisis reaction regardless of a lack of previous history of mental illness.

**Mental Illness** - An impairment of an individual’s normal cognitive, emotional, or behavioral functioning, caused by physiological or psychosocial factors. A person may be affected by mental illness if they display an inability to think rationally (e.g., delusions or hallucinations); exercise adequate control over behavior or impulses (e.g., aggressive, suicidal, homicidal, sexual); and/or take reasonable care of their welfare with regard to basic provisions for clothing, food, shelter, or safety.

464.2 POLICY
The Indio Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved. It is the purpose of this policy to provide guidance to law enforcement officers when responding to or encountering persons experiencing a mental health crisis.
**464.3 SIGNS**

Only a trained mental health professional can diagnose mental health illness, and even they may sometimes find it difficult to make a diagnosis. Officers are not expected to diagnose mental or emotional conditions, but rather to recognize behaviors that are potentially indicative of a person in mental health crisis, with special emphasis on those that suggest potential violence and/or danger to self and others in addition to indicators indicating a person may be gravely disabled and unable to care for self and others. The following are generalized signs and symptoms of behavior that may suggest an individual is experiencing a mental health crisis, but each should be evaluated within the context of the entire situation. However, officers should not rule out other potential causes, such as effects of alcohol or psychoactive drugs, temporary emotional disturbances that are situational, or medical conditions. Members should be alert to any of the following possible signs of mental health issues or crises which include but are not limited to:

(a) A known history of mental illness  
(b) Threats of or attempted suicide  
(c) Loss of memory  
(d) Incoherence, disorientation or slow response  
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas  
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt  
(g) Social withdrawal  
(h) Manic or impulsive behavior, extreme agitation, lack of control  
(i) Lack of fear  
(j) Anxiety, aggression, rigidity, inflexibility or paranoia  
(k) Strong and unrelenting fear of persons, places, or things.  
(l) Extremely inappropriate behavior for a given context.  
(m) Frustration in new or unforeseen circumstances; inappropriate or aggressive behavior in dealing with the situation.  
(n) Memory loss related to such common facts as name or home address, although these may be signs of other physical ailments such as injury, dementia, or Alzheimer’s disease.  
(o) Delusions, defined as the belief in thoughts or ideas that are false, such as delusions of grandeur (“I am Christ”) or paranoid delusions (“Everyone is out to get me”).  
(p) Hallucinations of any of the five senses (e.g., hearing voices, feeling one’s skin crawl, smelling strange odors, seeing things others cannot see).  
(q) The belief that one suffers from extraordinary physical ailments that are not possible, such as persons who are convinced that their heart has stopped beating for extended periods of time.  
(r) Obsession with recurrent and uncontrolled thoughts, ideas, and images.
Crisis Intervention Incidents

(s) Extreme confusion, fright, paranoia, or depression.
(t) Feelings of invincibility.

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

464.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police should designate an appropriate Division Chief to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

464.5 FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
(d) Attempt to determine if weapons are present or available.
   1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).
(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
(f) Secure the scene and clear the immediate area as necessary.
(g) Employ tactics to preserve the safety of all participants.
(h) Determine the nature of any crime.
Crisis Intervention Incidents

(i) Request a supervisor, as warranted.
(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.
(k) If circumstances reasonably permit, consider and employ alternatives to force.

464.6 DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

• Evaluate safety conditions.
• Introduce themselves and attempt to obtain the person’s name.
• Be patient, polite, calm, courteous and avoid overreacting.
• Speak and move slowly and in a non-threatening manner.
• Moderate the level of direct eye contact.
• Remove distractions or disruptive people from the area.
• Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
• Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

• Use stances or tactics that can be interpreted as aggressive.
• Allow others to interrupt or engage the person.
• Corner a person who is not believed to be armed, violent or suicidal.
• Argue, speak with a raised voice or use threats to obtain compliance.

464.7 INCIDENT ORIENTATION
When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
(b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
(c) Contact information for a treating physician or mental health professional.
Crisis Intervention Incidents

Additional resources and a supervisor should be requested as warranted.

464.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.
(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Chief.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

464.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings. If an individual is determined to be in mental health crisis and detained for a mental health evaluation, the incident shall be documented in a written report. When documenting such detentions, officers should do the following;

(a) Officers should ensure that the report is as specific and explicit as possible concerning the circumstances of the incident and the type of behavior that was observed.
(b) In circumstances when an individual is transported to a mental health facility for a psychiatric evaluation, officers shall complete a 5150 WIC form and attach a copy to the police report.

464.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.
464.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS
Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.

(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.

(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

464.11 EVALUATION
The Division Chief designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

464.12 TRAINING
In coordination with the mental health community and appropriate stakeholders, the police training cadre & police training specialist will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in mental health crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

The following POST training (https://catalog.post.ca.gov) is for officers that should be provided by the police training cadre & police training specialist but, is not limited to;

- **CRISIS INTERVENTION BEHAVIORAL HEALTH TRAINING SB 11** - Provides the student with the minimum topics mandated in section 13515.27(a) of the California Penal Code and meets the Perishable Skills Program for Tactical Communication. The training increases officer safety prior to, during and post contact.

- **LEGISLATIVE UPDATE** - Designed to update agency executives and officers to current case law trends, what they mean for agencies and how to practically satisfy new case law requirements. Some of these trends include de-escalation techniques and mental health considerations.

- **CRISIS INTERVENTION BEHAVIORAL HEALTH TRAINING FTO** - The course meets minimum 8 hours for Field Training Officer per SB 29. It will provide the trainee
Crisis Intervention Incidents

with the minimum topics mandated by 13515.28(a)(1) of the California Penal Code. Field training officers are required to have 8 hours of crisis intervention behavioral health training.

- **CRISIS INTERVENTION TRAINING** - (CIT) is a training program designed to help law enforcement officers manage potential crisis situations with individuals with mental illness within the community. The course focuses on specific mental illnesses, de-escalation skills, community resources, in addition to other various mental health related issues. CIT is a partnership between the Sheriff's Department and Riverside University Health System, Behavioral Health.
First Amendment Assemblies

465.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

465.2 POLICY
The Indio Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

465.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
465.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

465.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Dispatch Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

465.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

465.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
First Amendment Assemblies

- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

465.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with City government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.
First Amendment Assemblies

465.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

465.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

465.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and Conducted Energy Devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).
First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

465.8 ARRESTS
The Indio Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

465.9 MEDIA RELATIONS
The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

465.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
465.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan  
(b) Any incident logs  
(c) Any assignment logs  
(d) Vehicle, fuel, equipment and supply records  
(e) Incident, arrest, use of force, injury and property damage reports  
(f) Photographs, audio/video recordings, the Dispatch Center records/tapes  
(g) Media accounts (print and broadcast media)

465.11.1 AFTER-ACTION REPORTING
The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event  
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)  
(c) Problems identified  
(d) Significant events  
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

465.12 TRAINING
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.
Civil Disputes

466.1 PURPOSE AND SCOPE
This policy provides members of the Indio Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

466.2 POLICY
The Indio Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace.

When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

466.3 GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial and avoid being baited into situations that can lead to potential civil liability.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.
Civil Disputes

466.4 COURT ORDERS
Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.
(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

466.4.1 STANDBY REQUESTS
Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property. These request should normally be fulfilled during the reasonable hours of 7 am to 10 pm, unless approved by a supervisor.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

466.5 VEHICLES AND PERSONAL PROPERTY
Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.
Civil Disputes

466.6 REAL PROPERTY
Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.
Suspicious Activity Reporting

467.1 PURPOSE AND SCOPE
This policy provides guidelines for reporting and investigating suspicious and criminal activity.

467.1.1 DEFINITIONS
Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person’s identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include, but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., “dry run,” creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

467.2 POLICY
The Indio Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

467.3 RESPONSIBILITIES
The Investigative Services Division Chief and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigative Services Division Chief include, but are not limited to:

(a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.
Suspicious Activity Reporting

(b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

(c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

(d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.

(e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.

(f) Coordinating investigative follow-up, if appropriate.

(g) Coordinating with any appropriate agency or fusion center.

(h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

467.4 REPORTING AND INVESTIGATION
Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

467.5 HANDLING INFORMATION
The Records Bureau will forward copies of SARs, in a timely manner, to the following:

- Major Crimes Unit or Street Crimes Unit supervisor
- Crime Analysis Unit
- Other authorized designees
Medical Aid and Response

468.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

468.2 POLICY
It is the policy of the Indio Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response. Recognizing the urgency of providing medical aid and the importance of preserving human life, officers will request medical alert identification, if needed, and render appropriate medical aid within the scope of their training. A call for medical aid is not required for apparent injuries that can be treated by basic first aid (e.g. minor cuts and abrasions).

468.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Dispatch Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Dispatch Center with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex, and age, if known.
   4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.
Medical Aid and Response

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

(a) After requesting a medical aid response, officers will render aid within the scope of their training unless aid is declined or it is unsafe to do so.

(b) Consent should be assumed for unconscious subjects or subjects incapable of providing consent.

Members should not direct EMS personnel whether to transport the person for treatment.

468.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members shall not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles unless approved by a supervisor.

468.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.
Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

468.6 MEDICAL ATTENTION RELATED TO USE OF FORCE
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

468.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Field Services Division Chief should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
• Ensure that no one smokes near the aircraft.

468.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE
A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

468.8.1 AED USER RESPONSIBILITY
Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Coordinator who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact the Dispatch Center as soon as possible and request response by EMS.

468.8.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

468.8.3 AED TRAINING AND MAINTENANCE
The Training Coordinator should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Training Coordinator is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

468.8.4 RESPONDING TO MEDICAL AID, CARDIAC ARREST, OR CPR IN PROGRESS
These guidelines apply to all sworn personnel;

a. Personnel with proper certification and current training shall perform CPR when feasible during the scope of their law enforcement duties and when dispatched to a medical aid where such life saving measures are needed pending the arrival of medical aid.

b. If an “on view” situation occurs, the officer will advise communications via police radio or direct another person to call 9-1-1 in order to request a (CDF) California Department of Forestry medical response.

c. Upon the arrival of CDF Paramedics, patients care will be transferred to CDF Paramedics in the same manner that other medical or traumatic injury cases are handled.
Medical Aid and Response

468.9 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, they should be medically cleared prior to booking at a local hospital (JFK Hospital). If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers should not transport an arrestee to a hospital without a supervisor’s notification.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer’s training.

468.10 FIRST AID TRAINING
The Police Training Specialist should ensure officers receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022) per POST guidelines in order to ensure compliance. In addition, the Police Training Specialist shall maintain a current log of all CPR certified sworn staff.
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the Indio Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

• Location
• Time
• Day
• Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer’s work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:
Traffic Function and Responsibility

500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge
(b) Court appearance procedure including the optional or mandatory appearance by the motorist
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES
If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).
Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Coordinator should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

500.5.3 MOTORIZED POLICE ESCORT
All requests for Department personnel and equipment for escort service shall be referred to the Traffic Unit Supervisor.
Motorized police escorts may be granted under the following circumstances:

(a) For the personal safety of individuals or groups, such as the President, Vice President, or Cabinet Members of the United States, or Ambassadors of foreign nations, when requested by an official government agency.

(b) For a private or public event, such as an officially approved street parade, when a serious disruption of normal traffic flow exists.

(c) At the discretion of the Chief of Police or the on duty watch commander, when the safety of the public, an individual, or a group is of concern to the Department.

(d) For allied agency in the line of duty related police funerals.
Traffic Collision Reporting

502.1 PURPOSE AND SCOPE
The Indio Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY
The Traffic Sergeant will be responsible for distribution of the Collision Investigation Manual. The Traffic Sergeant will receive all changes in the state manual and ensure conformity with this policy. Accident reporting and investigation will be the primary responsibility of the Community Service Officer and Motor Officer while they are on duty.

502.3 TRAFFIC COLLISION REPORTING
All traffic collision reports taken by members of this department shall be forwarded to the Traffic Sergeant for approval. The Traffic Sergeant will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Field Services Division Chief, or other persons as required. Personnel responding to a traffic scene will take the following steps to gather relevant information to assist in completing traffic accident reports if the collision meets the requirements to generate a traffic collision report;

- Each driver and all witnesses will be interviewed by the investigating officer. Assigned personnel will record all information obtained on the traffic accident report if the circumstances require a report is to be generated.
- Investigating personnel will determine vehicle damages and document the information in the CAD/RMS software. Damages to city property will be noted, and the appropriate city department will be notified.
- Assigned personnel will determine the cause of the accident but, should not issue a citation for the primary collision factor unless they have completed a POST certified basic traffic investigation school per CVC 40600(a), however they may issue citations for driver license and insurance related vehicle code violations.
- Assigned personnel will obtain measurements by use of roll-a-tape, Lidar, Laser, GPS or tape measures, or by pacing and record this information on the traffic collision digital forms.
- Assigned personnel should photograph or record the scene with body-worn camera video. If photos and or body-worn video are taken, the items will be downloaded into FileOnQ.
- Any items of evidence of evidentiary value shall be measured, collected, packaged and placed into Property and Evidence following department procedures.
- Assigned personnel will assist in the exchange of required information at property damage and non-injury collision scenes.
Traffic Collision Reporting

- Assigned personnel will attempt to locate and interview any potential witness.
- Reconstruction and skid analysis will be conducted on a case-by-case basis by the traffic accident investigator or his designee trained in those areas.
- Should a driver be disabled as a result of their injuries, investigating personnel should, at their discretion, remove any property of apparent obvious value and hold the property in evidence for safekeeping. All property removed from vehicles will be noted on the FileOnQ evidence storage system.

502.4 REPORTING SITUATIONS

502.4.1 **TRAFFIC COLLISIONS INVOLVING CITY VEHICLES**
Traffic collision investigation reports (CHP 555) shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results.

A general information report may be taken in lieu of a traffic collision report (CHP 555 form) at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Chief and Risk Manager along with the traffic collision report and any other related documents regardless of whether it occurred on a city street or private property.

At a minimum, a supervisor’s report, as well as photographs of the collision scene and vehicle shall be taken regardless of the lack of any damage to a city vehicle.

502.4.2 **TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES**
When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Indio Police Department it will be investigated by a Traffic Officer, Community Service Officer or Patrol Officer. The Investigation Report format will be utilized.

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Indio Police Department resulting in a "serious injury or fatality", the Traffic Sergeant or the Watch Commander, shall notify the California Highway Patrol for assistance.

For purposes of this policy, the term serious injury is defined as any injury that may result in a fatality.

502.4.3 **BLUE TEAM GUIDELINES**
In cases involving a traffic collision where an Indio Police Department employee/volunteer is driving a City owned vehicle, a Blue Team entry should be made by the supervisor as soon as possible, and must be created before the end of the investigating supervisor’s shift. Investigations
**Traffic Collision Reporting**

Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

(a) When there is a death or injury to any persons involved in the collision

(b) When one or more vehicles needs to be towed due to the driver being incapacitated

Exceptions to this are non-injury private property accidents; minor damage, non-injury accidents on the roadway where officers will only provide assistance with traffic control and keeping the peace if needed.

**502.5 NOTIFICATION OF TRAFFIC TEAM SUPERVISION**

In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Traffic Sergeant and seek assistance from the Traffic Team. In all situations involving death or serious injury, the traffic collision investigator will be called to the scene to assist with the investigation. If a Motor Officer or Traffic Investigator arrives on scene, he/she will be designated as the assigned case agent.
Traffic Collision Reporting

In the absence of a Traffic Sergeant, the Watch Commander or any supervisor may assign an accident investigator or motor officer to investigate the traffic collision.
Vehicle Towing and Release

510.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Indio Police Department. Nothing in this policy shall require the Department to tow a vehicle.

510.2 STORAGE AND IMPOUNDS
When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

510.2.1 <STRONG>VEHICLE STORAGE REPORT</STRONG>
Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should to be given to the tow truck operator and the original shall be submitted to the Dispatch center as soon as practicable after the vehicle is stored and prior to the end of shift of the individual officer authorizing the tow. Dispatch shall then forward the documents to the Records Bureau for processing.

510.2.2 <STRONG>REMOVAL FROM TRAFFIC COLLISION SCENES</STRONG>
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Dispatch Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the official towing garage for the City of Indio. The officer will then store the vehicle using a CHP Form 180.

510.2.3 <STRONG>STORAGE AT ARREST SCENES</STRONG>
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).
Vehicle Towing and Release

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.
- Whenever the registered owner requests that their vehicle be released to another licensed driver at a scene if it is a reasonable request and the vehicle in question was not involved in criminal activity. If such a request is fulfilled by an officer, the individual officer shall provide dispatchers with that individual's name and driver's license number for documentation via call logs or radio traffic.

510.2.4  <STRONG>IMPOUNDMENT AT SOBRIETY CHECKPOINTS</STRONG>

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent, upon presentation of a valid driver's license and current vehicle registration.

510.2.5  <STRONG>DRIVING A NON-CITY VEHICLE</STRONG>

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.6  <STRONG>DISPATCHER’S RESPONSIBILITIES</STRONG>

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.
Vehicle Towing and Release

When there is no preferred company requested, the dispatcher shall call the next tow company in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

Prior to having a recovered stolen vehicle towed from the recovery scene, dispatchers shall make an effort to locate the registered owner in an effort to allow them an opportunity to respond to the scene to take possession of their recovered vehicle. If the owner is not located, dispatchers shall then contact the next tow company in the rotation list so that the vehicle can be towed and stored pending notification of the registered owner.

510.2.7 RECORDS BUREAU <STRONG>RESPONSIBILITY</STRONG>
Dispatch personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Traffic Sergeant for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS systems. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

(a) The name, address, and telephone number of this Department.
(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
(c) The authority and purpose for the removal of the vehicle.
(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

510.3 TOWING SERVICES
The City of Indio periodically selects firms to act as official tow services and awards a contract to those firms. These firms will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
(b) When a vehicle is being held as evidence in connection with an investigation.
(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.
510.4 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the CHP -180 form. This includes the trunk and any compartments or containers, even if closed and/or locked during a vehicle inventory search for inventory documentation. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband. Officers should retrieve the items in question for the individual requesting their property so as to avoid any officer safety issues or releasing any property not proven to belong to the individual in question.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards. If necessary, officers shall secure such property of value in evidence for safekeeping.

510.6 RELEASE OF VEHICLE
The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver’s license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver’s license, and applicable fees paid prior to the end of the impoundment period under any of the following circumstances:

1. The vehicle was stolen.
Vehicle Towing and Release

2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.

4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

(d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error shall promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Indio Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

512.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Sergeant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations
Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department’s policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.

1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department’s expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Chief. The hearing officer will recommend to the appropriate Division Chief that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Impaired Driving

514.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY
The Indio Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California’s impaired driving laws.

514.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Traffic Sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

(a) The field sobriety tests (FSTs) administered and the results.
(b) The officer’s observations that indicate impairment on the part of the individual, and the officer’s health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
(c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
(d) Information about any audio and/or video recording of the individual’s driving or subsequent actions.
(e) The location and time frame of the individual’s vehicle operation and how this was determined.
(f) Any prior related convictions in California or another jurisdiction.

514.4 FIELD TESTS
The Traffic Sergeant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS
A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
Impaired Driving

(b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person’s blood alcohol content is 0.05 or more (Vehicle Code § 23140).

(c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).

(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 CHOICE OF TESTS
Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(2)(C)).

514.5.2 BREATH SAMPLES
The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614). If the arrested person chooses a breath test and it can be accomplished without undue delay, the arrested person shall first be transported to the Indio Police Department for breath testing prior to booking. At the Department, an officer trained in the use of the alcohol breath machine will record the blood alcohol level by obtaining samples of the person's breath.
The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer’s belief shall be included in the officer’s report (Vehicle Code § 23612(2)(C)).

514.5.3 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

Whether such evidence is collected at the Department or other location, the withdrawal of the blood sample shall be witnessed by the assigned officer.

Once the blood sample is obtained, officers are to place the sample in a secured evidence bin located at the Indio Police Department. Officers shall document all evidence in File on Q.

514.5.4 URINE SAMPLES
If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The urine evidence collection kit shall be marked with the arrestee’s name, offense, department, case number and the name of the witnessing officer. The urine evidence collection kit shall then be placed in the evidence refrigerator to await transportation to the crime laboratory.

514.5.4 (a) TESTING OF CONSCIOUS PERSON AT A HOSPITAL
Most blood, breath and urine tests will be administered at the Department. However, if a timely breath or urine test cannot be administered because the person is transported to a medical facility where such tests cannot be facilitated, the person shall be advised that a blood test will be the
only choice available and a blood sample may be taken at the medical facility (Vehicle Code § 23612(a)(3)).

Based on probable cause, the officer should place the conscious person under arrest in the presence of a witnessing officer or medical personnel and advise the attending physician of the intention to collect a sample of the person's blood. Unless the attending physician objects for medical reasons a blood sample will be collected in the prescribed manner.

514.5.4 (b) TESTING OF UNCONSCIOUS PERSON AT A HOSPITAL

When a person is suspected of driving under the influence of alcohol and/or drugs and the person is unconscious or in a condition rendering him or her incapable of refusal, a search warrant shall be obtained from a magistrate. Once obtained, the officer shall provide the person with a copy of the search warrant stating a sample shall be obtained pursuant to that warrant. Officers shall outline in their arrest report the details surrounding why a search warrant for the blood draw was required.

The officer shall advise the attending physician of the intention to collect a sample of the person's blood as evidence. If the physician does not object based on medical reasons, the blood will be collected in the prescribed manner.

A person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered. In such cases the handling officer should coordinate with the Coroner's Office to ensure that a viable test will be obtained (Vehicle Code § 23612(a)(5)).

514.5.4 (c) EXIGENT CIRCUMSTANCES DOCTRINE

Under the exigent circumstances doctrine, the level of influence of an intoxicant can be important evidence. Since it is not of a permanent nature, it will be lost if not seized immediately. The above sections will generally come within the guidelines of the exigent circumstances doctrine.

514.5.5 STATUTORY NOTIFICATIONS

Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

514.5.6 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

514.5.7 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of
alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

514.6 REFUSALS
When an arrestee refuses to provide a viable chemical sample, officers should:

(a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
(b) Audio- and/or video-record the admonishment when it is practicable.
(c) Document the refusal in the appropriate report.

514.6.1 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained (Penal Code § 1524).
(b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.6.2 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
   1. This dialogue should be recorded on audio and/or video if practicable.
(d) Ensure that the blood sample is taken in a medically approved manner.
(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
Impaired Driving

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.6.3 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

514.7 RECORDS BUREAU RESPONSIBILITIES
The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

514.8 ADMINISTRATIVE HEARINGS
The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

514.9 TRAINING
The Training Coordinator should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Coordinator should confer with the prosecuting attorney’s office and update training topics as needed.

514.10 ARREST AND INVESTIGATION

514.10.1 WARRANTLESS ARREST
In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been
Impaired Driving

driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.
(b) The person is observed in or about a vehicle that is obstructing the roadway.
(c) The person will not be apprehended unless immediately arrested.
(d) The person may cause injury to him/herself or damage property unless immediately arrested.
(e) The person may destroy or conceal evidence of a crime unless immediately arrested.

514.10.2 OFFICER RESPONSIBILITIES
The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver’s license to the Department of Motor Vehicles (DMV).
(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

516.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Sergeant. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Sergeant may request the Field Services Division Chief to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required.
516.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. The citation and letter shall then be forwarded to the Records Bureau. The Traffic Bureau shall forward the letter or form to the court having jurisdiction and to the recipient of the citation.

516.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee’s immediate supervisor for review. The citation copies shall then be filed with the Records Bureau.

Upon separation from employment with this department, all employees issued traffic citation books shall return any unused citations to the Records Bureau.

516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

516.7.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

(a) Administrative reviews are conducted by the Traffic Bureau who will review written/documentary data. Requests for administrative reviews are available at the front desk
Traffic Citations

or Traffic Bureau of the Indio Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to the Superior Court of California.

516.7.2 TIME REQUIREMENTS

(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).

Traffic Citations

the juvenile a citation. Juvenile traffic citations shall be referred to traffic court and officers must check off the box on the citation indicating a parent or guardian must accompany the juvenile on the given court date.
Disabled Vehicles

520.1 PURPOSE AND SCOPE
Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

520.2 OFFICER RESPONSIBILITY
When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS
Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.3.2 RELOCATION OF DISABLED VEHICLES
The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

520.3.3 RELOCATION OF DISABLED MOTORIST
The relocation of a disabled motorist should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

520.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.
72-Hour Parking Violations

524.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Indio City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

524.2 MARKING VEHICLES
Vehicles suspected of being in violation of the City of Indio 72-Hour Parking Ordinance shall be marked and noted on the Indio Police Department Intent to Tow Card. A case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Intent to Tow Card. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and an Intent to Tow Card completed and forwarded to Code Enforcement.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

524.2.1 INTENT TO TOW CARD FILE
The Code Enforcement Bureau shall be responsible for maintaining a file for all Intent to Tow Cards.

Community Service Officers, Code Enforcement Officers or others authorized by the Chief of Police shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Intent to Tow Cards.

524.2.2 VEHICLE STORAGE
Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to Dispatch immediately following the storage of the vehicle. It shall be the responsibility of Dispatch Personnel to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).
Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY
It is the policy of the Indio Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES
An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
   1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
   4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
   5. Collect any evidence.
   6. Take any appropriate law enforcement action.
   7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 NON-SWORN MEMBER RESPONSIBILITIES
A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take
any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS
Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Major Crimes Unit or Street Crimes Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.2 MANDATORY RECORDING OF ADULTS
Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
Investigation and Prosecution

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.5 COMPUTERS AND DIGITAL EVIDENCE
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should consult with a supervisor regarding a request that the Major Crimes Unit or Street Crimes Unit assist with seizing computers and related evidence. If a detective is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.6 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES
Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment. Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.6.1 ACCESS RESTRICTIONS
Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses,
requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.6.2 INTERCEPTING ELECTRONIC COMMUNICATION
Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.7 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY
The Investigative Services Division Chief is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

(a) Security procedures are developed to protect information gathered through the use of the technology.

(b) A usage and privacy policy is developed that includes:

1. The purposes for which using cellular communications interception technology and collecting information is authorized.

2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.

3. Training requirements necessary for those authorized employees.

4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.

5. Process and time period system audits.

6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
Investigation and Prosecution

7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.

8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department’s usage and privacy procedures and all applicable laws.

600.8 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Chief or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.
Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Dispatch Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview shall be conducted by a qualified investigator.

(r) If the victim has any visible injuries.

(s) If the victim was moved by force or fear prior to the sexual assault.

Contacting and Interviewing Suspects

Prior to contacting the suspect, personnel should do the following:

(a) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.

(b) Consider conducting a pretext or confrontational call or messaging in coordination with the district attorney's office.

(c) Involvement of a victim should be based on strong consideration of the victim's emotional and physical state.

1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).

2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).
Sexual Assault Investigations

602.7.2 VICTIM CONFIDENTIALITY
Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim’s parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.8.1 COLLECTION AND TESTING REQUIREMENTS
Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).
Sexual Assault Investigations

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.8.2 DNA TEST RESULTS
A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim’s authorized designee regarding the status of any DNA testing.

(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):

1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.

2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.

(c) Provided that the sexual assault victim or the victim’s authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim’s authorized designee shall, upon request, be advised of any known significant changes regarding the victim’s case (Penal Code § 680).
Sexual Assault Investigations

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.8.3 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT
The Property and Evidence Section supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

602.9 DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Major Crimes Unit or Street Crimes Unit supervisor.

Classification of a sexual assault case as unfounded requires the Major Crimes Unit or Street Crimes Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.
Asset Forfeiture

However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person’s due process rights.

It is the policy of the Indio Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

606.3 ASSET SEIZURE
Property may be seized for forfeiture as provided in this policy.

606.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.

(b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
Asset Forfeiture

1. The property subject to forfeiture is legally seized incident to an arrest.
2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds should not be seized.
(b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).

(d) Vehicles, boats or airplanes owned by an “innocent owner,” such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).
(e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
Asset Forfeiture

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

606.4 (a) SEIZURE CASE DETECTIVE DUTIES

(a) If the seizure involves assets worth less than $25,000, completion and service of the “Notice of Seizure and Notice of Intended Forfeiture” and the blank “Claim Opposing Forfeiture” can be accomplished in the field. For purposes of proving due diligence, Notice should be provided to all potential claimants.

(b) Obtain approval from a Deputy District Attorney for initiation of forfeiture after notifying the DDA of the pertinent facts of the seizure and how the assets are reasonably related to narcotic sales activity.

(c) Fill out the “Notice of Seizure and Notice of Intended Forfeiture” and provide it along with a blank “Claim Opposing Forfeiture” form to the person from whom the assets were seized and to anyone else who reasonably may have a possessory interest in the assets.

(d) If any interested party wishes to disclaim the seized assets, that person should be permitted to sign a Disclaimer of Ownership form in addition to being served with the notice and claim forms.

(e) Provide a receipt for the seized assets in accordance with Penal Code section 1412.

(f) Advise the person(s) the seizure is a civil matter and ask questions about the origin of the assets and any other financial information relevant to the source of the assets.

(g) Thereafter, provide copies of the served notices with a proof of service along with the reports and Asset Seizure Packet to the District Attorney within 30 days of the seizure.

(h) In order to successfully forfeit assets of less than $40,000 when a claim is filed, there must be a narcotic sales-related conviction (H&S §§ 11351, 11351.5, 11352, 11355, 11359, 11360, 11366.8, 11378, 11378.5, 11379, 11379.5, 11379.6, 11380, 11382, or 11383, or PC 182 relating to these charges) or such a conviction within five years of the seizure.

1. It is the policy of the Indio Police Department to promptly resolve claims of innocent ownership, and where appropriate, expeditiously release seized property. In order to so, the following procedures will be followed:

2. Upon receipt of a third-party claim of ownership, the Investigative Services Lieutenant or their designee shall conduct an investigation to validate all claims. This will include interviews with the claimant, and a request for documentation, as well as a utilization of all other investigatory means available to determine the validity of the claim. In the event the claim is shown to be valid, and the third party is shown to be an "innocent owner", it is the policy of the Indio Police Department to return such property to the "innocent owner" as expeditiously as possible.

3. When releasing property, the releasing officer shall ask for documentation of ownership, as well as positive identification of the person to whom the property is released. The releasing officer shall have the receiving party sign a Indio Police Department property form prior to release. The releasing officer shall document the release in the case file and write a supplemental report.

606.4 (c) RECEIVING AND ACCOUNTING FOR FORFEITURE PROCEEDS

1. The proceeds of property seized by this agency and subsequently forfeited will be maintained in a separate account with the City Treasurer. The use of such funds will be accounted for in such a way as to allow audits by City of Indio.

2. The City Treasurer will maintain an account for funds delivered by the District Attorney as proceeds upon resolution of forfeitures filed in State Superior Court.

3. The City Treasurer will maintain a separate account for funds delivered by the United States Marshall's Service as proceeds upon resolution of forfeitures filed in Federal District Court.

4. The Investigative Services Lieutenant will place a copy in the active forfeiture file in MCU / SCU, and close the file. The Investigative Services Lieutenant or his designee shall also notify the Chief of Police or their designee of the successful resolution and funds received in federal forfeitures for the same purpose.

606.4 (d) FEDERAL FORFEITURE PROCEDURES (SEIZURE ADOPTIONS)

• The decision to proceed with a forfeiture case in State Superior Court or to request federal adoption shall be made by the Investigative Services Lieutenant, or their designee. In making this decision, and in procedural performance in the event of a requested federal adoption, the following two manuals will be used as a policy guideline:

- The Investigative Services Lieutenant or their designee will maintain a detailed report of the fiscal status of all seizures. A copy of the detail status report will be forwarded to the Chief of Police whenever the status of any case changes. At the end of each fiscal year, the Investigative Services Lieutenant or their designee will provide the Chief of Police a summary of the Asset Forfeiture Case Status detail report and the activity of the Asset Forfeiture Trust accounts in the City Treasury.

(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

606.6 FORFEITURE REVIEWER

The Investigative Services Division Lieutenant or their designee will serve as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a department-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly Health and Safety Code § 11469 et seq. and Penal Code § 186.2 et seq. and the forfeiture policies of the forfeiture counsel.

(b) Serving as the liaison between the Department and the forfeiture counsel and ensuring prompt legal review of all seizures.

(c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.
(d) Ensuring that property seized under state law is not referred or otherwise transferred to a federal agency seeking the property for federal forfeiture as prohibited by Health and Safety Code § 11471.2.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

1. Names and contact information for all relevant persons and law enforcement officers involved.
2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
3. A space for the signature of the person from whom cash or property is being seized.
4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

(g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Department Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each asset forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.
2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (Health and Safety Code § 11488.4).
4. Property is promptly released to those entitled to its return (Health and Safety Code § 11488.2).
5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
6. Any cash received is deposited with the fiscal agent.
7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
8. Current minimum forfeiture thresholds are communicated appropriately to officers.
Asset Forfeiture

9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

(i) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.

(j) Ensuring that the process of selling or adding forfeited property to the department’s regular inventory is in accordance with all applicable laws and consistent with the department’s use and disposition of similar property.

(k) Keeping a manual that details the statutory grounds for forfeitures and department procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Health and Safety Code § 11469).

(l) Providing copies of seized business records to the person or business from whom such records were seized, when requested (Health and Safety Code §11471).

(m) Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds $5,000.00 (Health and Safety Code § 11471.5).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Health and Safety Code § 11495).

606.7 DISPOSITION OF FORFEITED PROPERTY

Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer’s employment or salary depend upon the level of seizures or forfeitures he/she achieves (Health and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

606.7.1 RECEIVING EQUITABLE SHARES

When participating in a joint investigation with a federal agency, the Indio Police Department shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of $40,000 or more.

606.8 CLAIM INVESTIGATIONS

An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal
owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).
Informants

608.1 PURPOSE AND SCOPE
In some instances, a successful investigation cannot be conducted without the use of confidential informants (CIs). While the use of CIs can be an effective tool, it can be undermined by misconduct of the CI or improper management by the handler. The purpose of this policy is to provide guidelines for the proper use of confidential informants to avoid misconduct of the CI or improper management by the handler.

608.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Indio Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Indio Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

Confidential Informant (CI): An individual requiring anonymity who provides useful information, directed assistance, or both, that enhances criminal investigations and furthers the mission of the agency, usually in exchange for financial or other consideration.

Confidential Informant File: File maintained to document all information that pertains to a CI.

Unreliable Informant File: File containing information pertaining to an individual who has failed at following an established written CI agreement and has been determined to be generally unfit to serve as a CI.

Compelling Public Interest: For purposes of this policy, situations in which failure to act would result or likely result in loss of life, serious injury, or have some serious negative consequence for persons, property, or public safety and therefore demand action.

Handler: The officer primarily responsible for supervision and management of a CI.

608.2 POLICY
The Indio Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be audited quarterly and that payments to informants will be made according to the criteria outlined in this policy. In addition, this law enforcement agency shall take necessary precautions when utilizing CIs by developing sound informant control procedures.

608.3 USE OF INFORMANTS
608.3.1 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor as well as the Street Crimes Unit supervisor. The officer shall compile sufficient information
Informants

through a background investigation and experience with the informant in order to determine the suitability of the individual, including but not limited to the following:

a. Age, sex, and residence

b. Employment status or occupation

c. Affiliation with legitimate businesses and illegal or suspicious enterprises

d. Extent to which potential information, associations, or other assistance could benefit a present or future investigation

e. Relationship with the target of an investigation

f. Motivation in providing information or assistance

g. Risk of adversely affecting an existing or future investigation

h. Extent to which provided information can be corroborated

i. Prior record as a witness

j. Criminal history, to include whether he or she is the subject of a pending investigation, is under arrest, or has been charged with a crime

k. Risk to the public or as a flight risk

l. Substance abuse concerns

m. Relationship to anyone in law enforcement

n. Risk of physical harm to the potential CI or his or her immediate family or relatives for cooperating with law enforcement should the relationship be revealed

o. Any prior or current service as a CI with this or another law enforcement organization

p. Verification of the subjects reliability

Members of this department should not guarantee absolute safety or confidentiality to an informant. Prior to an individual’s use as a CI, a supervisor or other designated authority shall review the Initial Suitability Report and determine if the individual is authorized to serve as a CI.

608.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
Informants

(b) The juvenile’s attorney, if any
(c) The court in which the juvenile’s case is being handled, if applicable (Penal Code § 701.5)
(d) The Chief of Police or the authorized designee

608.3.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant, with particular emphasis on the following:

a. CIs are not law enforcement officers. They have no arrest powers, are not permitted to conduct searches and seizures, and may not carry a weapon while performing activities as a CI.

b. CIs found engaging in any illegal activity beyond what is authorized by the agency and conducted while under the supervision of a handler, will be subject to prosecution.

c. CIs are prohibited from engaging in actions or activities that could be deemed entrapment. The meaning of the term and implications of such actions shall be explained to each CI.

d. CIs are prohibited from engaging in self-initiated information or intelligence gathering without agency direction and approval.

e. Every reasonable effort will be taken to ensure the confidentiality of the CI but, upon judicial order, he or she may be required to testify in open court.

f. CIs may be directed to wear a listening and recording device.

g. CIs shall be required to submit to a search before and after a controlled purchase of weapons, stolen goods, or narcotics.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Chief, Street Crimes Unit supervisor or their authorized designees.

1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

(b) Criminal activity by informants shall not be condoned.
Informants

(c) Informants shall be told they are not acting as police officers, employees or agents of the Indio Police Department, and that they shall not represent themselves as such.

(d) The relationship between department members and informants shall always be ethical and professional.

1. Members shall not become intimately involved with an informant.

2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Street Crimes Unit supervisor.

3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.

(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Street Crimes Unit supervisor.

1. Officers may meet informants alone in an occupied public place, such as a restaurant.

(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.

(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.4.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.

(b) The informant behaves in a way that may endanger the safety of an officer.

(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.

(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
Informants

(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.

(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.

(g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.5 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Street Crimes Unit. The Street Crimes Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Chief, Street Crimes Unit supervisor or their authorized designees.

The Investigative Services Division Chief should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Street Crimes Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by the MCU Lieutenant who does not have normal access to the informant files.

In addition, unit supervisors shall attend debriefings of CIs periodically as part of the informant management process. CI contracts shall be terminated and the CI file placed in inactive status when the CI has not been used for one year or more. Inactive CIs may be reactivated as needed.

608.5.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

(a) Name and aliases

(b) Date of birth

(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features

(d) Photograph

(e) Current home address and telephone numbers

(f) Current employers, positions, addresses and telephone numbers

(g) Vehicles owned and registration information
Informants

(h) Places frequented

(i) Briefs of information provided by the informant and his/her subsequent reliability

1. If an informant is determined to be unsuitable, the informant's file is to be marked “unsuitable” and notations included detailing the issues that caused this classification.

(j) Name of the officer initiating use of the informant

(k) Signed informant agreement

(l) Update on active or inactive status of informant

608.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. All CI payments shall be approved in advance by the officer in charge of confidential funds. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant’s previous criminal activity
- The level of risk taken by the informant
- Officers shall provide accounting of monies received and documentation for confidential funds expended.
- Two officers shall be present when making payments or providing funds to CIs.
- The appropriate individual, as designated by the agency chief executive shall ensure that the process for authorization, disbursement, and documentation of CI payments, as well as the accounting and reconciliation of confidential funds, is consistent with agency policy.
- If a CI is authorized to work with another law enforcement or prosecutorial agency, financial payments shall be coordinated between the agencies in a manner that is proportionate to the assistance rendered to each agency before an operation ensues.

The Street Crimes Unit supervisor will discuss the above factors with the handling officer and recommend the type and level of payment. Payments made in excess of $500 will be made subject to approval by the Investigation Services Division Lieutenant.

608.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

Payments may be paid in cash from the Street Crimes Unit buy/expense fund.
The Street Crimes Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.

(a) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.

1. The cash transfer form shall include the following:
   (a) Date
   (b) Payment amount
   (c) Indio Police Department case number
   (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.

2. The cash transfer form shall be signed by the informant.

3. The cash transfer form will be kept in the informant's file.

608.6.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

608.6.3 AUDIT OF PAYMENTS
The Street Crimes Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.
Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

610.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

Showup - The presentation of a suspect to an eyewitness within a short time frame following the commission of a crime to either confirm or eliminate him or her as a possible perpetrator. Showups, sometimes referred to as field identifications, are conducted in a contemporaneous time frame and proximity to the crime.

**Administrator** - The law enforcement official conducting the identification procedure.

610.2 POLICY
The Indio Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent. Officers shall adhere to the procedures for conducting eyewitness identifications set forth herein, in order to maximize the reliability of identifications, minimize erroneous identifications, and gather evidence that conforms to contemporary eyewitness identification protocols.

610.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.
610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Major Crimes Unit or Street Crimes Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

(a) The date, time and location of the eyewitness identification procedure.
(b) The name and identifying information of the witness.
(c) The name of the person administering the identification procedure.
(d) If applicable, the names of all of the individuals present during the identification procedure.
(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
(k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION
Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.
**Eyewitness Identification**

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).

### 610.6 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report or supplemental report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report and the original shall be booked in evidence and documented in FileonQ. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

610.6.1 **DOCUMENTATION RELATED TO RECORDINGS**

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

610.6.2 **DOCUMENTATION RELATED TO BLIND ADMINISTRATION**

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

### 610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.7.1 **OTHER SAFEGUARDS**

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may
validate or invalidate an eyewitness’ identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

610.8 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.
(b) Assess whether a witness should be included in a field identification process by considering:
   (a) The length of time the witness observed the suspect.
   (b) The distance between the witness and the suspect.
   (c) Whether the witness could view the suspect’s face.
   (d) The quality of the lighting when the suspect was observed by the witness.
   (e) Whether there were distracting noises or activity during the observation.
   (f) Any other circumstances affecting the witness’s opportunity to observe the suspect.
   (g) The length of time that has elapsed since the witness observed the suspect.
(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
(e) The person who is the subject of the show-up should not be shown to the same witness more than once.
(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

610.8.1 CONDUCTING A FIELD LINEUP
When conducting a field lineup, the officers should perform the following:

1. Document a description of the suspect prior to the lineup.
2. Attempt to obtain the suspect’s cooperation in the lineup procedure by requesting the suspect’s voluntary participation in the lineup if feasible.
3. If feasible record the process with your body worn camera or fellow officer’s body worn camera.
4. Transport the witness to the location of the suspect.
5. Provides instructions to the witness and read them the Simmons admonishment.
6. Document the circumstances of the lineup to include:
   - Time.
   - Location.
   - Distance.
   - Lighting.
   - Weather conditions.
   - If suspect has changed his or her appearance since the time of the crime.

8. Document the suspect’s cooperation or lack of cooperation.

9. Documents both identification and non-identification results in writing, including facts such as:
   - The witness’s own words regarding how certain he or she is.
   - How quickly the witness identified the individual(s).

610.8.2 SIMMONS ADMONISHMENT
The courts have ruled it is a violation of due process under the Fifth and Fourteenth Amendments for police to suggest in any way, that a suspect to be observed at a lineup or show-up committed the crime. To avoid being suggestive, officers should admonish the witness(s) and or victim(s) prior to viewing the suspect. The following are samples of “Simmons Admonishments” in reference to in-field show-ups, photo line-ups, and line-ups (in custody). These samples are provided as guidelines only.

(a) In-Field Show-ups
(1) You will be asked to look at a person or persons. The fact the person/persons are shown to you should not influence your judgment. You should not conclude or guess the person/persons have committed the crime. You are not obligated to identify anyone. It is just as important to free innocent persons from suspicion as to identify parties. Please do not discuss
Eyewitness Identification

the case with other witnesses nor indicate in any way that you have or have not identified someone.

(b) **Photo Line-ups**

(1) You will be asked to look at a group of photographs. The fact the photographs are shown to you should not influence your judgment. You should not conclude or guess the photographs contain the picture of the person who committed the crime. You are not obligated to identify anyone. It is just as important to free innocent persons from suspicion as to identify guilty parties. Please do not discuss the case with other witnesses nor indicate in any way that you have or have not identified someone.

(c) **Line-ups (In Custody)**

(1) You will be asked to look at a group of people. The fact the people are shown to you should not influence your judgment. You should not conclude or guess the group of people contain the person who committed the crime. You are not obligated to identify anyone. It is just as important to free innocent persons from suspicion as to identify guilty parties. Please do not discuss the case with other witnesses nor indicate in any way that you have or have not identified someone.
Investigative Case Screening

611.1 PURPOSE AND SCOPE
It is the policy of this Department to use a case screening system based on solvability factors to determine whether a case will be assigned for continued investigative effort. It should be remembered that solvability factors only serve as a guideline for case assignment. Determination for case assignment must be made after careful consideration of all factors regarding a particular case, including solvability factors.

611.2 PRELIMINARY INVESTIGATIONS BY PATROL
The preliminary investigation of all criminal offenses and the entire investigation of some offenses reported to or known to employees of the Department shall be the responsibility of the employee(s) of assigned to the Field Services Division. An exception is an investigation initiated and conducted entirely by personnel from the Support Services Division.

Each preliminary investigation shall be conducted promptly and as thoroughly as may be permitted, by the facts and circumstances of the offense, and by the time available to the investigating officer and other employees of the Field Services Division. Every reasonable effort shall be made by the investigating officer and the Field Services Division to identify and apprehend the perpetrator of the offense.

Officers, with supervisor approval, may hold a case for patrol follow-up if there is reason to believe that the case may be solved with minimal investigation, without Support Services Division resources, and there will be no impact on the duties or responsibilities of the shift. All reports being held for patrol follow-up shall be completed within the investigating officer's work week.

All cases that are not retained for immediate follow-up by patrol will be forwarded to the Major Crimes Unit for review.

611.3 CASE SCREENING PROCESS
The objectives of the Investigative Case Screening Process are:

(a) To establish the policies and procedures for determining whether to assign a case for additional follow-up investigation or to suspend any further investigation.

(b) To establish the responsibility and accountability for the decision to assign or screen out a case.

(c) To manage the investigative caseload so that the potential for solving cases is improved.

(d) To assign for additional follow-up investigation only those cases with sufficient solvability factors, in order to increase the probability of case clearance.

(e) To provide procedures for notifying crime victims of the current status of their case.
611.4 SOLVABILITY FACTORS
Solvability Factors are elements of information about a crime which have proven in the past to be important in the successful conclusion of a case. Case screening is designed to provide sufficient information about a case at the earliest possible time in the investigative process in order to permit a decision to be made regarding the value of continuing an investigation. The outcomes of case screening will be either: early suspension of unpromising cases or, a follow-up investigation of those cases with a reasonable probability of case clearance.

The following solvability factors have been identified as those most frequently associated with the successful solution of cases:

(a) Basic facts are known about the suspect(s) to include:
1. Name or nickname,
2. Physical description,
3. Vehicle information,
4. Work or home address,
5. Known associates,
6 Suspect previously seen,

(b) Traceable physical evidence recovered at the crime scene including latent fingerprints and DNA,

(c) A significant method of operation which fits an established crime pattern,

(d) Officer has personal knowledge that provides substantial leads for clearing the case,

(e) Limited opportunity for anyone other than the suspect to commit the crime,

(f) Witnesses reliability, and

(g) Traceable property.

611.5 CASE SCREENING RESPONSIBILITY
The responsibility for screening criminal cases lies with the Patrol Watch Commander / Sergeant and the Major Crimes Unit Sergeant.

(a) Patrol Watch Commander / Sergeant will be responsible for the following:
1. Reviewing crime reports for completeness of the initial investigation and accuracy of the information contained on the offense report.
2. Reviewing cases forwarded by officers under his/her command, to ensure that they have been followed up to the extent practical under the particular circumstances.
3. Assigning cases to officers that do not merit an investigative reassignment, however, do need additional follow-up.
4. If, under exceptional circumstances, and in the Watch Commander's / Sergeant's opinion an immediate follow-up investigation would substantially increase the likelihood of suspect apprehension or case clearance, the Watch Commander / Sergeant may reassign the case for an immediate follow-up investigation.

(b) The Major Crimes Unit Sergeant will be responsible for the following:

1. To review all offense reports forwarded to the investigative section.
2. To determine whether sufficient solvability factors and values are present in the case; and,
3. To either assign the case for follow-up investigation or suspend the case.

611.6 EXCEPTIONAL CIRCUMSTANCES
While the case screening criteria are somewhat specific, the Investigative Case Screening Process will be flexible enough to allow for exceptional circumstances including, but not limited to:

(a) Offenses of significant importance to the community.
(b) Potential danger to victim(s) or witness(es).
(c) Seriousness of offense.
(d) Pattern, frequency, or M.O. characteristics of offense.
(e) Management decisions to pursue a case regardless of solvability factors.

While there is a degree of flexibility in the case screening process, exceptional circumstances such as those described above shall be the exception, rather than a standard procedure.
Brady Material Disclosure

612.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

612.1.1 DEFINITIONS
Definitions related to this policy include:

*Brady information* - Information known or possessed by the Indio Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY
The Indio Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Indio Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
**612.4 DISCLOSURE OF PERSONNEL INFORMATION**
Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer’s personnel file.

(b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in-camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

**612.4.1 PITCHESS MOTION COMPLIANCE**

(a) In order to maintain legal compliance with Assembly Bill 1600 (“AB 1600”) which as of January 1, 2020 amended California Evidence Code Sections 1043 and 1047, the Chief of Police, Executive staff, Custodian of Records, or designee shall familiarize themselves with the following amended *Pitchess* motion requirements;

(b) California Evidence Code Section 1043(a) prescribes the time frames in which *Pitchess* motions are to be noticed, served and filed, in addition to when papers opposing a motion and reply papers are to be filed.

(c) Evidence Code Section 1043(a)(2) will provide that *Pitchess* motions must be served and filed at least 10 *court* days before the hearing.

(d) All opposing papers shall be filed at least 5 *court* days before the hearing.

(e) All reply papers at least 2 *court* days, before the hearing.

(f) Evidence Code Section 1047 was amended to allow for supervisorial officer records to be sought and disclosed if the supervisor had direct oversight of a peace officer or custodial officer and issued command directives or had command influence over the circumstances at issue.

(g) If these prerequisites are met, the supervisorial officer’s records shall be subject to disclosure pursuant to Section 1045 if:(a) the peace officer or custodial officer under supervision was present during the arrest; (b) had contact with the party seeking disclosure from the time of the arrest until the time of booking; or (c) was present at the time the conduct at issue is alleged to have occurred within a jail facility.

(h) Failing to meet time lines may result in waiving any opposition to the *Pitchess* motion if the opposition is not timely filed and the potential unwarranted disclosure of confidential peace officer personnel records.

(i) Under California Code of Civil Procedure Section 1005, notice and filing requirements for *Pitchess* motions in civil proceedings will not change.
Brady Material Disclosure

(j) Pitchess motions in civil cases will still be required to be filed and served at least 16 court days before the hearing, while oppositions must be filed at least 9 court days before the hearing and replies must be filed at least 5 court days before the hearing.

612.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING
Department members should receive periodic training on the requirements of this policy.
Investigative Case Management

613.1 PURPOSE AND SCOPE
Case management is a system to manage investigative resources. The process involves regulating case flow, monitoring investigative activities, and assessment of individual performance. Regulating case flow insures that investigative resources are applied to those cases and investigations that can most benefit from expenditure of those resources. This is done by case screening and assignment, establishing deadlines of reporting investigative progress, and managing detective caseloads.

613.2 CASE ASSIGNMENTS - PATROL
(a) The Patrol Sergeant, using established solvability factors, will review each case and determine whether further patrol follow-up is justified. Cases returned to the initiating officer or another assigned officer for further follow-up investigation will remain open in the Alliance System. Patrol officer’s open cases will be checked on a regular basis. The officer’s direct supervisor will be responsible for insuring follow-up investigations are completed in a timely manner.

(b) Cases which merit follow-up investigation beyond the capacity of patrol officers shall be electronically routed to the Major Crimes Unit via the Alliance System.

613.3 CASE ASSIGNMENTS - INVESTIGATIONS
(a) The Major Crimes Unit Sergeant or the Street Crimes Unit Sergeant will review all requests for follow-up investigation and apply the established solvability factors to determine if further investigation is warranted.

(b) The Major Crimes Unit Sergeant or the Street Crimes Unit Sergeant will electronically assign cases to a specific detective. Consideration will be given to the nature of the crime, detective expertise, injuries sustained by the victim(s), and the community sensitivity to the offense. The existing case load of each detective may be a consideration when making case assignments.

Additionally, the Sergeant will make every attempt not to assign a case to a detective that is on their last day before days off are set to commence.

613.4 INVESTIGATIVE CASE MANAGEMENT
Each detective will use the following case management system to manage their caseload and record their investigative efforts:

(a) When assigned a case, detectives will open an electronic case folder in the Investigations “O” drive. The folder will be named by case number and shall be created as soon as reasonably practical after receiving the assignment. Each specific case folder will contain the following working documents:

1. Investigative Activity Log
2. Any working documents or work product completed by the detective
3. All investigative work product including, but not limited to digital evidence, audio files, transcripts, photographs, etc.

Note: These folders are to contain working copies only. All original documents and digital evidence will be stored in compliance with Policy 804 of the Indio Police Department Policy Manual.

(b) Detectives shall maintain an Investigative Case Log of all assigned cases. The Investigative Case Log will consist of an electronic spreadsheet maintained in the detective's folder on the Investigations "O" drive. The Investigative Case Log shall be updated as soon as reasonably practical after assignment or disposition of a case.

(c) Any unsolved case shall be closed as soon as reasonably possible, or, within 90 days of assignment unless an extension is granted by the Major Crimes Unit Sergeant or Street Crimes Unit Sergeant. A request for extension should include a detailed plan of the steps a detective expects to take to solve the case.

(d) Detectives shall contact the victim within three days of the case being assigned.

(e) Major Crimes Unit Sergeant and the Street Crimes Unit Sergeant shall meet individually with each of their detectives on a bi-monthly basis to review all of the detective's open cases.

613.5 CASE STATUS AND CLEARANCE DEFINITIONS

The following case status and clearance definitions will be used by all department components when compiling statistics for both in-house and UCR purposes. The Investigative Sergeant will ensure that the case clearance statistics are being captured and recorded as defined below.

(a) Cleared by Arrest - An offense is cleared by arrest or solved for crime reporting purposes when at least one person is:

1. Arrested
2. Charged with the commission of the offense; and
3. Turned over to the court for prosecution or when an arrest warrant has been served.

Several crimes may be cleared by the arrest of one person, or the arrest of many persons may clear only one crime. Further, if several persons are involved in the commission of a crime and only one is arrested and charged, the crime is listed as cleared by arrest. When the other persons involved in the crime are arrested at a later date, no record will be made of a clearance by arrest since this offense was already cleared following the arrest of the first person.

EXAMPLES:

Five thieves forcibly break and enter a warehouse; one suspect is arrested and charged. Statistically, this event will be recorded as one burglary and one physical arrest and one burglary clearance. Days later, the other three thieves are arrested and charged. No entry is made for the offense of burglary because the offense has already been recorded and cleared by the first arrest. However, the additional three physical arrests will simply be recorded as three burglary arrests cross referencing the original burglary case number.
One suspect is arrested and charged with committing five separate burglaries. All five burglaries will be recorded as "cleared by arrest", however, only one physical arrest will be recorded with cross referencing the case numbers.

(b) Cleared by Exception - In certain situations, law enforcement is not able to close a case by arrest. Many times all leads have been exhausted and everything possible has been done in order to clear a case. If the following questions can all be answered "yes", the offense can then be cleared "exceptionally" for crime reporting purposes:

1. Has the investigation definitely established the identity of the offender?
2. Is there enough information to support an arrest, charge, and turning over to the court for prosecution?
3. Is the exact location of the offender known so that the subject could be taken into custody now?
4. Is there some reason outside law enforcement control that precludes arresting, charging, and prosecuting the offender?

EXAMPLES:

Generally, an offense can be exceptionally cleared when it falls into one of the following categories. The list is not, however, all inclusive, and there may be other circumstances when a law enforcement agency is entitled to an exceptional clearance.

Suicide of the offender (the person responsible is dead).
Double murder (two persons kill each other).
Deathbed confession (the person responsible dies after making the confession).
Offender killed by police or other citizen.
Confession by offender already in your custody or serving sentence (this is actually a variation of true clearance by arrest " the offender would not be "apprehended" but in most situations would be prosecuted on the new charge).
Offender prosecuted by state or local authorities in another city for a different offense or prosecuted in another city or state by the federal government for an offense which may be the same (an attempt is made to return the offender for prosecution, but the other jurisdiction will not allow the release).
Extradition of the suspect is denied.
Victim refuses to cooperate in the prosecution (this action does not "unfound" the offense, and the answer must also be "yes" to the first three questions listed previously to clear exceptionally).
Warrant is outstanding for felony but before being arrested the offender dies, for instance, of natural causes, as a result of an accident, or is killed in the commission of another offense.
Investigative Case Management

The handling of a juvenile offender either verbally or by written notice to parents in instances involving minor offenses such as petty larceny. No petition is made to juvenile court as matter of publicly accepted law enforcement policy.

(c) Unfounded or False - On occasion, an agency will receive a complaint, which is determined through investigation to be false or baseless. If the investigation shows that no offense occurred nor was attempted, the reported offense can be unfounded for UCR purposes.

(d) Suspended - Cases that have been actively investigated and all possible leads have been exhausted. In the event any additional information is developed, the case can be reopened for further investigation.

(e) Open - Cases that have workable leads and are actively being investigated.

613.6 MONTHLY REPORTING
Monthly reporting is an essential tool for command staff to evaluate the performance of investigative units and Detectives. Detectives shall complete a Monthly Recap Report each month and forward it to the Detective Sergeant. The report shall be submitted to the Detective Sergeant, on, or before the 1st day of each month. If the 1st day of the month falls on a non-business day, the report shall be submitted on the next business day. The Monthly Recap Report will capture the following information:

(a) Cases carried over from previous month
(b) Number of new cases assigned in the reporting month
(c) Number of cases cleared using the UCR Case Clearance Definitions
(d) Number of Part 1 and Part 2 cases assigned
(e) Number of homicide cases assigned
(f) Non-investigative hours used in the reporting month (sick leave, vacation time off, training, etc.)
(g) Number of patrol briefings attended and a description of topics discussed (briefing training, wanted subjects, patrol information, etc.)
(h) Any other significant activity that occurred in the reporting month.

613.7 REPORTING ACCURACY
Detectives should use care in ensuring that all reporting and clearance totals are correct and related categories sum are accurate. Providing accurate and timely reports will serve as a valuable tool for command staff and executives to monitor and improve investigative performance.
Unmanned Aerial System (UAS) Operations

614.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

614.1.1 DEFINITIONS
Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

614.2 POLICY
Unmanned aerial systems may be utilized to enhance the department’s mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

614.3 PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

614.4 PROGRAM COORDINATOR
The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Developing uniform protocol for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents. Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.
Unmanned Aerial System (UAS) Operations

- Developing protocol for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing an operational protocol governing the deployment and operation of a UAS including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.

614.5 USE OF UAS
Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

614.6 PROHIBITED USE
The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.
• To harass, intimidate or discriminate against any individual or group.
• To conduct personal business of any type.

The UAS shall not be weaponized.

614.7 RETENTION OF UAS DATA
Data collected by the UAS shall be retained as provided in the established records retention schedule.
Chapter 7 - Equipment
Department Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to properly care for department property assigned or entrusted to them. Employees may suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee’s intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

(a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.

(b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

(f) Significant property items such as firearms, less lethal systems, laptop computers, mobile radios, body armor, cell phones, tablets, etc., should not be stored in a privately owned vehicle overnight unless the property is placed in a secure lock box or the vehicle is parked in a secure garage. If these types of items cannot be properly stored in a vehicle overnight, they should be properly stored inside a residence. If an employee is unable to properly store their assigned department property during their time off, and are unable to utilize their assigned department locker, they should consult with their supervisor so arrangements can be made to properly store the property at the police station.
700.3 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee’s immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Division Chief, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance/Management Services Department.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT
A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER
Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.

(a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

(b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made. The completed report shall then be forwarded onto the Risk Manager.

(c) Photographs of the damage shall be taken and uploaded into File on Q.

(d) An incident number and information on how to file a property damage claim should be provided to the property owner.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY

Department Owned and Personal Property

The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor’s written report, shall promptly be forwarded to the appropriate Division Chief and Risk Manager.
Personal Communication Devices

702.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY
The Indio Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member’s PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department/Office and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

702.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)
No member is authorized to be the sole possessor of a department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a department-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for department purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

### 702.4 DEPARTMENT-ISSUED PCD

Depending on a member’s assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

### 702.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member’s expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
  
  1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.

- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.

- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.

- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member’s personally owned PCD should be transferred to the Indio Police Department and deleted from the member’s PCD as soon as reasonably practicable but no later than the end of the member’s shift.
Personal Communication Devices

Except with prior express authorization from their supervisor, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PCD
The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace shall be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.

(e) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

(f) Members will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:
**Personal Communication Devices**

(a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

(b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.

2. Before conducting any administrative search of a member’s personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

702.8 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE
Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.
Vehicle Maintenance

704.1 PURPOSE AND SCOPE
Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

704.2 DEFECTIVE VEHICLES
When a department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

704.2.1 DAMAGE OR POOR PERFORMANCE
Vehicles that may have been damaged, or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

704.2.2 SEVERE USE
Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer’s parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

704.2.3 REMOVAL OF WEAPONS
All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

704.3 VEHICLE EQUIPMENT
Certain items shall be maintained in all department vehicles for emergency purposes and to perform routine duties.

704.3.1 PATROL VEHICLES
Officers shall inspect the patrol vehicle at the beginning of the shift and ensure that the following equipment, at a minimum, is present in the vehicle:

- 20 Emergency road flares
- 2 Sticks yellow crayon or chalk
- 1 Roll Crime Scene Barricade Tape
- 1 First aid kit, CPR mask
- 1 Blanket
- 1 Blood-borne pathogen kit, Incl. protective gloves
Vehicle Maintenance

- 1 Hazardous waste disposal bag
- 1 Traffic Safety Vest
- 1 Hazardous Materials Emergency Response Handbook
- 1 Evidence collection kit
- 1 Camera

704.3.2 UNMARKED VEHICLES
An employee driving unmarked department vehicles shall ensure that the minimum following equipment is present in the vehicle:

- 1 Roll Crime Scene Barricade Tape
- 1 First aid kit, CPR mask
- 1 Blanket
- 1 Blood-borne pathogen kit, Incl. protective gloves
- 1 Sharps container
- 1 Hazardous waste disposal bag
- 1 Traffic Safety Vest
- 1 Hazardous Materials Emergency Response Handbook
- 1 Evidence collection kit
- 1 Camera

704.4 VEHICLE REFUELING
Patrol vehicles shall be refueled at the end of every shift to ensure they have at least three-quarters of a tank to start the next shift. Vehicles that have been written up for service should have at least one-quarter tank of fuel if at all possible. Vehicles should normally be refueled at the Corporate Yard, but may be fueled elsewhere with a legitimate reason (e.g., travel out of the area, refueling station at the Corporate Yard is unavailable). Officers shall monitor vehicle fuel level to ensure the vehicle never runs out of gas.

704.5 WASHING OF VEHICLES
All units shall be kept clean at all times and weather conditions permitting, shall be washed as necessary to enhance their appearance.
Vehicle Maintenance

Officers in patrol shall obtain clearance from the dispatcher before responding to the car wash. Only one marked unit should be at the car wash at the same time unless otherwise approved by a supervisor.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

704.6 NON-SWORN EMPLOYEE USE
Non-sworn employees using marked vehicles shall insure all weapons are removed from vehicles before going into service. Non-sworn employees shall not operate the emergency lights or siren while driving any vehicle unless expressly authorized by a supervisor.
Vehicle Use

706.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Indio to provide assigned take-home vehicles.

706.2 POLICY
The Indio Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

706.3 USE OF VEHICLES

706.3.1 SHIFT ASSIGNED VEHICLES
The Watch Commander shall ensure a copy of the shift assignment roster indicating member assignments and vehicle numbers is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

706.3.2 UNSCHEDULED USE OF VEHICLES
Members utilizing a City-owned vehicle for any purpose other than their regularly assigned duties shall first notify the Watch Commander of the reason for use and a notation will be made on the shift roster indicating the operator's name and vehicle number. This section does not apply to members permanently assigned an individual vehicle (e.g., command staff, detectives), who regularly use the vehicle on an unscheduled basis as part of their normal assignment.

706.3.3 INSPECTIONS
Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.
All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

706.3.4 SECURITY AND UNATTENDED VEHICLES
Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

706.3.5 MDC
Members assigned to vehicles equipped with a Mobile Data Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify the Dispatch Center. Use of the MDC is governed by the Mobile Data Computer Use Policy.

706.3.6 VEHICLE LOCATION SYSTEM
Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle’s location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Division Chief approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

706.3.7 KEYS
Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member’s chain of command.
Vehicle Use

706.3.8 AUTHORIZED PASSENGERS
Members operating department vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

706.3.9 ALCOHOL
Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

706.3.10 PARKING
Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times. Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

706.3.11 ACCESSORIES AND/OR MODIFICATIONS
There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

706.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES
Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time. The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

706.4.1 ON-DUTY USE
Vehicle assignments shall be based on the nature of the member’s duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

706.4.2 UNSCHEDULED TAKE-HOME USE
Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

(a) The circumstances are unplanned and were created by the needs of the department.
(b) Other reasonable transportation options are not available.
Vehicle Use

(c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Indio City limits.

(d) Off-street parking will be available at the member’s residence.

(e) Vehicles will be locked when not attended.

(f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

706.4.3 ASSIGNED VEHICLES
Assignment of take-home vehicles shall be based on the location of the member’s residence, the nature of the member’s duties, job description and essential functions, and employment or appointment status. Residence in the City of Indio is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Indio may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member’s tax adviser.

Criteria for use of take-home vehicles include the following:

(a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Division Chief gives authorization.

(b) Vehicles may be used to transport the member to and from the member’s residence for work-related purposes.

(c) Vehicles will not be used when off-duty except:

1. In circumstances when a member has been placed on call by the Chief of Police or Division Chiefs and there is a high probability that the member will be called back to duty.

2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or travelling to or from a work-related activity or function.

3. When the member has received permission from the Chief of Police or Division Chiefs.

4. When the vehicle is being used by the Chief of Police, Division Chiefs or members who are in on-call administrative positions.

5. When the vehicle is being used by on-call investigators.
(d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.

(e) The two-way communications radio, MDC and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.

(f) Unattended vehicles are to be locked and secured at all times.
   1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).
   2. All weapons shall be secured while the vehicle is unattended.
   3. All department identification, portable radios and equipment should be secured.

(g) Vehicles are to be parked off-street at the member’s residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be removed and properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).

(h) Vehicles are to be secured at the member’s residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.
   1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.
   2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.

(i) The member is responsible for the care and maintenance of the vehicle.

706.4.4 ENFORCEMENT ACTIONS
When driving a take-home vehicle to and from work outside of the jurisdiction of the Indio Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.4.5 MAINTENANCE
Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:
Vehicle Use

(a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.

(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.

(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.

(d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.

(e) Vehicles in need of maintenance should be parked at the station if possible. If a vehicle is disabled and must be towed from the field, then it should be towed to the Corporate Yard. An Equipment Repair Order Form should be completed and left in the Unit Maintenance Slips bin at the station, whenever a vehicle is in need of maintenance, repair or inspection.

(f) All weapons shall be removed from any vehicle left for maintenance.

(g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

706.5 DAMAGE, ABUSE AND MISUSE
When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered.

706.6 TOLL ROAD USAGE
Law enforcement vehicles are not routinely exempted from incurring toll road charges.

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

(a) Members operating department vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.

(b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Division Chief within five working days explaining the circumstances.
706.7 ATTIRE AND APPEARANCE
When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.
Personal Protective Equipment

707.1 PURPOSE AND SCOPE
This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

707.1.1 DEFINITIONS
Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

707.2 POLICY
The Indio Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

707.3 OFFICER RESPONSIBILITIES
Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

707.4 HEARING PROTECTION
Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 8 CCR 5098.

707.5 EYE PROTECTION
Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.
The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in 8 CCR 3382.

**707.6 HEAD AND BODY PROTECTION**

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

**707.7 RESPIRATORY PROTECTION**

The Support Services Division Chief is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (8 CCR 5144):

(a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.

(b) Fit testing, including identification of members or contractors qualified to conduct fit testing.

(c) Medical evaluations.

(d) PPE inventory control.

(e) PPE issuance and replacement.

(f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.

(g) Regularly reviewing the PPE plan.

(h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

**707.7.1 RESPIRATORY PROTECTION USE**

Designated members may be issued respiratory PPE based on the member’s assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member’s degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (8 CCR 5144):
Personal Protective Equipment

(a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.

(b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.

(c) The member needs to replace the respirator, filter, cartridge or canister.

707.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION
Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (8 CCR 5144):

(a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.

(b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.

(c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.

(d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

707.7.3 GAS MASK
Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (8 CCR 5144).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

(a) They smell, taste or are irritated by a contaminant.

(b) They experience difficulty breathing due to filter loading.

(c) The cartridges or filters become wet.

(d) The expiration date on the cartridges or canisters has been reached.
707.7.4 SELF-CONTAINED BREATHING APPARATUS
Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

(a) Entering the hot zone of a hazardous materials incident.
(b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
(c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

707.7.5 RESPIRATOR FIT TESTING
No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (8 CCR 5144).

After initial testing, fit testing for respiratory PPE shall be repeated (8 CCR 5144):

(a) At least once every 12 months.
(b) Whenever there are changes in the type of SCBA or facepiece used.
(c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

707.7.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE
No member shall be issued respiratory protection that forms a complete seal around the face until (8 CCR 5144):

(a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
(b) A physician or other licensed health care professional has reviewed the questionnaire.
(c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

707.8 RECORDS
The Training Coordinator is responsible for maintaining records of all:

(a) PPE training.
(b) Initial fit testing for respiratory protection equipment.
(c) Annual fit testing.
(d) Respirator medical evaluation questionnaires and any subsequent physical examination results.
Personal Protective Equipment

1. These records shall be maintained in a separate confidential medical file. The records shall be maintained in accordance with the department records retention schedule and 8 CCR 5144.

707.9 TRAINING
Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (8 CCR 3380).

Members issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (8 CCR 5144).
Chapter 8 - Support Services
Crime Analysis

800.1 PURPOSE AND SCOPE
Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

This policy establishes guidelines for the basic functions of the Dispatch Center. It addresses the immediate information needs of the Department in the course of its normal daily activities and during emergencies.

802.2 POLICY
It is the policy of the Indio Police Department to provide 24-hour telephone service to the public for information and for routine or emergency assistance. The Department provides two-way radio capability providing continuous communication between the Dispatch Center and department members in the field.

802.3 THE DISPATCH CENTER SECURITY
The communications function is vital and central to all emergency service operations. The safety and security of the Dispatch Center, its members and its equipment must be a high priority. Special security procedures should be established in a separate operations manual for the Dispatch Center.

Access to the Dispatch Center shall be limited to the Dispatch Center members, the Watch Commander, command staff and department members with a specific business-related purpose.

802.4 RESPONSIBILITIES
802.4.1 DISPATCH SUPERVISOR

4. Radio communications with department members in the field and support resources (e.g., fire department, emergency medical services (EMS), allied agency law enforcement units).

5. Other electronic sources of information (e.g., text messages, digital photographs, video).

(b) Documenting the field activities of department members and support resources (e.g., fire department, EMS, allied agency law enforcement units).

(c) Inquiry and entry of information through the Dispatch Center, department and other law enforcement database systems (CLETS, DMV, NCIC).

(d) Monitoring department video surveillance systems.

(e) Maintaining the current status of members in the field, their locations and the nature of calls for service.

(f) Notifying the Watch Commander or field supervisor of emergency activity, including, but not limited to:
   1. Vehicle pursuits.
   2. Foot pursuits.
   3. Assignment of emergency response.

802.5 CALL HANDLING
This Department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

• Where?
• What?
• When?
• Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in the Dispatch Center, the dispatcher should immediately connect the LEP caller to the authorized interpreter.
If no authorized interpreter is available or the dispatcher is unable to identify the caller’s language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

802.5.1 EMERGENCY CALLS
A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. An open line should be maintained with an emergency caller until all pertinent information to ensure the safety of the responding department members and affected individuals can be obtained. A call of this nature should only be placed on hold if the call taker must answer an incoming line due to minimum staffing. The call taker then must use judgment to determine which call is of greater priority or presents a greater danger. If both calls are of an emergency nature, the call taker should immediately notify their partner that another emergency call is holding and needs immediate assistance.

Emergency calls should be dispatched immediately. The Watch Commander shall be notified of pending emergency calls for service when department members are unavailable for dispatch.

802.5.2 NON-EMERGENCY CALLS
A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

802.6 RADIO COMMUNICATIONS
The police radio system is for official use only, to be used by dispatchers to communicate with department members in the field. All transmissions shall be clear, concise, professional and made in a calm, businesslike manner, using proper language and correct procedures. Such transmissions shall include, but are not limited to:

(a) Members acknowledging the dispatcher with their radio identification call signs and current location.
(b) Dispatchers acknowledging and responding promptly to all radio transmissions.
(c) Members keeping the dispatcher advised of their status and location.
(d) Member and dispatcher acknowledgements shall be concise and without further comment unless additional information is needed.

The Dispatch Supervisor shall be notified of radio procedure violations or other causes for complaint. All complaints and violations will be investigated and reported to the complainant’s supervisor and processed through the chain of command.
802.6.1 FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE
Indio Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and requirements.

802.6.2 RADIO IDENTIFICATION
Radio call signs are assigned to department members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department station name or number.

802.7 DOCUMENTATION
It shall be the responsibility of the Dispatch Center to document all relevant information on calls for service or self-initiated activity. Dispatchers shall attempt to elicit, document and relay as much information as possible to enhance the safety of the member and assist in anticipating conditions that may be encountered at the scene. Desirable information would include, at a minimum:

- Incident control number.
- Date and time of request.
- Name and address of the reporting person, if possible.
- Type of incident reported.
- Involvement of weapons, drugs and/or alcohol.
- Location of incident reported.
- Identification of members assigned as primary and backup.
- Time of dispatch.
- Time of the responding member’s arrival.
- Time of member’s return to service.
- Disposition or status of reported incident.

The Event History is a legal document that is often referenced after the fact to gather pertinent information or testify in court. Dispatchers shall make every effort to document the history of what happened in the call for service, information received from officers, other agencies contacted, subjects and/or vehicles ran in the CLETS/NLETS system, vehicles towed, subjects arrested, justification of the call type, and anything that contributed to the disposition of the call. Accuracy is imperative. Although notes in a call for service cannot be edited once entered, the dispatcher must make a correction note to any information that changed after it was entered. The call notes
should be documented in such a way that anyone who was not involved in the call for service would be able to read the notes and determine the course of events.

802.8 CONFIDENTIALITY
Information that becomes available through the Dispatch Center may be confidential or sensitive in nature. All members of the Dispatch Center shall treat information that becomes known to them as confidential and release that information in accordance with the Protected Information Policy.

Automated data, such as Department of Motor Vehicle records, warrants, criminal history information, records of internal police files or medical information, shall only be made available to authorized law enforcement personnel. Prior to transmitting confidential information via the radio, an admonishment shall be made that confidential information is about to be broadcast.

802.9 TRAINING AND CERTIFICATION
Dispatchers shall receive training consistent with minimum standards established by POST (Penal Code § 13510).

2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

(d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).

(e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for
the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the department-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.

(f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

805.5 RELEASE RESTRICTIONS
Examples of release restrictions include:

(a) Personal identifying information, including an individual’s photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record, or any department record including traffic collision reports, are restricted except as authorized by the Department, and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

1. Victims of certain offenses (e.g., domestic violence, sexual assault, stalking, human trafficking, adult abuse) or their representatives shall be provided, upon request and without charge, one copy of all incident report face sheets, one copy of all incident reports, or both, pursuant to the requirements and time frames of Family Code § 6228.

This includes analysis and conclusions of investigating officers (Evidence Code § 1041; Government Code § 6254).

1. Absent a statutory exemption to the contrary or other lawful reason to deem information from reports confidential, information from unrestricted agency reports shall be made public as outlined in Government Code § 6254(f).

(g) Local criminal history information including but not limited to arrest history and disposition, and fingerprints shall only be subject to release to those agencies and individuals set forth in Penal Code § 13300.

(j) Information contained in applications for licenses to carry firearms or other files that indicates when or where the applicant is vulnerable or which contains medical or psychological information (Government Code § 6254).

(k) Traffic collision reports (and related supplemental reports) shall be considered confidential and subject to release only to the California Highway Patrol, Department of Motor Vehicles (DMV), other law enforcement agencies, and those individuals and their authorized representatives set forth in Vehicle Code § 20012.

(p) Any other record not addressed in this policy shall not be subject to release where such record is exempt or prohibited from disclosure pursuant to state or federal law, including but not limited to provisions of the Evidence Code relating to privilege (Government Code § 6254).

(q) Information connected with juvenile court proceedings or the detention or custody of a juvenile. Federal officials may be required to obtain a court order to obtain certain juvenile information (Welfare and Institutions Code § 827.9; Welfare and Institutions Code § 831).

805.6 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

805.6.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

(a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.

(b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.

(c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

805.6.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):
(a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.

(b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

805.6.3 REDACTION
If the Custodian of Records, in consultation with the Chief of Police or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

805.6.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE
If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

(a) The person in the recording whose privacy is to be protected, or his/her authorized representative.

(b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.

(c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with
written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).

805.7 SUBPOENAS AND DISCOVERY REQUESTS
Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

805.8 RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

805.9 SEALED RECORD ORDERS
Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Supervisor shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

805.10 SECURITY BREACHES
The Records Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).
Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number, California identification card number, tax identification number, passport number, military identification number, or other unique identification number issued on a government document commonly used to verify the identity of a specific individual
- Account number or credit or debit card number, in combination with any required security code, access code or password that would permit access to an individual's financial account
- Medical information
- Health insurance information
- A username or email address, in combination with a password or security question and answer that permits access to an online account
- Information or data collected by Automated License Plate Reader (ALPR) technology
- Unique biometric data

805.10.1 FORM OF NOTICE

(a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:

1. The date of the notice.
2. Name and contact information for the Indio Police Department.
3. A list of the types of personal information that were or are reasonably believed to have been acquired.
4. The estimated date or date range within which the security breach occurred.
5. Whether the notification was delayed as a result of a law enforcement investigation.
6. A general description of the security breach.
7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.

(b) The notice may also include information about what the Indio Police Department has done to protect individuals whose information has been breached and may include
information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).

(c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):

1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.

2. When the breach involves an email address that was furnished by the Indio Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

805.10.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

1. Written notice.

2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

3. Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:
   (a) Email notice when the Department has an email address for the subject person.
   (b) Conspicuous posting of the notice on the department’s webpage for a minimum of 30 days.

4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

(b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.
Records Bureau

806.1 PURPOSE AND SCOPE
This policy establishes the guidelines for the operational functions of the Indio Police Department Records Bureau. The policy addresses department file access and internal requests for case reports.

806.1.1 NUMERICAL FILING SYSTEM
Case reports are filed numerically within the Records Bureau by Records Bureau personnel. Reports are numbered commencing with the last two digits of the current year followed by two digits indicating the month, then a sequential number beginning with 0001 starting at midnight on the first day of each month. As an example, case number YYMM-0001 would be the first new case beginning January 1 of a new year.

806.1.2 NUMBERING SYSTEMS
Reports are numbered commencing with the last two digits of the current year followed by two digits indicating the month, then a sequential number beginning with 0001 starting at midnight on the first day of each month. As an example, case number YYMM-0001 would be the first new case beginning January 1 of a new year.

806.2 POLICY
It is the policy of the Indio Police Department to maintain department records securely, professionally, and efficiently.

806.3 RESPONSIBILITIES

806.3.1 RECORDS SUPERVISOR
The Chief of Police shall appoint and delegate certain responsibilities to a Records Supervisor. The Records Supervisor shall be directly responsible to the Chief Administrative Officer or the authorized designee.

The responsibilities of the Records Supervisor include but are not limited to:

(a) Overseeing the efficient and effective operation of the Records Bureau.
(b) Scheduling and maintaining Records Bureau time records.
(c) Supervising, training, and evaluating Records Bureau staff.
(d) Maintaining and updating a Records Bureau procedure manual.
(e) Ensuring compliance with established policies and procedures.
(f) Supervising the access, use, and release of protected information (see the Protected Information Policy).
(g) Establishing security and access protocols for case reports designated as sensitive, where additional restrictions to access have been implemented. Sensitive reports may include but are not limited to:

1. Homicides.
2. Cases involving department members or public officials.
3. Any case where restricted access is prudent.

806.3.2 RECORDS BUREAU
The responsibilities of the Records Bureau include but are not limited to:

(a) Maintaining a records management system for case reports.

1. The records management system should include a process for numbering, identifying, tracking, and retrieving case reports.

(b) Entering case report information into the records management system.

1. Modification of case reports shall only be made when authorized by a supervisor.

(c) Providing members of the Department with access to case reports when needed for investigation or court proceedings.

(d) Maintaining compliance with federal, state, and local regulations regarding reporting requirements of crime statistics. This includes reporting statistical data to the California Department of Justice (DOJ) for:

2. Suspected hate crimes (Penal Code § 13023).
3. Complaints of racial bias against officers (Penal Code § 13012; Penal Code § 13020).
4. Civilian complaints made against officers (Penal Code § 832.5; Penal Code § 13012).
5. Stop data required by Government Code § 12525.5 and 11 CCR 999.226.

(h) Entering into the Automated Firearms System information about each firearm that has been reported stolen, lost, found, recovered, held for safekeeping, or under
observation within seven calendar days of the precipitating event (Penal Code § 11108.2).

(i) Maintaining compliance with the state and DOJ reporting requirements regarding the number of transfers of individuals to immigration authorities and offenses that allowed for the transfers (Government Code § 7284.6(c)(2)).

(j) Transmitting data to the Joint Regional Information Exchange System on any suspected multi-mission extremist crimes.

806.4 DETERMINATION OF FACTUAL INNOCENCE
In any case where a person has been arrested by officers of the Indio Police Department and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Support Services Supervisor. The Support Services Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Support Services Supervisor should forward the petition to the Major Crimes Unit or Street Crimes Unit Supervisor and the City Attorney for review. After such review and consultation with the City Attorney, the Major Crimes Unit or Street Crimes Unit Supervisor and the Support Services Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Support Services Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California Department of Justice and other law enforcement agencies (Penal Code § 851.8).

The Support Services Supervisor should respond to a petition with the Department’s decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

806.5 ARREST WITHOUT FILING OF ACCUSATORY PLEADING
The Support Services Division Chief should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

(a) The individual is issued a certificate describing the action as a detention.

(b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.

(c) The Bureau of Criminal Identification and Investigation of the Department of Justice is notified.
806.6 FILE ACCESS AND SECURITY
The security of files in the Records Bureau must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a police department case, including field interview (FI) cards, criminal history records, and publicly accessible logs, shall be maintained in a secure area within the Records Bureau, accessible only by authorized members of the Records Bureau. Access to case reports or files when Records Bureau staff is not available may be obtained through the Watch Commander.

The Records Bureau will also maintain a secure file for case reports deemed by the Chief of Police as sensitive or otherwise requiring extraordinary access restrictions.

806.7 ORIGINAL CASE REPORTS
Generally, original case reports shall not be removed from the Records Bureau. Should an original case report be needed for any reason, the requesting department member shall first obtain authorization from the Records Supervisor. All original case reports removed from the Records Bureau shall be recorded in the case tracking portion of the department’s electronic report management system, which shall be the only authorized manner by which an original case report may be removed from the Records Bureau.

All original case reports to be removed from the Records Bureau shall be photocopied and the photocopy retained in the file location of the original case report until the original is returned to the Records Bureau. The photocopied report shall be shredded upon return of the original report to the file.

806.8 CONFIDENTIALITY
Records Bureau staff has access to information that may be confidential or sensitive in nature. Records Bureau staff shall not access, view or distribute, or allow anyone else to access, view or distribute any record, file or report, whether in hard copy or electronic file format, or any other confidential, protected or sensitive information except in accordance with the Records Maintenance and Release and Protected Information policies.
Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

808.2 PROCEDURE
Any firearm coming into the possession of the Indio Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION

(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.

(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate in the RMS property system that serial numbers have been removed or obliterated.
808.2.3 OFFICER RESPONSIBILITY
The Property and Evidence Officer receiving a firearm when the serial numbers have been
removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration
and maintain the chain of evidence.

808.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination
and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was
received. This may appear on the request form or property form depending on the type of evidence.

808.2.5 FIREARM TRACE
After the serial number has been restored (or partially restored) by the criminalistics laboratory,
the Property and Evidence Officer will complete a Bureau of Alcohol, Tobacco, Firearms and
Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form
(ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the
data into the ATF eTrace system.

808.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria
and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives
(ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic
Identification System (IBIS) technology to search the national database and compare with ballistic
evidence recovered from other crime scenes.
Protected Information

812.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Indio Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

812.1.1 DEFINITIONS
Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Indio Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

812.2 POLICY
Members of the Indio Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

812.3 RESPONSIBILITIES
The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).

(b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice’s current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.

(f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.
812.4 ACCESS TO PROTECTED INFORMATION
Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Indio Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

812.4.1 PENALTIES FOR MISUSE OF RECORDS
It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

812.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Bureau to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

812.5.1 REVIEW OF CRIMINAL OFFENDER RECORD
Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).
Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

812.6 SECURITY OF PROTECTED INFORMATION
The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

(a) Developing and maintaining security practices, procedures and training.

(b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.

(d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

812.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

812.7 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

812.8 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).
Computers and Digital Evidence

814.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number, and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
   3. Who claimed ownership.
4. If it can be determined, how it was being used.

   (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

   (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.

   (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

   (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).

   (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

   (a) If the media has a write-protection tab or switch, it should be activated.

   (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Section to copy the contents to an appropriate form of storage media.

   (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

### 814.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

### 814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

#### 814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

#### 814.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (smart card, compact flash card or any other media) shall either be downloaded by the submitting officer into the Department's storage medium (currently DIMS) or be brought to the Property and Evidence Bureau as soon as possible for submission into evidence.

(b) Officers are not authorized to review or copy memory cards prior to downloading them into the DIMS System. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards. After first downloading the evidence into the DIMS System, detectives are authorized to
download a copy set of photos/recordings to their personal folders on the network drive for investigative purposes with the understanding that such photos/recordings will be deleted from their folder once the case has been adjudicated. Officers should only erase the original memory card after they are sure the contents have been properly transferred into the DIMS System.

(c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. If the operator is not going to personally download the card into the DIMS System, the card and carrier are to be placed into a into a coin envelope. The camera operator shall write their name, the related case number and RMS Evidence number on the outside of the envelope before placing in the film drop box along with the evidence form.

(d) Evidence technicians will transfer the contents of the memory card to the appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.

(e) Officers requiring a copy of the digital files must request a copy in writing to the Property & Evidence Bureau.

814.5.3 DOWNLOADING OF DIGITAL FILES
Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Animal Control

820.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for Indio Police Department personnel in dealing with animal control related calls-for-service and to set forth procedures regarding the utilization and notification of contracted animal control services, the handling of injured animals, and the abatement of animal nuisances.

820.2 ANIMAL CONTROL OFFICER RESPONSIBILITY

Officers may be dispatched to animal related calls and should take appropriate actions to control the situation until the arrival of a DAS Animal Control Officer. Due to the hazards of handling animals without proper equipment, responding officers generally should not attempt to capture and pick-up any animal, but should keep the animal under observation until the arrival of the DAS Animal Control Officer. The following are examples of when an officer may consider acting before the arrival of the DAS Animal Control Officer:

a. When there is an immediate threat or danger to the public safety.
b. When animal has bitten someone, officers should take measures to confine the animal and prevent further injury.
c. When an animal is creating a traffic hazard.
d. When the owner/handler has been arrested and there is no other alternative placement for the animal.
e. When the animal is gravely injured.

820.3.1 ANIMAL CRUELTY COMPLAINTS
Officers shall conduct a preliminary investigation on all reports of in-progress animal cruelty calls-for service. A notification and request for a DAS Animal Control Officer shall be made and any information forwarded for follow-up. Officers shall not hesitate to take any immediate actions deemed necessary. The DAS shall assume the investigation when appropriate for the purpose of investigating, handling the disposition of any animal(s) associated with the case, and criminal filing with the District Attorney's Office.
Animal Control

820.3.2 STRAY DOGS
Information related to stay animals shall be forwarded to The Riverside County Department of Animal Services.

820.3.3 ANIMAL BITE REPORTS
The Riverside County Department of Animal Services will handle animal bite calls-for-service. However, if the animal is running loose, causing a threat to the public, then the officer shall make every effort to capture and secure the animal immediately until the arrival of a DAS Animal Control Officer.

820.3.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
All calls-for-service related to animals causing an ongoing disturbance shall be handled by The Riverside County Department of Animal Services. If the animal is causing an immediate disturbance, reaching the level of a "Disturbing the Peace" call-for-service, an officer may be dispatched to respond and attempt to resolve the matter. The information shall be forwarded to The Riverside County Department of Animal Services for follow-up and documentation.

820.5 INJURED ANIMALS
The Riverside County Department of Animal Services will be notified and handle injured animal calls. If the DAS is off-duty and any injured domesticated animal is brought to the attention of a member of this agency, The Riverside County Department of Animal Services on-call shall be notified and requested to respond.
Chapter 9 - Custody
Temporary Custody of Adults

900.1 PURPOSE AND SCOPE
This policy provides guidelines to address the health and safety of adults taken into temporary custody by members of the Indio Police Department for processing prior to being released or transferred to a housing or other type of facility.

Temporary custody of juveniles is addressed in the Temporary Custody of Juveniles Policy. Juveniles will not be permitted where adults in custody are being held.

Custodial searches are addressed in the Custodial Searches Policy.

900.1.1 DEFINITIONS
Definitions related to this policy include:

Adults should be in temporary custody only for as long as reasonably necessary for investigation, processing, transfer or release.

900.3 GENERAL CRITERIA AND SUPERVISION
No adult should be in temporary custody for longer than six hours. Exceptions to the general six hour rule can be made with supervisory approval in instances where a legitimate law enforcement purpose exists (e.g., complex investigations such as rapes, homicides, or situations where the County Jail may temporarily not be accepting prisoners for booking, etc.).

900.3.1 INDIVIDUALS WHO SHOULD NOT BE IN TEMPORARY CUSTODY
Individuals who exhibit certain behaviors or conditions should not be in temporary custody at the Indio Police Department, but should be transported to a jail facility, a medical facility, or another type of facility as appropriate. These include:

These individuals should not be in temporary custody at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

900.3.2 SUPERVISION IN TEMPORARY CUSTODY

An authorized department member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision. Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability (15 CCR 1027).
Temporary Custody of Adults

At least one female department member should be present when a female adult is in temporary custody. In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process (15 CCR 1027).

Absent exigent circumstances, such as a medical emergency or a violent subject, members should not enter the cell of a person of the opposite sex unless a member of the same sex as the person in custody is present (Penal Code § 4021).

No individual in custody shall be permitted to supervise, control or exert any authority over other individuals in custody.

900.3.3 STAFFING PLAN
The Chief of Police or the authorized designee shall ensure a staffing plan is prepared and maintained, indicating assigned personnel and their duties. The plan should ensure that at least one member who meets the training standards established by the Corrections Standards Authority (CSA) for general fire- and life-safety and is trained in fire- and life-safety procedures relating specifically to the facility is on-duty at all times (15 CCR 1028).

The staffing plan shall be available for biennial review by CSA staff. The review and recommendations of the CSA biennial review shall be forwarded to the City, as required by 15 CCR 1027.

900.4.1 RESPONSIBILITY FOR CUSTODY
(a) Until the arrestee is delivered to the RSO Jail and the booking form and the probable cause declaration has been completed, their care and custody shall be the responsibility of the arresting officer.

(b) If the arresting officer does not deliver the arrestee to the jailer, the responsibility for the care and custody of the arrestee shall be that of the transporting officer.
Temporary Custody of Adults

(c). After an arrestee is delivered to the jail, property removed, searched, and booking form approved by the RSO jail watch commander, the care and custody of the arrestee shall be the responsibility of the jailer, pending transfer of custody to another proper authority.

900.5 INITIATING TEMPORARY CUSTODY
The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others. The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving officer should ask the arresting officer if there is any statement, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the county jail or the appropriate mental health facility.

The officer should promptly notify the Watch Commander of any conditions that may warrant immediate medical attention or other appropriate action. The Watch Commander shall determine whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

900.5.1 SCREENING AND PLACEMENT
The officer responsible for an individual in custody shall (15 CCR 1050):

(a) Advise the Watch Commander of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).

(b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:

1. Consider whether the individual may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141), or whether the person is facing any other identified risk.

2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):
   (a) Continuous, direct sight and sound supervision.

5. Ensure restrained individuals are not placed in cells with unrestrained individuals.
Temporary Custody of Adults

(c) Ensure that those confined under civil process or for civil causes are kept separate from those who are in temporary custody pending criminal charges.

(d) Ensure separation, as appropriate, based on other factors, such as age, criminal sophistication, assaultive/non-assaultive behavior, mental state, disabilities and sexual orientation.

900.5.2 CONSULAR NOTIFICATION
Consular notification may be mandatory when certain foreign nationals are arrested. The Field Services Division Chief will ensure that the U.S. Department of State's list of countries and jurisdictions that require mandatory notification is readily available to department members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Prominently displayed signs informing foreign nationals of their rights related to consular notification should also be posted in areas used for the temporary custody of adults.

Department members assigned to process a foreign national shall:

(a) Inform the individual, without delay, that he/she may have his/her consular officers notified of the arrest or detention and may communicate with them.
   1. This notification should be documented.

      (d) Document all notifications to the embassy or consulate and retain the faxed notification and any fax confirmation for the individual's file.

      (a) Notify the country’s nearest embassy or consulate of the arrest or detention by fax or telephone.
      (b) Forward any communication from the individual to his/her consular officers without delay.

900.6 SAFETY, HEALTH AND OTHER PROVISIONS

900.6.2 TEMPORARY CUSTODY REQUIREMENTS
Members monitoring or processing anyone in temporary custody shall ensure:

(a) Safety checks and significant incidents/activities are noted on the log.

(j) Adequate furnishings are available, including suitable chairs or benches.

900.6.3 MEDICAL CARE
First-aid equipment and basic medical supplies should be available to department members (15 CCR 1220). At least one member who has current certification in basic first aid and CPR should be on-duty at all times.

Should a person in custody be injured or become ill, appropriate medical assistance should be sought. A supervisor should meet with those providing medical aid at the facility to allow access to the person. However, if the member supervising the individual has probable cause to believe the possession of the appliance presents a risk of bodily harm to any person or is a risk to the security of the facility, the appliance may be removed from the individual unless its removal would be injurious to his/her health or safety.

Whenever a prosthetic or orthopedic appliance is removed, the Watch Commander shall be promptly apprised of the reason. It shall be promptly returned when it reasonably appears that any risk no longer exists (Penal Code § 2656; 15 CCR 1207).

Additional calls may be made as reasonable and necessary (15 CCR 1067). In providing further access to a telephone beyond that required by Penal Code § 851.5, legitimate law enforcement interests such as officer safety, effect on ongoing criminal investigations and logistics should be balanced against the individual’s desire for further telephone access.

(a) Telephone calls may be limited to local calls, except that long-distance calls may be made by the individual at his/her own expense.

1. The Department should pay the cost of any long-distance calls related to arranging for the care of a child or dependent adult (see the Child and Dependent Adult Safety Policy).

Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety. The responsible supervisor should be advised any time a request for religious accommodation is denied.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

Individuals wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite sex if they so desire. Religious garments that substantially cover the individual’s head and face may be temporarily removed during the taking of any photographs.

Such conduct should be documented and reported to the receiving facility (15 CCR 1081).

**900.7 USE OF RESTRAINT DEVICES**

Individuals in custody may be handcuffed in accordance with the Handcuffing and Restraints Policy. Unless an individual presents a heightened risk, handcuffs should generally be removed when the person is in a cell.

The use of restraints, other than handcuffs or leg irons, generally should not be used for individuals in temporary custody at the Indio Police Department unless the person presents a heightened risk, and only in compliance with the Handcuffing and Restraints Policy.

Custodial Searches

902.1 PURPOSE AND SCOPE
This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Indio Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public. The use of strip and body cavity searches may, under certain conditions, be necessary to protect the safety of officers and the public and to detect and secure evidence of criminal activity.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS
Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

902.2 POLICY
All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 FIELD AND TRANSPORTATION SEARCHES
An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search if available.
902.4 SEARCHES AT POLICE FACILITIES
Custody searches shall be conducted on all individuals in custody, upon entry to the Indio Police Department facilities. The search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member should be present during the search if available. If an officer takes possession of an arrestee for the arresting officer for transportation purposes, that transporting officer shall also conduct a search of the individual in custody prior to transporting them for the original arresting officer to their destination (i.e. hospital or jail).

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

902.4.1 PROPERTY
Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy and documented in FileonQ.

902.5 STRIP Searches
No individual in temporary custody at any Indio Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

(a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.

(b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
   1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.

(c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).

(d) The individual’s actions or demeanor.

(e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual’s genital status. If the individual’s genital status is unknown, it may be
determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

902.5.1 STRIP SEARCH PROCEDURES
Strip searches at Indio Police Department facilities shall be conducted as follows (28 CFR 115.115; Penal Code § 4030):

(a) Written authorization from the Watch Commander shall be obtained prior to the strip search.

(b) All members involved with the strip search shall be of the same sex as the individual being searched, unless the search is conducted by a medical practitioner.

(c) All strip searches shall be conducted in a professional manner under sanitary conditions and in a secure area of privacy so that it cannot be observed by those not participating in the search. The search shall not be reproduced through a visual or sound recording.

(d) Whenever possible, a second member of the same sex should also be present during the search, for security and as a witness to the finding of evidence.

(e) Members conducting a strip search shall not touch the breasts, buttocks or genitalia of the individual being searched.

(f) The primary member conducting the search shall prepare a written report to include:
   1. The facts that led to the decision to perform a strip search.
   2. The reasons less intrusive methods of searching were not used or were insufficient.

   7. The time and date of the search.
   8. The place at which the search was conducted.
   9. A list of the items, if any, that were recovered.
   10. The facts upon which the member based his/her belief that the individual was concealing a weapon or contraband.

(g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.
(h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.

(i) A copy of the written authorization shall be retained and made available upon request to the individual or the individual’s authorized representative. A record of the time, date, place of the search, the name and sex of the person conducting the search, and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual’s authorized representative.

902.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES
A strip search may be conducted in the field only with Watch Commander authorization and only in exceptional circumstances, such as when:

(a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.

(b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Watch Commander authorization does not need to be in writing.

902.6 PHYSICAL BODY CAVITY SEARCH
Physical body cavity searches shall be subject to the following (Penal Code § 4030):

(a) No individual shall be subjected to a physical body cavity search without written approval of the Watch Commander and only upon a search warrant. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).

(b) Only a physician, nurse practitioner, registered nurse, licensed vocational nurse or Emergency Medical Technician Level II licensed to practice in California may conduct a physical body cavity search.

(c) Except for the physician or licensed medical personnel conducting the search, persons present must be of the same sex as the individual being searched. Only the necessary department members needed to maintain the safety and security of the medical personnel shall be present.

(d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.

(e) All such searches shall be documented, including:
Custodial Searches

2. The reasons less intrusive methods of searching were not used or were insufficient.
3. The Watch Commander’s approval.

(e) Employee referral and recruitment incentive programs.
(f) Consideration of shared or collaborative regional testing processes.

The Support Services Division Chief shall avoid advertising, recruiting and screening practices that tend to stereotype, focus on homogeneous applicant pools or screen applicants in a discriminatory manner.

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.
1000.4 SELECTION PROCESS
The Department shall actively strive to identify a diverse group of candidates who have in some manner distinguished themselves as being outstanding prospects. Minimally, the Department should employ a comprehensive screening, background investigation, and selection process that assesses cognitive and physical abilities and includes review and verification of the following:

(b) Driving record
(c) Reference checks
(d) Employment eligibility, including U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form I-9 and acceptable identity and employment authorization documents consistent with Labor Code § 1019.1. The narrative report and any other relevant background information shall be shared with the psychological evaluator. Information shall also be shared with others involved in the hiring process if it is relevant to their respective evaluations (11 CCR 1953).

Due to the potential for accessing unsubstantiated, private, or protected information, the Support Services Division Chief shall not require candidates to provide passwords, account information, or access to password-protected social media accounts (Labor Code § 980).

1000.5.4 DOCUMENTING AND REPORTING
The background investigator shall summarize the results of the background investigation in a narrative report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report shall not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation shall be included in the candidate’s background investigation file (11 CCR 1953).

1000.5.5 RECORDS RETENTION
The background report and all supporting documentation shall be maintained for a minimum of two years and in accordance with the established records retention schedule (Government Code § 12946; 11 CCR 1953).

All candidates shall meet the minimum standards required by state law (Government Code § 1029; Government Code § 1031; 11 CCR 1950 et seq.). Candidates will be evaluated based on merit, ability, competence, and experience, in accordance with the high standards of integrity and ethics valued by the Department and the community. The California Commission on Peace Officer Standards and Training (POST) developed a Job Dimensions list, which is used as a professional standard in background investigations.

Validated, job-related, and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge, and skills required to perform the position’s essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation. The Department of Human Resources should maintain validated standards for all positions.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE
The Department’s employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1002.2 POLICY
The Indio Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee’s position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1002.3 EVALUATION PROCESS
Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee’s immediate supervisor. Other supervisors directly familiar with the employee’s performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee’s job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.
Evaluation of Employees

1002.3.1   RESERVE OFFICER EVALUATIONS
Reserve officer evaluations are covered under the Reserve Officers Policy.

1002.4   FULL TIME PROBATIONARY PERSONNEL
Non-sworn personnel are on probation for 12 or 18 months, unless extended, before being eligible for certification as permanent employees. An evaluation is completed every three months for all full-time non-sworn personnel during the probationary period.

Sworn personnel are on probation for 18 months before being eligible for certification as permanent employees. Probationary officers are evaluated every three months during the probationary period.

1002.5   FULL-TIME PERMANENT STATUS PERSONNEL
Permanent employees are subject to two types of performance evaluations:

Regular - An Employee Performance Evaluation shall generally be completed every twelve months by the employee's immediate supervisor except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard or exceptionally exceeds standards. Generally, the less than standard special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1002.5.1   RATINGS
When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Outstanding - Is actual performance well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds Standards/Good - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected, but is not of such rare nature to warrant outstanding.

Meets Standards/Proficient - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Needs Improvement/Below Standards - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.
Evaluation of Employees

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Not Applicable - Does not apply to current job assignment.

The performance evaluation form includes a section where goals and achievements are reviewed and new goals established. Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

1002.6 EVALUATION REVIEW

After the supervisor finishes the draft evaluation, it is forwarded to the rater's supervisor. The rater's supervisor shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Chief shall evaluate the supervisor on the quality of ratings given. The Chief of Police shall review the draft evaluation prior to it being discussed with the employee.

1002.6.1 DISCRIMINATORY HARASSMENT FORM

At the time of each employee's annual evaluation, the reviewing supervisor shall require the employee to read the City and Department harassment and discrimination policies. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

(a) That the employee understands the harassment and discrimination policies.
(b) Whether any questions the employee has have been sufficiently addressed.
(c) That the employee knows how and where to report harassment policy violations.
(d) Whether the employee has been the subject of, or witness to, any conduct that violates the discrimination or harassment policy which has not been previously reported.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week.

The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

1002.7 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Professional Standards Unit Sergeant should promptly notify the Chief of Police.
Anti-Retaliation

1008.1 PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1008.2 POLICY
The Indio Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.2(a) DEFINITIONS
Affirmative Duty: The personal responsibility and obligation of an employee to report wrongdoing — rather than to provide such information only when requested.

False Report: A report that is not made in good faith and is based on information that is known or reasonably likely to be inaccurate; intentionally or negligently ignores exculpatory or mitigating information; or is made with the purpose of harassing or wrongly incriminating another employee.

Good Faith Report: A report that provides allegations concerning an employee who is reasonably believed to have purposely committed a serious violation of departmental policy, procedures, rules, or laws.

Public Disclosures: Statements made to the media or information entered in any forum that is available to the public—such as social media websites—that provide information that is critical of this department, its personnel, or both.

Retaliatory Conduct: Conduct or action designed to serve as retribution against an employee who, in good faith, has reported or otherwise provided information regarding misconduct against another employee. In the context of this policy, retaliatory conduct includes any deliberate, purposeful actions or failures to act directed against employees that cause or that could reasonably be expected to cause physical harm, property damage, significant emotional stress, or other serious negative effect on another employee; designed to ridicule or embarrass; or could seriously impair the efficiency, safety, or effectiveness of that employee, this department, or both.
Anti-Retaliation

Such conduct may take many forms, including but not limited to, bullying; persistent offensive comments, threats, or intimidation; false accusations; isolation; ostracism; posting of secure or personal information on the Internet; or acts that malign or disparage an individual’s reputation.

Serious Acts of Misconduct: A deliberate act or failure to act that could reasonably form the basis for significant disciplinary action against an employee. Such disciplinary action includes suspension, demotion, reassignment, or termination.

1008.3 RETALIATION PROHIBITED
No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:
- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1008.4 COMPLAINTS OF RETALIATION
Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Director of Human Resources and Risk Management.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent
Anti-Retaliation

required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES
Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
(b) Receiving all complaints in a fair and impartial manner.
(c) Documenting the complaint and any steps taken to resolve the problem.
(d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
(h) Not interfering with or denying the right of a member to make any complaint.
(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.
(j) First-line supervisors bear a responsibility to ensure that all employees under their supervision fully understand the importance of adherence to departmental policies, procedures, and rules and that they also understand the department’s commitment to ensuring employee compliance.
(k) No supervisor shall tolerate nor engage in retaliatory conduct as covered.

1008.6 COMMAND STAFF RESPONSIBILITIES
The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.
(b) The timely review of complaint investigations.
(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.

(d) The timely communication of the outcome to the complainant.

1008.7 WHISTLE-BLOWING
California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

(a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member’s supervisor or any other member with the authority to investigate the reported violation.

(b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.

(c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.

(d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.

(e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1008.7.1 DISPLAY OF WHISTLE-BLOWER LAWS
The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1008.8 RECORDS RETENTION AND RELEASE
The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1008.9 TRAINING
The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1010.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member’s ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1010.4 REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.
Reporting of Employee Convictions

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

1010.5.1 NOTIFICATION REQUIREMENTS
The Chief of police, or designee shall submit within 30 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Chief of police, or designee shall submit within 30 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this department (11 CCR 1003).
Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1012.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy). In addition, employees shall not consume intoxicants in any department or city operated facilities or police vehicles. Employees shall not consume intoxicating beverages while wearing any recognizable part of the IPD uniform. Employees shall not consume any food or beverage in the bar area of any restaurant where intoxicating liquor is sold while wearing any recognizable part of the police uniform. Officers working in an undercover capacity are exempt from consuming intoxicating beverages when necessary for a valid police operation while working in an undercover capacity. In such scenarios, officers shall obtain approval from a supervisor in their chain of command prior to consuming intoxicating beverages while on-duty if the anticipation of such situations arising during an undercover operation.

1012.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician. Employees shall only possess narcotics, dangerous drugs or controlled substances (as defined in DEA Regulations 21 C.F.R Sections 1308.11 through 1308.15) per duty requirements as authorized by the Chief of police or their designee, or at the direction of a medical
authority. Employees shall not use medication to the extent that their performance is affected while on-duty.

1012.3.2 USE OF MARIJUANA
Possession of items with (THC) tetrahydrocannabinol, a crystalline compound that is the main active ingredient of cannabis such as marijuana, including medical marijuana, marijuana edibles, marijuana wax, cannabis drinks, solid edibles (gummies & mints), cannabis tinctures (alcohol-infused cannabis extracts), spray-able cannabis, cannabis inhalers, cannabis dissolvables / powders, cannabis butter, cannabis distillate, cannabis oil, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and / or drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and / or alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.
Drug- and Alcohol-Free Workplace

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 REQUESTING SCREENING TESTS
The supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1012.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

Drug- and Alcohol-Free Workplace

1012.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee’s other personnel files.
Sick Leave

1014.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1014.2 POLICY
It is the policy of the Indio Police Department to provide eligible employees with a sick leave benefit.

1014.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1014.4 EXTENDED ILLNESS
When absent for more than three (3) consecutively scheduled workdays, the employee must file a physician's certificate or work release or a personal affidavit with the Human Resources Manager indicating the employee was unable to perform their duties during their absence. Failure to file the necessary documents within two (2) days following the return to work will be cause for such absence to be charged as leave without pay. Violation of sick leave privileges may result in disciplinary action and/or loss of pay when, in the opinion of the Human Resources Manager, the employee has abused such privileges. Physician's certificate or work release form may be requested by the Human Resources Manager if a potential sick leave abuse pattern appears to be developing.

Employees on extended absences shall, if possible, contact their unit supervisor on a regular basis to provide an update on their absence and expected date of return.
Sick Leave

1014.4.1 NOTIFICATION
All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the department with no less than 30 days’ notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1014.5 REQUIRED NOTICES
The Director of Human Resources and Risk Management shall ensure:

(a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.

(b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1014.6 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:

   1. Negatively affected the member’s performance or ability to complete assigned duties.

   2. Negatively affected department operations.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.
Communicable Diseases

1016.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS
Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Indio Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY
The Indio Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 EXPOSURE CONTROL OFFICER
The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.
(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.
(d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).
(e) Compliance with all relevant laws or regulations related to communicable diseases, including:
   1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
   2. Bloodborne pathogen mandates including (8 CCR 5193):
Communicable Diseases

(a) Sharps injury log.
(b) Needleless systems and sharps injury protection.

3. Airborne transmissible disease mandates including (8 CCR 5199):
   (a) Engineering and work practice controls related to airborne transmissible diseases.
   (b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.

4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).

5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.

6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).

(f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other department members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the Department website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS
All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.

(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
Communicable Diseases

(e) Using an appropriate barrier device when providing CPR.
(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
   1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1016.4.2 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:
   (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
   (b) Obtain medical attention as appropriate.
   (c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):
   (a) Name and Social Security number of the member exposed
   (b) Date and time of the incident
   (c) Location of the incident
   (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
   (e) Work being done during exposure
Communicable Diseases

(f) How the incident occurred or was caused
(g) PPE in use at the time of the incident
(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1016.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.
(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING
The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1016.5.5 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.
(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status
Communicable Diseases

of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1016.6 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.
Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Indio Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY
The Indio Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5). It is the purpose and intent of this policy to reduce the exposure to secondary smoke which has been identified as a public health hazard. It is the policy of the Indio Police Department to prohibit smoking in any police or city building, as well as in any City owned vehicle.

1018.2 (a) LAW
Assembly Bill (AB) 846 became effective January 1, 2004. This law prohibits smoking within 20 feet of building main entrances, exits, and operable windows at any facility owned, leased, and occupied by the State, County, or City, and buildings of the University of California (UC), California State University (CSU), and all California community colleges.

1018.3 SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited anytime members are in public view representing the Indio Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and city vehicles.

1018.4 ADDITIONAL PROHIBITIONS
No person shall use tobacco products within 20 feet of a main entrance, exit or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University and California community colleges, whether present for training, enforcement or any other purpose (Government Code § 7596 et seq.).

1018.4 (a) EXCEPTIONS
Smoking and Tobacco Use

1. Employees wishing to smoke must assure they are not within 20 feet of any doorway or operating window to any City building. Employees who smoke outside of the 20 foot requirement must extinguish their cigarette in an approved ash receptacle.

2. Employees wishing to chew smokeless tobacco may do so only when they are out of public view and should discard their tobacco in a sealed container.

3. Employees are prohibited from spitting or discarding any chewing tobacco on any public or private street, pavement, lawn, etc.

1018.4.1 NOTICE
The Chief of Police or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).
Personnel Complaints

1020.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Indio Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1020.2 POLICY
The Indio Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.3 PERSONNEL COMPLAINT DEFINITIONS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Citizen/External Complaint - An allegation of member misconduct from any source outside the department.

Internal Complaint - An allegation of misconduct against a member from any source within the department.

1020.3.1 COMPLAINT CLASSIFICATIONS
The Professional Standards Unit, in conjunction with the Chief of Police, shall review all new complaints and classify them for the purposes of investigation:

Supervisory Intervention - These are complaints that, even if the events occurred exactly as described, signify a training gap or minor performance issue instead of misconduct on the part of the involved employee that would not result in any action more significant than a verbal admonishment or counseling. The complaint will be assigned to the appropriate supervisor for investigation and follow up. The follow up will include reviewing the circumstances with the complainant and the involved officer(s), providing corrective counseling to the involved officer(s) if necessary, providing additional information to the complainant regarding policy and procedures, and to ensure that additional training is provided if a training gap was identified during the investigation.
Indio Police Department
Indio PD Policy Manual

Personnel Complaints

The supervisor will document all of the follow up steps taken during the investigation, to include whether or not the complainant was satisfied with the department’s efforts to resolve the complaint. All documentation will be forwarded to the Professional Standards Unit. The Professional Standards Unit Sergeant will forward the completed investigation to the Division Chief of the involved member. The Division Chief will determine if the complaint can be closed, or if further investigation and/or follow up is necessary.

All supervisory interventions will be assigned a case number and all related documentation will be maintained by the Professional Standards Unit. The supervisory intervention classification will not be used for instances involving a complaint of excessive force, dishonesty, sexual assault, or any other circumstance where a sustained finding would warrant disclosure pursuant to Penal Code 832.7.

Administrative Investigations - These investigations are more complex and involve more serious allegations, including all excessive use of force allegations. Administrative investigations will be assigned a case number and all related documentation will be maintained by the Professional Standards Unit.

1020.3.2 SOURCES OF COMPLAINTS
The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

1020.3.3 PUBLIC INQUIRIES
Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule. These inquiries may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department. However, people with inquiries of this nature should be given an explanation of the department policy, procedure, or issues involved. If further explanation appears necessary, the person should be referred to a supervisor or the department unit generally responsible for the subject matter of the inquiry.

1020.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS
Personnel Complaints

1020.4.1 COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1020.4.2 ACCEPTANCE
All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. In cases where a complainant is turning in a written complaint at the lobby counter, Records staff should attempt to summon the Watch Commander or the appropriate supervisor, who if available should make an effort to speak to the complainant regarding the nature of the complaint during a recorded interview. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification and signatures may be obtained.

A complainant shall be provided with a copy of his/her statement at the time it is filed with the Department (Penal Code § 832.7).

1020.4.3 AVAILABILITY OF WRITTEN PROCEDURES
The department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1020.5 DOCUMENTATION
The department utilizes the software based programs Blue Team and IAPro to document and record personnel complaints and inquiries. Supervisors shall ensure that all complaints and inquiries are documented in the Blue Team and/or IAPro systems. The supervisor shall ensure that the nature of the complaint or inquiry is defined as clearly as possible.

For newly received personnel complaints and inquiries, an initial Blue Team entry should be made by the supervisor as soon as possible, and must be created before the end of the investigating supervisor’s shift. Investigations held or assigned to a line level supervisor, will be completed within 10 calendar days from the date of the incident and forwarded to a lieutenant or next level supervisor. The investigations should include the following items as applicable: BWC footage, interviews, photos, reports, other documents as appropriate. Lieutenant must complete his or her review within 10 calendar days from receiving the investigation from the investigating supervisor. Lieutenant then forwards the completed review to the next level reviewer. Assistant Chief/Chief Administrative Officer (CAO) will complete their review and provide a recommendation to the Chief
Personnel Complaints

of Police. An employee must receive an extension from their supervisor in order to exceed the 10-day timeline. This timeline and routing process may be modified by the Chief of Police for cases where a formal administrative investigation will be assigned to the Professional Standards Unit or a supervisor.

All complaints and inquiries shall be documented in a manner that clearly describes the actions taken to address the issue. On an annual basis, the department should audit the records regarding personnel complaints and inquiries and send an audit report to the Chief of Police or the authorized designee.

1020.6 ADMINISTRATIVE INVESTIGATIONS
Allegations of misconduct will be administratively investigated as follows.

1020.6.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that upon receiving or initiating any personnel complaint, a complaint form and/or a Blue Team entry is completed before the supervisor goes off duty.

(a) The complaint will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action, which will include notifying the appropriate Division Chief and forwarding the complaint to the Office of the Chief of Police.

(b) In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Chief or the Chief of Police, who will initiate appropriate action.

(c) The supervisor who receives the complaint, and is responsible for the Blue Team entry, shall send an email via Outlook to the IPD Executive Staff and Professional Standards Unit Sergeant or designee, making all aware of the pending complaint. The purpose of this email is to notify Executive Staff that a complaint was received on said date, and a Blue Team entry was generated for further investigation.

(b) Responding to all complaints in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
Personnel Complaints

(a) Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and Chief of Police are notified via the chain of command as soon as practicable, or at the very latest before the end of that work day.

(e) Promptly contacting the Department of Human Resources and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

(f) Making and documenting reasonable efforts to obtain names, addresses and telephone numbers of witnesses.

(g) When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

(h) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).

(i) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1020.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Unit, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.

(b) Unless waived by the member, interviews of an accused member shall be at the Indio Police Department or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of an accused member.

(d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

(e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.

(f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a Lybarger advisement. Administrative investigators
2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.

(i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual’s statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(j) All members shall provide complete and truthful responses to questions posed during interviews.

(k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor’s Brady list or the name of the officer may otherwise be subject to disclosure pursuant to Brady v. Maryland. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a Brady list or may otherwise be subject to disclosure pursuant to Brady v. Maryland (Government Code § 3305.5).

1020.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

**Introduction** - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

**Synopsis** - Provide a brief summary of the facts giving rise to the investigation.

**Summary of Allegations** - List the allegations separately, including applicable policy sections.

**Evidence** - The evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

**Findings** - List a disposition for each allegation. In most cases the information supporting the disposition should be detailed in the previous sections. If the disposition provided is not
clearly discernable from the evidence provided, a brief statement supporting the finding should be provided.

**Mitigating Factors** - Although we must attempt to be somewhat consistent in the issuance of discipline, there must be consideration given to any mitigating circumstances involving the incident itself or the employee involved. Mitigating circumstances are those facts or other considerations which tend to support a lesser recommendation on the type of disciplinary action to be used.

For example, what may seem like an obvious “day-off” violation might be mitigated to a written reprimand because of the employee’s trouble-free past. Discipline should be tailored to the individual as much as possible. This category could also include some of your opinions regarding why you feel there are mitigating circumstances.

**Recommendation** - In most cases, the recommendation will be to forward the investigation report to the Division Chief of the subject employee(s) for review and final disposition.

**Exhibits** - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

### 1020.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

**Unfounded** - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

**Exonerated** - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

**Not sustained** - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

**Sustained** - A final determination following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or department policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

### 1020.6.5 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).
Personnel Complaints

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

Absent good cause, the investigator should be provided with a due date at the time an investigation is assigned. The standard department due date should be 90 days from the time of assignment. If special circumstances exist, a longer or shorter period of time may be set to meet the needs of the department. The investigator should never exceed the due date without prior written approval from their Division Chief. Good cause for a due date not being assigned would include cases that involve pending civil or criminal litigation.

1020.6.6 NOTICE TO COMPLAINTANT OF INVESTIGATION STATUS
The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1020.7 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1020.7.1 DISCLOSURE OF FINANCIAL INFORMATION
An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

(a) Pursuant to a state law or proper legal process
(b) Information exists that tends to indicate a conflict of interest with official duties
(c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1020.8 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1020.9 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Indio Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES
Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1020.10.1 DIVISION CHIEF RESPONSIBILITIES
Upon receipt of any completed personnel investigation, the Division Chief of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Chief may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Chief may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Chief shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1020.10.2 CHIEF OF POLICE RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Chief for further investigation or action.
Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

(a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.

(b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

   (a) Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.

   (b) If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1020.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

1020.10.4 NOTICE REQUIREMENTS

The disposition of any civilian’s complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1020.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.

(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.

(d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1020.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1020.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a Brady list or is otherwise subject to Brady restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such Brady evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1020.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304). At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.
Personnel Complaints

1020.15 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.
Seat Belts

1022.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1022.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.4 INOPERABLE SEAT BELTS
Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.5 POLICY
It is the policy of the Indio Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.
Seat Belts

1022.6 TRANSPORTING CHILDREN
Children under the age of 8 shall be transported in compliance with California’s child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1022.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1022.8 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

1024.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY
It is the policy of the Indio Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.2 (a) DEFINITIONS
1. Body armor: An item of personal protective equipment intended to protect the wearer from threats that may include (1) ballistic threats,(2) stabbing, fragmentation, or (3) blunt impact. Body armor generally consists of two armor panel or plates, a front and a back, placed in a carrier.

2. Carrier: A garment whose primary purpose is to retain the armor panel(s) or plate(s) and to provide a means of supporting and securing the armor panel(s) or plate(s) to the wearer.

3. Field activities: Duty assignments and/or tasks that place or could reasonably be expected to place officers in situations where they would be required to act in enforcement rather than administrative or support roles.

1024.3 ISSUANCE OF BODY ARMOR
The Field Services Division supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Indio Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Field Services Division supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

The Field Services Division supervisors shall ensure the following;

1. Every officer shall be issued agency-approved body armor that complies with the appropriate protective and related requirements.

2. The agency shall specify requirements for the carrier that is part of the agency-approved body armor.

3. Every officer shall be individually measured and fitted for body armor via an approved vendor.

4. Body armor that is damaged shall be replaced in accordance with established guidelines and protocols.
5. Body armor that has reached the end of its warranty period (5 year life span) should be replaced in accordance with established guidelines and protocols.

1024.3.1 USE OF SOFT BODY ARMOR
The use of body armor is mandatory at the Indio Police Department when in full police uniform. All sworn personnel up to & including the Chief of police are subject to the following:

(a) Officers shall only wear agency-approved body armor.

(b) Body armor shall be worn when an officer is working in uniform and contact with the public is possible or when taking part in department range training. This includes community events and meetings while in full police uniform.

(c) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

(d) The only exception to this rule is when it is medically necessary as indicated by a physicians note.

1024.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer’s care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer’s recommended replacement schedule, which is currently 5 years for NIJ approved products.

1024.3.3(a) EMPLOYEE RESPONSIBILITY
Body Armor

1. Each officer shall be responsible for reporting damage or excessive wear to the ballistic panels or carrier to his or her supervisor and the individual responsible for the uniform supply function.

1024.3.3(b) SUPERVISOR RESPONSIBILITY

1. Supervisors shall ensure that all officers comply with this policy, including ensuring that body armor is worn and maintained as required by this policy through routine observation and periodic documented inspections.

1024.4 RANGEMASTER RESPONSIBILITIES

The Rangemaster should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

(d) Maintaining statistics on incidents where armor has or has not protected officers from harm, including motor vehicle crashes.

(e) Providing training programs that demonstrate body armor’s stopping power under actual firing conditions and that emphasize its safe and proper use.

(f) Adverse comments such as supervisor notes or memos may be retained in the department file after the member has had the opportunity to read and initial the comment (Government Code § 3305).
   1. Once a member has had an opportunity to read and initial any adverse comment, the member shall be given the opportunity to respond in writing to the adverse comment within 30 days (Government Code § 3306).
   2. Any member response shall be attached to and retained with the original adverse comment (Government Code § 3306).
   3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment and the member should sign or initial the noted refusal. Such a refusal, however, shall
not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file (Government Code § 3305).

(g) Commendations and awards.

(h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1026.4 DIVISION FILE

The Division file may contain supervisor comments, notes, notices to correct and other materials that are intended to serve as a foundation for the completion of timely performance evaluations.

All materials intended for this interim file shall be provided to the employee prior to being placed in the file in accordance with Government Code § 3305 and Government Code § 3306.

1026.5 TRAINING FILE
An individual training file shall be maintained by the Training Coordinator for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; and education and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

(a) The involved member is responsible for providing the Training Coordinator or immediate supervisor with evidence of completed training/education in a timely manner.

(b) The Training Coordinator or supervisor shall ensure that copies of such training records are placed in the member's training file.

1026.6 INTERNAL AFFAIRS FILE
Internal affairs files shall be maintained under the exclusive control of the Professional Standards Unit in conjunction with the office of the Chief of Police. Access to these files may only be approved by the Chief of Police or the Professional Standards Unit supervisor.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition (Penal Code § 832.12). Investigations of complaints that result in the following findings shall not be placed in the member's file but will be maintained in the internal affairs file:

(a) Not sustained

(b) Unfounded

(c) Exonerated

Investigation files arising out of civilian’s complaints shall be maintained pursuant to the established records retention schedule and for a period of at least five years. Investigations that
resulted in other than a sustained finding may not be used by the Department to adversely affect an employee’s career (Penal Code § 832.5).

Investigation files arising out of internally generated complaints shall be maintained pursuant to the established records retention schedule and for at least two years (Government Code § 26202; Government Code § 34090).

1026.7 MEDICAL FILE

(e) Any other documents or materials that reveal the member’s medical history or medical condition, including past, present or future anticipated mental, psychological or physical limitations.

The medical file will be maintained and housed with the Human Resources Department.

1026.7.1 HUMAN RESOURCE FILES

1026.8 SECURITY
Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

1026.8.1 REQUESTS FOR DISCLOSURE
Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).
Personnel Records

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member’s personnel records shall be logged in the corresponding file.

1026.8.2 RELEASE OF PERSONNEL INFORMATION
Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this department may be guilty of a misdemeanor (Penal Code § 146e).

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member’s representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

1026.9 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS
Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from his/her personnel records shall file a written request to the Chief of Police through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member’s request and the written response from the Department shall be retained with the contested item in the member’s corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

(a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.

(b) Confidential portions of internal affairs files that have not been sustained against the member.

(c) Criminal investigations involving the member.

(d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.

(e) Any portion of a test document, except the cumulative total test score for either a section of the test document or for the entire test document.

(f) Materials used by the Department for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments.
management bonus plans, promotions and job assignments or other comments or ratings used for department planning purposes.

(g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.

(h) Records relevant to any other pending claim between the Department and the member that may be discovered in a judicial proceeding.

1026.10 RETENTION AND PURGING
Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

(a) During the preparation of each member’s performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.

(b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.

(c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

1026.11 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS
Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Unit supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(2)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
Personnel Records

- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, or whether the officer’s action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.

- Documents setting forth findings or recommending findings.

- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the Skelly or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

(a) Records relating to the report, investigation, or findings of:
   1. The discharge of a firearm at another person by an officer.
   2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.

(b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the department or oversight agency regarding:
   1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
   2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the officer. However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a sustained finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(4)).

1026.11.1 REDACTION

The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

(a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers.
Personnel Records

(b) Information that would compromise the anonymity of complainants and witnesses
(c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force
(d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1026.11.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations
   1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
   2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who used the force.

(b) Filed criminal charges
   1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations
   1. Disclosure may be delayed until whichever occurs later:
      (a) There is a determination from the investigation whether the use of force violated law or department policy, but no longer than 180 days after the date of the department’s discovery of the use of force or allegation of use of force
      (b) Thirty days after the close of any criminal investigation related to the officer’s use of force

1026.11.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation,
the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

(a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:

   (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).
Request for Change of Assignment

1028.1 PURPOSE AND SCOPE
It is the intent of the Department that all requests for change of assignment are considered equally. To facilitate the selection process, the following procedure is established whereby all such requests will be reviewed on an equal basis as assignments are made.

1028.2 REQUEST FOR CHANGE OF ASSIGNMENT
Personnel wishing a change of assignment are to complete a Request for Change of Assignment Memorandum. The memorandum should then be forwarded through the chain of command to their Division Chief.

1028.2.1 PURPOSE OF MEMORANDUM
The memorandum is designed to aid employees in listing their qualifications for specific assignments. All relevant experience, education and training should be included when completing this memorandum.

All assignments an employee is interested in should be listed on the memorandum.

1028.3 SUPERVISOR’S COMMENTARY
The officer's immediate supervisor shall make appropriate comments in the space provided on the memorandum before forwarding it to the Division Chief of the employee involved. In the case of patrol officers, the Watch Chief must comment on the request with his/her recommendation before forwarding the request to the Division Chief. If the Watch Chief does not receive the Change of Assignment Request Memorandum, the Division Chief will initial the memorandum and return it to the employee without consideration.
Commendations

1030.1 PURPOSE AND SCOPE
This policy provides general guidelines for recognizing commendable or meritorious acts of members of the Indio Police Department and individuals from the community.

1030.2 POLICY

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

1032.8 APPEALS
An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.
Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE
This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all City employees that has been established by the City Manager.

1034.1.1 MEAL PERIODS
Sworn employees and dispatchers shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from the Communications Center prior to taking a meal period. Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 15 MINUTE BREAKS
Each employee is entitled to a 15 minute break, near the mid point, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Communications Center.
Lactation Break Policy

1035.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee’s infant child (Labor Code § 1034).

1035.2 POLICY
It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207; Labor Code § 1030).

1035.3 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee’s regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify the Dispatch Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee’s work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207; Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.
1035.5 STORAGE OF EXPRESSED MILK
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.

1035.5.1 STATE REQUIREMENTS
Employees have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Employees who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).
Payroll Records

1036.1 PURPOSE AND SCOPE
This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

1036.2 POLICY
The Indio Police Department maintains timely and accurate payroll records.

1036.3 RESPONSIBILITIES
Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1036.4 TIME REQUIREMENTS
Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Support Services as established by the City payroll procedures.

1036.5 RECORDS
The Support Services Division Chief shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).
Overtime Compensation Requests

1038.1 PURPOSE AND SCOPE
It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked. The purpose of this policy is to provide a structure for monitoring, managing and controlling the use of personnel overtime. Therefore, it is the policy of this agency to effectively manage the use of overtime and that of each employee to use overtime in a responsible and judicious manner.

1038.1.1 DEPARTMENT POLICY
Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees shall not volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

The individual employee may request compensatory time in lieu of receiving overtime payment, consistent with their applicable MOU.

1038.2 REQUEST FOR OVERTIME COMPENSATION
Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Support Services Division. Employees should complete their overtime request via "www.Schedule Express.com" at the end of their respective overtime shift.

1038.2.1 EMPLOYEES RESPONSIBILITY
Employees shall complete the request immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Employees submitting overtime requests for on-call pay, call-out, or court time when off duty shall submit the request the day the overtime was worked via our online overtime reporting system. Personnel shall document the court case number or case number in Schedule Express. Non-exempt employees who complete work tasks while off-duty are required to comply with this policy and their applicable MOU.

1038.2.2 SUPERVISORS RESPONSIBILITY
The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.
Outside Employment

1040.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy. The Indio Police Department personnel shall not engage in off-duty, outside, or additional employment, which is inconsistent with and/or in conflict with the fundamental responsibilities of a member of the Indio Police Department.

1040.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

Outside employment is in conflict if it discredits, dishonors, or embarrasses the Indio Police Department, the employee, and/or:

(a) Involves the use of the Indio Police Department’s time, facilities, equipment, supplies, the badge, uniform, prestige, or the employee’s authority, or;

(b) Involves receipt or acceptance by the employee of any money or other consideration from anyone other than the Indio Police Department for the performance of an act which the employee would be required or expected to render in the regular course of hours of his/her employment or duties as a police employee, or;

(c) Involves such time demands as would render performance of his/her duties as an employee of the Indio Police Department less efficient.

(d) Highly regulated businesses such as tow companies, security businesses, etc.

1040.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee’s immediate supervisor. The
Outside Employment

Application will then be forwarded through channels to the Chief of Police for consideration. The Outside Employment Application is available in the records office hall closet containing all pertinent operational forms.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial ( Penal Code § 70(e)(3)).

The Chief of Police has final approval on all outside, off-duty, and additional employment.

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee’s Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee’s appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

(a) Should an employee’s performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee’s performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline

(c) If, at any time during the term of a valid outside employment permit, an employee’s conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee’s full time duties until the employee has returned to a full duty status
Outside Employment

1040.3 PROHIBITED OUTSIDE EMPLOYMENT
Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

(a) Involves the employee’s use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage

(b) Involves the employee’s receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee’s duties as a member of this department

(c) Involves the performance of an act in other than the employee’s capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department

(d) Involves time demands that would render performance of the employee’s duties for this department less efficient

1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The officer(s) shall wear the departmental uniform/identification.

2. The officer(s) shall be subject to the rules and regulations of this department.

3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
Outside Employment

4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.

5. Outside security services shall not be subject to the collective bargaining process.

6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1040.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE
Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1040.3.3 SPECIAL RESTRICTIONS
Except for emergency situations or with prior authorization from the Division Chief, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1040.4 DEPARTMENT RESOURCES
Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee’s position with this department.

1040.4.1 REVIEW OF FINANCIAL RECORDS
Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1040.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police.
Outside Employment

through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee’s failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Indio Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.
Occupational Disease and Work-Related Injury Reporting

1042.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues, and work-related injuries.

1042.1.1 DEFINITIONS
Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1042.2 POLICY
The Indio Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

1042.3 RESPONSIBILITIES

1042.3.1 MEMBER RESPONSIBILITIES
Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1042.3.2 SUPERVISOR RESPONSIBILITIES
A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers’ compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1042.3.3 DIVISION CHIEF RESPONSIBILITIES
The Division Chief who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City’s risk management entity, and the Support Services Division Chief to ensure any required Division of Occupational Health and Safety Administration (Cal/OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.
Occupational Disease and Work-Related Injury Reporting

1042.3.4  CHIEF OF POLICE RESPONSIBILITIES
The Chief of Police shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Department shall be filed in the member’s confidential medical file.

1042.4  OTHER DISEASE OR INJURY
Diseases and injuries caused or occurring on-duty that do not qualify for workers’ compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Chief through the chain of command and a copy sent to the Support Services Division Chief.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1042.5  SETTLEMENT OFFERS
When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1042.5.1  NO SETTLEMENT WITHOUT PRIOR APPROVAL
No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City’s right of subrogation, while ensuring that the member’s right to receive compensation is not affected.
Personal Appearance Standards

1044.1 PURPOSE AND SCOPE
In order to project uniformity and neutrality toward the public and other members of the department, employees shall maintain their personal hygiene and appearance to project a professional image appropriate for this department and for their assignment.

1044.2 GROOMING STANDARDS
Unless otherwise stated and because deviations from these standards could present officer safety issues, the following appearance standards shall apply to all employees, except those whose current assignment would deem them not appropriate, and where the Chief of Police has granted exception.

1044.2.1 HAIR
Hairstyles of all members of the department shall be neat in appearance.

A. Males - Hair should be neatly combed and arranged in a conservative, easy to maintain style. Extreme styles are not permitted. The hair shall not extend below the horizontal top edge of the uniform collar while assuming a normal stance. Hair must be neatly cut on the back and sides, forming a smooth symmetrical appearance so that it does not extend beyond or cover any part of the ears or the shirt of the collar.

1. A shaved head is permitted, as well as a very short military-style cut. Shaving of the eyebrows is not permitted.

2. Conservative braided hairstyles for men without beads or ornamentation are permitted. They must be styled above the ears and cut above the collar and be neatly braided close to the scalp in straight rows.

3. In order to present a professional appearance, the department shall not permit extremes in dyeing, bleaching or coloring. If hair color is changed, it must be natural looking and well-maintained. Subtle highlighting or frosting is permitted as long as it creates a uniform look over the whole head and meets all the previously listed guidelines.

B. Females – Hair should be neatly combed and arranged in a conservative, easy to maintain style. Extreme styles are not permitted. For non-field personnel hair below shoulder length should be confined if it falls forward over the face while working. For female field personnel, hair must be no longer than the horizontal level of the top of the collar when the employee is assuming a normal stance. If the hair length is below the top portion of the collar it shall be worn up or in a tightly wrapped braid or bun.

1. Shaving of the head or any portion of the head is not permitted unless authorized by the Chief or Police or his designee.

2. Artificial hair is permitted if it is natural looking and meets all the above requirements.
3. In order to present a professional appearance, the department shall not permit extremes in dyeing, bleaching or coloring. If hair color is changed, it must be natural looking and well-maintained. Subtle highlighting or frosting is permitted as long as it creates a uniform look over the whole head and meets all the previously listed guidelines.

4. Makeup – If makeup is worn it should be applied in a blended manner and in appropriate neutral colors.

Variations from this order are allowed at the discretion of the Chief of Police or designee when the employee's assignment or current task is not conducive to the wearing of such hair styles.

1044.2.2 MUSTACHES
A short and neatly trimmed mustache may be worn. Mustaches shall not extend below the corners of the mouth or beyond the natural hairline of the upper lip.

1044.2.3 SIDEBURNS
Sideburns shall not extend below the bottom of the outer ear opening (the top of the earlobes) and shall be trimmed and neat.

1044.2.4 FACIAL HAIR
Facial hair other than sideburns, mustaches and eyebrows shall not be worn, unless authorized by the Chief of Police or his or her designee.

1044.2.5 FINGERNAILS
Fingernails extending beyond the tip of the finger can pose a safety hazard to officers or others. For this reason, fingernails shall be trimmed so that no point of the nail extends beyond the fingertip for field personnel. For non-field personnel, fingernails should not exceed one-fourth of an inch from the fingertip. If nail polish is used, it should be an appropriate neutral color. No position in the Indio Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1056.4 PROCEDURE
Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.
Employees seeking a temporary modified-duty assignment should submit a written request to their Division Chief or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

(c) The nature and scope of limitations and/or work restrictions.
(d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
(e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Division Chief will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Watch Commander or Division Chief, with notice to the Chief of Police.

1056.5 ACCOUNTABILITY
Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Division Chief.

The employee's immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified duty.

The responsibilities of supervisors shall include, but not be limited to:

(b) Notifying the Division Chief and ensuring that the required documentation facilitating a return to full duty is received from the employee.

(c) Ensuring that employees returning to full duty have completed any required training and certification.

1056.6 MEDICAL EXAMINATIONS
Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1056.7 PREGNANCY
If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

1056.7.1 NOTIFICATION
Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

1056.8 PROBATIONARY EMPLOYEES
Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified duty.
**1056.9 MAINTENANCE OF CERTIFICATION AND TRAINING**

Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.
Employee Speech, Expression and Social Networking

1060.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1060.1.1 APPLICABILITY
This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1060.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Indio Police Department will carefully balance the individual employee’s rights against the Department’s needs and interests when exercising a reasonable degree of control over its employees’ speech and expression.

1060.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Indio Police Department employees, such as posting personal information in a public forum, can result in compromising an employee’s home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee’s family, or associates. Examples of the type of information that could reasonably be expected to compromise safety include:
Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1060.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT
To meet the department’s safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Indio Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Indio Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Indio Police Department or its employees. Examples may include:
   1. Statements that indicate disregard for the law or the state or U.S. Constitution.
   2. Expression that demonstrates support for criminal activity.
   3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportsations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Indio Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Indio Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

(h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).

2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1060.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Indio Police Department or identify themselves in any way that could be reasonably perceived as representing the Indio Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

(a) Endorse, support, oppose or contradict any political campaign or initiative.

(b) Endorse, support, oppose or contradict any social issue, cause or religion.

(c) Endorse, support or oppose any product, service, company or other commercial entity.

(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or officer associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Indio Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.
Employee Speech, Expression and Social Networking

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1060.5 PRIVACY EXPECTATION
Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1060.6 CONSIDERATIONS
In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
(c) Whether the speech or conduct would reflect unfavorably upon the Department.
(d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
(e) Whether similar speech or conduct has been previously authorized.
(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1060.7 TRAINING
Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.
Illness and Injury Prevention

1061.1 PURPOSE AND SCOPE

The purpose of this policy is to establish an ongoing and effective plan to reduce the incidence of illness and injury for members of the Indio Police Department, in accordance with the requirements of 8 CCR § 3203.

This policy specifically applies to illness and injury that results in lost time or that requires medical treatment beyond first aid. Although this policy provides the essential guidelines for a plan that reduces illness and injury, it may be supplemented by procedures outside the Policy Manual.

This policy does not supersede, but supplements any related Citywide safety efforts.

1061.2 POLICY

The Indio Police Department is committed to providing a safe environment for its members and visitors and to minimizing the incidence of work-related illness and injuries. The responsibilities of the Support Services Division Chief include but are not limited to:

(a) Managing and implementing a plan to reduce the incidence of member illness and injury.

(b) Ensuring that a system of communication is in place that facilitates a continuous flow of safety and health information between supervisors and members. This system shall include:
   1. New member orientation that includes a discussion of safety and health policies and procedures.
   2. Regular member review of the illness and injury prevention plan.

(c) Ensuring that all safety and health policies and procedures are clearly communicated and understood by all members.

(d) Taking reasonable steps to ensure that all members comply with safety rules in order to maintain a safe work environment. This includes but is not limited to:

(h) Conducting and documenting a regular review of the illness and injury prevention plan.

1061.5 SUPERVISOR RESPONSIBILITIES

Supervisor responsibilities include, but are not limited to:

(a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.

(b) Training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Standards of Conduct Policy.

(c) Establishing and maintaining communication with members on health and safety issues. This is essential for an injury-free, productive workplace.

(d) Completing required forms and reports relating to illness and injury prevention; such forms and reports shall be submitted to the Support Services Division Chief.

4. New and/or permanent or intermittent members are hired or reassigned to processes, operations or tasks for which a hazard evaluation has not been previously conducted.

5. Workplace conditions warrant an inspection.

1061.6 HAZARDS

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on an Identified Hazards and Correction Record form. This form should be forwarded to the Support Services Division Chief via the chain of command.
The Support Services Division Chief will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

**1061.7 INSPECTIONS**
Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Support Services Division Chief shall ensure that the appropriate documentation is completed for each inspection.

**1061.7.1 EQUIPMENT**
Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field. Members shall complete the Identified Hazards and Correction Record form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

**1061.8 INVESTIGATIONS**
Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

(a) A visit to the accident scene as soon as possible.
(b) An interview of the injured member and witnesses.
(c) An examination of the workplace for factors associated with the accident/exposure.

(h) Completion of an Identified Hazards and Correction Record form.

Additionally, the supervisor should proceed with the steps to report an on-duty injury, as required under the Occupational Disease and Work-Related Injury Reporting Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.
1061.9 TRAINING
The Support Services Division Chief should work with the Training Coordinator to provide all members, including supervisors, with training on general and job-specific workplace safety and health practices. Training shall be provided:

(a) To supervisors to familiarize them with the safety and health hazards to which members under their immediate direction and control may be exposed.

(b) To all members with respect to hazards specific to each member’s job assignment.

(c) To all members given new job assignments for which training has not previously been provided.

(d) Whenever new substances, processes, procedures or equipment are introduced to the workplace and represent a new hazard.

Line-of-Duty Deaths

1062.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of the Indio Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member’s survivors, coworkers, and others who may be affected.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1062.1.1 DEFINITIONS
Definitions related to this policy include:

- **Line-of-duty death** - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty or a non-sworn member during the course of performing their assigned duties.

- **Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual’s relationship with the member and whether the individual was previously designated by the deceased member.

- **Next of Kin** - The closest relative(s) of the deceased officer, for example, spouse, parents, siblings, or children.

1062.2 POLICY
It is the policy of the Indio Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty during this traumatic period of readjustment.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1062.3 INITIAL ACTIONS BY COMMAND STAFF

(a) Upon learning of a line-of-duty death, the deceased member’s supervisor should provide all reasonably available information to the Watch Commander and the Dispatch Center.

1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).

(b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
Line-of-Duty Deaths

(c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

(d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1062.4 NOTIFYING SURVIVORS

Due to the impact of social media, notifications should be made as soon as possible.

The Chief of Police or the authorized designee should review the deceased member’s emergency contact information and make accommodations to respect the member’s wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member’s wishes.

The Chief of Police, or the authorized designee should select a member of the agency with personal knowledge of the deceased officer and their family to conduct notification of survivors, along with a chaplain, crisis intervention specialist, victim advocate, or other support personnel.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child’s age, maturity and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor’s workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
Line-of-Duty Deaths

(g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting childcare or other immediate needs.

(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivor’s names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Indio Police Department members may be apprised that survivor notifications are complete.

1062.4.1 OUT-OF-AREA NOTIFICATIONS
The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member’s survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1062.5 NOTIFYING DEPARTMENT MEMBERS
Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.
Line-of-Duty Deaths

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

1062.6 LIAISONS AND COORDINATORS
The Chief of Police or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

(a) Department Liaison.
(b) Hospital Liaison.
(c) Survivor Support Liaison.
(d) Critical Incident Stress Management (CISM) coordinator.
(e) Funeral Liaison.
(f) Mutual aid coordinator.
(g) Benefits Liaison.
(h) Finance coordinator.

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

1062.6.1 DEPARTMENT LIAISON
The Department Liaison should be a Division Chief or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member’s survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison’s responsibilities include, but are not limited to:

(a) Directing the other liaisons and coordinators in fulfilling survivors’ needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
(b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.
(c) Advising survivors of the other liaison and coordinator positions and their roles and responsibilities.
(d) Identifying locations that will accommodate a law enforcement funeral and presenting the options to the appropriate survivors, who will select the location.
(e) Coordinating all official law enforcement notifications and arrangements.
(f) Making necessary contacts for authorization to display flags at half-mast.
Line-of-Duty Deaths

(g) Ensuring that department members are reminded of appropriate information–sharing restrictions regarding the release of information that could undermine future legal proceedings.

(h) Coordinating security checks of the member’s residence as necessary and reasonable.

(i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

1062.6.2 HOSPITAL LIAISON

The Hospital Liaison should work with hospital personnel to:

(a) Arrange for appropriate and separate waiting areas for:
   1. The survivors and others whose presence is requested by the survivors.
   2. Department members and friends of the deceased member.
   3. Media personnel.

(b) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member’s survivors or Indio Police Department members (except for members who may be guarding the suspect).

(c) Ensure that survivors receive timely updates regarding the member before information is released to others.

(d) Arrange for survivors to have private time with the member, if requested.
   1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
   2. The Hospital Liaison should accompany the survivors into the room, if requested.

(e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.

(f) If applicable, explain to the survivors why an autopsy may be needed.

(g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member’s residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

• Arranging transportation for the survivors back to their residence.

• Working with investigators to gather and preserve the deceased member’s equipment and other items that may be of evidentiary value.

• Documenting his/her actions at the conclusion of his/her duties.

• Ensure survivors are provided with any necessary assistance, such as that related to the care of children or coordinating with other family members.
1062.6.3 SURVIVOR SUPPORT LIAISON

The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

The Survivor Support Liaison should be selected by the deceased member’s Division Chief. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member’s supervisor and/or coworkers. The deceased member’s partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

(a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.

(b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.

(c) If requested by the survivors, providing assistance with instituting methods of screening telephone calls made to their residence after the incident.

(d) Providing assistance with travel and lodging arrangements for out-of-town survivors.

(e) Returning the deceased member’s personal effects from the Department and the hospital to the survivors. The following should be considered when returning the personal effects:
   1. Items should not be delivered to the survivors until they are ready to receive the items.
   2. Items not retained as evidence should be delivered in a clean, unmarked box.
   3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
   4. The return of some personal effects may be delayed due to ongoing investigations.

(f) Assisting with the return of department-issued equipment that may be at the deceased member’s residence.
   1. Unless there are safety concerns, the return of the equipment should take place after the funeral at a time and in a manner considerate of the survivors’ wishes.

(g) Working with the CISM coordinator to ensure that survivors have access to available counseling services.
Line-of-Duty Deaths

(h) Coordinating with the department’s Public Information Officer (PIO) to brief the survivors on pending press releases related to the incident and to assist the survivors with media relations in accordance with their wishes (see the Public Information Officer section of this policy).

(i) Briefing survivors on investigative processes related to the line-of-duty death, such as criminal, internal and administrative investigations.

(j) Informing survivors of any related criminal proceedings and accompanying them to such proceedings.

(k) Introducing survivors to prosecutors, victim’s assistance personnel and other involved personnel as appropriate.

(l) Maintaining long-term contact with survivors and taking measures to sustain a supportive relationship (e.g., follow-up visits, phone calls, cards on special occasions, special support during holidays).

(m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1062.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR

(a) Identifying members who are likely to be significantly affected by the incident and may have an increased need for CISM and counseling services, including:
   1. Members involved in the incident.
   2. Members who witnessed the incident.
   3. Members who worked closely with the deceased member but were not involved in the incident.

(b) Ensuring that members who were involved in or witnessed the incident are relieved of department responsibilities until they can receive CISM support as appropriate and possible.
Line-of-Duty Deaths

(c) Ensuring that CISM and counseling resources (e.g., peer support, debriefing, grief counselors) are available to members as soon as reasonably practicable following the line-of-duty death.

(d) Coordinating with the Survivor Support Liaison to ensure survivors are aware of available CISM and counseling services and assisting with arrangements as needed.

(e) Following up with members and the Survivor Support Liaison in the months following the incident to determine if additional CISM or counseling services are needed.

Line-of-Duty Deaths

The mutual aid coordinator should perform his/her duties in accordance with the Mutual Aid and Outside Agency Assistance Policy.

1062.6.7 BENEFITS LIAISON
The Benefits Liaison should provide survivors with information concerning available benefits and assist them in applying for benefits. Responsibilities of the Benefits Liaison include, but are not limited to:

(a) Confirming the filing of workers' compensation claims and related paperwork (see the Occupational Disease and Work-Related Injury Reporting Policy).

(b) Researching and assisting survivors with application for federal government survivor benefits, such as those offered through the:

   2. Transportation costs for the deceased.
   3. Funeral and memorial costs.
   4. Related funding or accounting questions and issues.

(c) Working with the Benefits Liaison to establish a process for the receipt of public donations to the deceased member’s survivors.

(d) Providing accounting and cost information as needed.

1062.7 PRESS INFORMATION OFFICER
In the event of a line-of-duty death, the department’s PIO should be the department’s contact point for the media. As such, the PIO should coordinate with the Department Liaison to:

(a) Collect and maintain the most current incident information and determine what information should be released.

**Line-of-Duty Deaths**

The identity of deceased members should be withheld until the member’s survivors have been notified. If the media has obtained identifying information for the deceased member prior to survivor notification, the PIO should request that the media withhold the information from release until proper notification can be made to survivors. The PIO should ensure that media are notified when survivor notifications have been made.

**1062.8 DEPARTMENT CHAPLAIN**

The Department chaplain may serve a significant role in line-of-duty deaths. His/her duties may include, but are not limited to:

- Assisting with survivor notifications and assisting the survivors with counseling, emotional support or other matters, as appropriate.

**1062.9 INVESTIGATION OF THE INCIDENT**

The Chief of Police shall ensure that line-of-duty deaths are investigated thoroughly and may choose to use the investigation process outlined in the Officer-Involved Shootings and Deaths Policy.

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

Involved department members should be kept informed of the progress of the investigations and provide investigators with any information that may be pertinent to the investigations.

**1062.10 LINE-OF-DUTY DEATH OF A LAW ENFORCEMENT ANIMAL**

The Chief of Police may authorize appropriate memorial and funeral services for law enforcement animals killed in the line of duty.

**1062.11 NON-LINE-OF-DUTY DEATH**

EXHIBIT 8
Petitioner Graham, a diabetic, asked his friend, Berry, to drive him to a convenience store to purchase orange juice to counteract the onset of an insulin reaction. Upon entering the store and seeing the number of people ahead of him, Graham hurried out and asked Berry to drive him to a friend's house instead. Respondent Connor, a city police officer, became suspicious after seeing Graham hastily enter and leave the store, followed Berry's car, and made an investigative stop, ordering the pair to wait while he found out what had happened in the store. Respondent backup police officers arrived on the scene, handcuffed Graham, and ignored or rebuffed attempts to explain and treat Graham's condition. During the encounter, Graham sustained multiple injuries. He was released when Conner learned that nothing had happened in the store. Graham filed suit in the District Court under 42 U.S.C. § 1983 against respondents, alleging that they had used excessive force in making the stop, in violation of "rights secured to him under the Fourteenth Amendment to the United States Constitution and 42 U.S.C. § 1983." The District Court granted respondents' motion for a directed verdict at the close of Graham's evidence, applying a four-factor test for determining when excessive use of force gives rise to a § 1983 cause of action, which inquires, *inter alia*, whether the force was applied in a good faith effort to maintain and restore discipline or maliciously and sadistically for the very purpose of causing harm. *Johnson v. Glick*, 481 F.2d 1028. The Court of Appeals affirmed, endorsing this test as generally applicable to all claims of constitutionally excessive force brought against government officials, rejecting Graham's argument that it was error to require him to prove that the allegedly excessive force was applied maliciously and sadistically to cause harm, and holding that a reasonable jury applying the *Johnson v. Glick* test to his evidence could not find that the force applied was constitutionally excessive.
Held: All claims that law enforcement officials have used excessive force -- deadly or not -- in the course of an arrest, investigatory stop, or other "seizure" of a free citizen are properly analyzed under the Fourth Amendment's "objective reasonableness" standard, rather than under a substantive due process standard. Pp. 490 U. S. 392-399.

(a) The notion that all excessive force claims brought under § 1983 are governed by a single generic standard is rejected. Instead, courts must identify the specific constitutional right allegedly infringed by the challenged application of force, and then judge the claim by reference to the specific constitutional standard which governs that right. Pp. 490 U. S. 393-394.

(b) Claims that law enforcement officials have used excessive force in the course of an arrest, investigatory stop, or other "seizure" of a free citizen are most properly characterized as invoking the protections of the Fourth Amendment, which guarantees citizens the right "to be secure in their persons . . . against unreasonable seizures," and must be judged by reference to the Fourth Amendment's "reasonableness" standard. Pp. 490 U. S. 394-395.

(c) The Fourth Amendment "reasonableness" inquiry is whether the officers' actions are "objectively reasonable" in light of the facts and circumstances confronting them, without regard to their underlying intent or motivation. The "reasonableness" of a particular use of force must be judged from the perspective of a reasonable officer on the scene, and its calculus must embody an allowance for the fact that police officers are often forced to make split-second decisions about the amount of force necessary in a particular situation. Pp. 490 U. S. 396-397.

(d) The Johnson v. Glick test applied by the courts below is incompatible with a proper Fourth Amendment analysis. The suggestion that the test's "malicious and sadistic" inquiry is merely another way of describing conduct that is objectively unreasonable under the circumstances is rejected. Also rejected is the conclusion that, because individual officers' subjective motivations are of central importance in deciding whether force used against a convicted prisoner violates the Eighth Amendment, it cannot be reversible error to inquire into them in deciding whether force used against a suspect or arrestee violates the Fourth Amendment. The Eighth Amendment terms "cruel" and "punishment" clearly suggest some inquiry into subjective state of mind, whereas the Fourth Amendment term "unreasonable" does not. Moreover, the less protective Eighth Amendment standard applies only after the State has complied with the constitutional guarantees traditionally associated with criminal prosecutions. Pp. 490 U. S. 397-399.

827 F.2d 945, vacated and remanded.

REHNQUIST, C.J., delivered the opinion of the Court, in which WHITE, STEVENS, O'CONNOR, SCALIA, and KENNEDY, JJ., joined. BLACKMUN, J., filed an opinion concurring in part and concurring in the judgment, in which BRENNAN and MARSHALL, JJ., joined, post, p. 490 U. S. 399.
CHIEF JUSTICE REHNQUIST delivered the opinion of the Court.

This case requires us to decide what constitutional standard governs a free citizen's claim that law enforcement officials used excessive force in the course of making an arrest, investigatory stop, or other "seizure" of his person. We hold that such claims are properly analyzed under the Fourth Amendment's "objective reasonableness" standard, rather than under a substantive due process standard.

In this action under 42 U.S.C. § 1983, petitioner Dethorne Graham seeks to recover damages for injuries allegedly sustained when law enforcement officers used physical force against him during the course of an investigatory stop. Because the case comes to us from a decision of the Court of Appeals affirming the entry of a directed verdict for respondents, we take the evidence hereafter noted in the light most favorable to petitioner. On November 12, 1984, Graham, a diabetic, felt the onset of an insulin reaction. He asked a friend, William Berry, to drive him to a nearby convenience store so he could purchase some orange juice to counteract the reaction. Berry agreed, but when Graham entered the store, he saw a number of people ahead of him in the checkout line. Concerned about the delay, he hurried out of the store and asked Berry to drive him to a friend's house instead.

Respondent Connor, an officer of the Charlotte, North Carolina, Police Department, saw Graham hastily enter and leave the store. The officer became suspicious that something was amiss, and followed Berry's car. About one-half mile from the store, he made an investigative stop. Although Berry told Connor that Graham was simply suffering from a "sugar reaction," the officer ordered Berry and Graham to wait while he found out what, if anything, had happened at the convenience store. When Officer Connor returned to his patrol car to call for backup assistance, Graham got out of the car, ran around it twice, and finally sat down on the curb, where he passed out briefly.

In the ensuing confusion, a number of other Charlotte police officers arrived on the scene in response to Officer Connor's request for backup. One of the officers rolled Graham over on the sidewalk and cuffed his hands tightly behind his back, ignoring Berry's pleas to get him some sugar. Another officer said:

"I've seen a lot of people with sugar diabetes that never acted like this. Ain't nothing wrong with the M.F. but drunk. Lock the S.B. up."

App. 42. Several officers then lifted Graham up from behind, carried him over to Berry's car, and placed him face down on its hood. Regaining consciousness, Graham asked the officers to check in his wallet for a diabetic decal that he carried. In response, one of
the officers told him to "shut up" and shoved his face down against the hood of the car. Four officers grabbed Graham and threw him headfirst into the police car. A friend of Graham's brought some orange juice to the car, but the officers refused to let him have it. Finally, Officer Connor received a report that Graham had done nothing wrong at the convenience store, and the officers drove him home and released him.

Page 490 U. S. 390

At some point during his encounter with the police, Graham sustained a broken foot, cuts on his wrists, a bruised forehead, and an injured shoulder; he also claims to have developed a loud ringing in his right ear that continues to this day. He commenced this action under 42 U.S.C. § 1983 against the individual officers involved in the incident, all of whom are respondents here, [Footnote 1] alleging that they had used excessive force in making the investigatory stop, in violation of "rights secured to him under the Fourteenth Amendment to the United States Constitution and 42 U.S.C. § 1983." Complaint 10, App. 5. [Footnote 2] The case was tried before a jury. At the close of petitioner's evidence, respondents moved for a directed verdict. In ruling on that motion, the District Court considered the following four factors, which it identified as "[t]he factors to be considered in determining when the excessive use of force gives rise to a cause of action under § 1983": (1) the need for the application of force; (2) the relationship between that need and the amount of force that was used; (3) the extent of the injury inflicted; and (4) "[w]hether the force was applied in a good faith effort to maintain and restore discipline or maliciously and sadistically for the very purpose of causing harm." 644 F.Supp. 246, 248 (WDNC 1986). Finding that the amount of force used by the officers was "appropriate under the circumstances," that "[t]here was no discernible injury inflicted," and that the force used "was not applied maliciously or sadistically for the very purpose of causing harm," but in "a good faith effort to maintain or restore order in the face of a potentially explosive situation," id. at 248-249, the District Court granted respondents' motion for a directed verdict.

A divided panel of the Court of Appeals for the Fourth Circuit affirmed. 827 F.2d 945 (1987). The majority ruled first that the District Court had applied the correct legal standard in assessing petitioner's excessive force claim. Id. at 948-949. Without attempting to identify the specific constitutional provision under which that claim arose, [Footnote 3] the majority endorsed the four-factor test applied by the District Court as generally applicable to all claims of "constitutionally excessive force" brought against governmental officials. Id. at 948. The majority rejected petitioner's argument, based on Circuit precedent, [Footnote 4] that it was error to require him to prove that the allegedly excessive force used against him was applied "maliciously and sadistically for the very purpose of causing harm." [Footnote 5] Ibid. Finally, the majority held that a reasonable jury applying the four-part test it had just endorsed
to petitioner's evidence "could not find that the force applied was constitutionally excessive." Id. at 949-950. The dissenting judge argued that this Court's decisions in *Terry v. Ohio*, 392 U. S. 1 (1968), and *Tennessee v. Garner*, 471 U. S. 1 (1985), required that excessive force claims arising out of investigatory stops be analyzed under the Fourth Amendment's "objective reasonableness" standard. 827 F.2d at 950-952. We granted certiorari, 488 U.S. 816 (1988), and now reverse.

Fifteen years ago, in *Johnson v. Glick*, 481 F.2d 1028 (CA2), cert. denied, 414 U.S. 1033 (1973), the Court of Appeals for the Second Circuit addressed a § 1983 damages claim filed by a pretrial detainee who claimed that a guard had assaulted him without justification. In evaluating the detainee's claim, Judge Friendly applied neither the Fourth Amendment nor the Eighth, the two most textually obvious sources of constitutional protection against physically abusive governmental conduct. [Footnote 6] Instead, he looked to "substantive due process," holding that, "quite apart from any 'specific' of the Bill of Rights, application of undue force by law enforcement officers deprives a suspect of liberty without due process of law."

481 F.2d at 1032. As support for this proposition, he relied upon our decision in *Rochin v. California*, 342 U. S. 165 (1952), which used the Due Process Clause to void a state criminal conviction based on evidence obtained by pumping the defendant's stomach. 481 F.2d at 1032-1033. If a police officer's use of force which "shocks the conscience" could justify setting aside a criminal conviction, Judge Friendly reasoned, a correctional officer's use of similarly excessive force must give rise to a due process violation actionable under § 1983. *Ibid.* Judge Friendly went on to set forth four factors to guide courts in determining "whether the constitutional line has been crossed" by a particular use of force -- the same four factors relied upon by the courts below in this case. *Id.* at 1033.

In the years following *Johnson v. Glick*, the vast majority of lower federal courts have applied its four-part "substantive due process" test indiscriminately to all excessive force claims lodged against law enforcement and prison officials under § 1983, without considering whether the particular application of force might implicate a more specific constitutional right governed by a different standard. [Footnote 7] Indeed, many courts have seemed to assume, as did the courts below in this case, that there is a generic "right" to be free from excessive force, grounded not in any particular constitutional provision, but rather in "basic principles of § 1983 jurisprudence." [Footnote 8]

We reject this notion that all excessive force claims brought under § 1983 are governed by a single generic standard. As we have said many times, § 1983 "is not itself a
source of substantive rights," but merely provides "a method for vindicating federal rights elsewhere conferred." Baker v. McCollan, 443 U. S. 137, 443 U. S. 144, n. 3 (1979). In addressing an excessive force claim brought under § 1983, analysis begins by identifying the specific constitutional right allegedly infringed by the challenged application of force. See id. at 443 U. S. 140 ("The first inquiry in any § 1983 suit" is "to isolate the precise constitutional violation with which [the defendant] is charged").

[Footnote 9] In most instances, that will be either the Fourth Amendment's prohibition against unreasonable seizures of the person or the Eighth Amendment's ban on cruel and unusual punishments, which are the two primary sources of constitutional protection against physically abusive governmental conduct. The validity of the claim must then be judged by reference to the specific constitutional standard which governs that right, rather than to some generalized "excessive force" standard. See Tennessee v. Garner, supra, at 471 U. S. 7-22 (claim of excessive force to effect arrest analyzed under a Fourth Amendment standard); Whitley v. Albers, 475 U. S. 312, 475 U. S. 318-326 (1986) (claim of excessive force to subdue convicted prisoner analyzed under an Eighth Amendment standard).

Where, as here, the excessive force claim arises in the context of an arrest or investigatory stop of a free citizen, it is most properly characterized as one invoking the protections of the Fourth Amendment, which guarantees citizens the right "to be secure in their persons . . . against unreasonable . . . seizures" of the person. This much is clear from our decision in Tennessee v. Garner, supra. In Garner, we addressed a claim that the use of deadly force to apprehend a fleeing suspect who did not appear to be armed or otherwise dangerous violated the suspect's constitutional rights, notwithstanding the existence of probable cause to arrest.

Page 490 U. S. 395

Though the complaint alleged violations of both the Fourth Amendment and the Due Process Clause, see 471 U. S. at 471 U. S. 5, we analyzed the constitutionality of the challenged application of force solely by reference to the Fourth Amendment's prohibition against unreasonable seizures of the person, holding that the "reasonableness" of a particular seizure depends not only on when it is made, but also on how it is carried out. Id. at 471 U. S. 7-8. Today we make explicit what was implicit in Garner's analysis, and hold that all claims that law enforcement officers have used excessive force -- deadly or not -- in the course of an arrest, investigatory stop, or other "seizure" of a free citizen should be analyzed under the Fourth Amendment and its "reasonableness" standard, rather than under a "substantive due process" approach. Because the Fourth Amendment provides an explicit textual source of constitutional protection against this sort of physically intrusive governmental conduct, that Amendment, not the more generalized notion of "substantive due process," must be the guide for analyzing these claims. [Footnote 10]
Determining whether the force used to effect a particular seizure is "reasonable" under the Fourth Amendment requires a careful balancing of "the nature and quality of the intrusion on the individual's Fourth Amendment interests" against the countervailing governmental interests at stake. Id. at 471 U. S. 8, quoting United States v. Place, 462 U. S. 696, 462 U. S. 703 (1983). Our Fourth Amendment jurisprudence has long recognized that the right to make an arrest or investigatory stop necessarily carries with it the right to use some degree of physical coercion or threat thereof to effect it. See Terry v. Ohio, 392 U. S. at 392 U. S. 22-27. Because "[t]he test of reasonableness under the Fourth Amendment is not capable of precise definition or mechanical application," Bell v. Wolfish, 441 U. S. 520, 441 U. S. 559 (1979), however, its proper application requires careful attention to the facts and circumstances of each particular case, including the severity of the crime at issue, whether the suspect poses an immediate threat to the safety of the officers or others, and whether he is actively resisting arrest or attempting to evade arrest by flight. See Tennessee v. Garner, 471 U.S. at 471 U. S. 8-9 (the question is "whether the totality of the circumstances justifie[s] a particular sort of. . . seizure"). The "reasonableness" of a particular use of force must be judged from the perspective of a reasonable officer on the scene, rather than with the 20/20 vision of hindsight. See Terry v. Ohio, supra, at 392 U. S. 20-22. The Fourth Amendment is not violated by an arrest based on probable cause, even though the wrong person is arrested, Hill v. California, 401 U. S. 797 (1971), nor by the mistaken execution of a valid search warrant on the wrong premises, Maryland v. Garrison, 480 U. S. 79 (1987). With respect to a claim of excessive force, the same standard of reasonableness at the moment applies: "Not every push or shove, even if it may later seem unnecessary in the peace of a judge's chambers," Johnson v. Glick, 481 F.2d at 1033, violates the Fourth Amendment. The calculus of reasonableness must embody allowance for the fact that police officers are often forced to make split-second judgments -- in circumstances that are tense, uncertain, and rapidly evolving -- about the amount of force that is necessary in a particular situation.

As in other Fourth Amendment contexts, however, the "reasonableness" inquiry in an excessive force case is an objective one: the question is whether the officers' actions are "objectively reasonable" in light of the facts and circumstances confronting them, without regard to their underlying intent or motivation. See Scott v. United States, 436 U. S. 128, 436 U. S. 137-139 (1978); see also Terry v. Ohio, supra, at 392 U. S. 21 (in analyzing the reasonableness of a particular search or seizure, "it is imperative that the facts be judged against an objective standard"). An officer's evil intentions will not make a Fourth Amendment violation out of an objectively reasonable use of force; nor will an officer's good intentions make an objectively unreasonable use of force constitutional. See Scott v. United States, supra, at 436 U. S. 138, citing United States v. Robinson, 414 U. S. 218 (1973).
Because petitioner's excessive force claim is one arising under the Fourth Amendment, the Court of Appeals erred in analyzing it under the four-part Johnson v. Glick test. That test, which requires consideration of whether the individual officers acted in "good faith" or "maliciously and sadistically for the very purpose of causing harm," is incompatible with a proper Fourth Amendment analysis. We do not agree with the Court of Appeals' suggestion, see 827 F.2d at 948, that the "malicious and sadistic" inquiry is merely another way of describing conduct that is objectively unreasonable under the circumstances. Whatever the empirical correlations between "malicious and sadistic" behavior and objective unreasonableness may be, the fact remains that the "malicious and sadistic" factor puts in issue the subjective motivations of the individual officers, which our prior cases make clear has no bearing on whether a particular seizure is "unreasonable" under the Fourth Amendment. Nor do we agree with the

Page 490 U. S. 398

Court of Appeals' conclusion, see id. at 948, n. 3, that, because the subjective motivations of the individual officers are of central importance in deciding whether force used against a convicted prisoner violates the Eighth Amendment, see Whitley v. Albers, 475 U.S. at 475 U. S. 320-321, [Footnote 11] it cannot be reversible error to inquire into them in deciding whether force used against a suspect or arrestee violates the Fourth Amendment. Differing standards under the Fourth and Eighth Amendments are hardly surprising: the terms "cruel" and "punishment" clearly suggest some inquiry into subjective state of mind, whereas the term "unreasonable" does not. Moreover, the less protective Eighth Amendment standard applies "only after the State has complied with the constitutional guarantees traditionally associated with criminal prosecutions." Ingraham v. Wright, 430 U. S. 651, 430 U. S. 671,

Page 490 U. S. 399

n. 40 (1977). The Fourth Amendment inquiry is one of "objective reasonableness" under the circumstances, and subjective concepts like "malice" and "sadism" have no proper place in that inquiry. [Footnote 12]

Because the Court of Appeals reviewed the District Court's ruling on the motion for directed verdict under an erroneous view of the governing substantive law, its judgment must be vacated and the case remanded to that court for reconsideration of that issue under the proper Fourth Amendment standard.

It is so ordered.

Page 490 U. S. 399

[Footnote 1]

Also named as a defendant was the city of Charlotte, which employed the individual respondents. The District Court granted a directed verdict for the city, and petitioner did
not challenge that ruling before the Court of Appeals. Accordingly, the city is not a party to the proceedings before this Court.

[Footnote 2]

Petitioner also asserted pendent state law claims of assault, false imprisonment, and intentional infliction of emotional distress. Those claims have been dismissed from the case, and are not before this Court.

[Footnote 3]

The majority did note that, because Graham was not an incarcerated prisoner, "his complaint of excessive force did not, therefore, arise under the eighth amendment." 827 F.2d at 948, n. 3. However, it made no further effort to identify the constitutional basis for his claim.

[Footnote 4]

Petitioner's argument was based primarily on Kidd v. O'Neil, 774 F.2d 1252 (CA4 1985), which read this Court's decision in Tennessee v. Garner, 471 U. S. 1 (1985), as mandating application of a Fourth Amendment "objective reasonableness" standard to claims of excessive force during arrest. See 774 F.2d at 1254-1257. The reasoning of Kidd was subsequently rejected by the en banc Fourth Circuit in Justice v. Dennis, 834 F.2d 380, 383 (1987), cert. pending, No. 87-1422.

[Footnote 5]

The majority noted that, in Whitley v. Albers, 475 U. S. 312 (1986), we held that the question whether physical force used against convicted prisoners in the course of quelling a prison riot violates the Eighth Amendment "ultimately turns on 'whether force was applied in a good faith effort to maintain or restore discipline or maliciously and sadistically for the very purpose of causing harm.'" 827 F.2d at 948, n. 3, quoting Whitley v. Albers, supra, at 475 U. S. 320-321. Though the Court of Appeals acknowledged that petitioner was not a convicted prisoner, it thought it "unreasonable . . . to suggest that a conceptual factor could be central to one type of excessive force claim but reversible error when merely considered by the court in another context."

827 F.2d at 948, n. 3.

[Footnote 6]
Judge Friendly did not apply the Eighth Amendment’s Cruel and Unusual Punishments Clause to the detainee’s claim for two reasons. First, he thought that the Eighth Amendment’s protections did not attach until after conviction and sentence. 481 F.2d at 1032. This view was confirmed by Ingraham v. Wright, 430 U. S. 651, 430 U. S. 671, n. 40 (1977) (“Eighth Amendment scrutiny is appropriate only after the State has complied with the constitutional guarantees traditionally associated with criminal prosecutions”). Second, he expressed doubt whether a "spontaneous attack" by a prison guard, done without the authorization of prison officials, fell within the traditional Eighth Amendment definition of "punishment." 481 F.2d at 1032. Although Judge Friendly gave no reason for not analyzing the detainee’s claim under the Fourth Amendment’s prohibition against "unreasonable . . . seizures" of the person, his refusal to do so was apparently based on a belief that the protections of the Fourth Amendment did not extend to pretrial detainees. See id. at 1033 (noting that "most of the courts faced with challenges to the conditions of pretrial detention have primarily based their analysis directly on the due process clause"). See n 10, infra.

[Footnote 7]

[Footnote 8]
See Justice v. Dennis, supra, at 382 (“There are . . . certain basic principles in section 1983 jurisprudence as it relates to claims of excessive force that are beyond question[,] [w]hether the factual circumstances involve an arrestee, a pretrial detainee or a prisoner”).

[Footnote 9]

[Footnote 10]
A "seizure" triggering the Fourth Amendment's protections occurs only when government actors have, "by means of physical force or show of authority, . . . in some way restrained the liberty of a citizen," Terry v. Ohio, 392 U. S. 1, 392 U. S. 19, n. 16 (1968); see Brower v. County of Inyo, 489 U. S. 593, 489 U. S. 596 (1989).

Our cases have not resolved the question whether the Fourth Amendment continues to provide individuals with protection against the deliberate use of excessive physical force beyond the point at which arrest ends and pretrial detention begins, and we do not attempt to answer that question today. It is clear, however, that the Due Process Clause protects a pretrial detainee from the use of excessive force that amounts to punishment.
See Bell v. Woefish, 441 U. S. 520, 441 U. S. 535-539 (1979). After conviction, the Eighth Amendment "serves as the primary source of substantive protection . . . in cases . . . where the deliberate use of force is challenged as excessive and unjustified."

Whitley v. Albers, 475 U.S. at 475 U. S. 327. Any protection that "substantive due process" affords convicted prisoners against excessive force is, we have held, at best redundant of that provided by the Eighth Amendment. Ibid.

[Footnote 11]

In Whitley, we addressed a § 1983 claim brought by a convicted prisoner, who claimed that prison officials had violated his Eighth Amendment rights by shooting him in the knee during a prison riot. We began our Eighth Amendment analysis by reiterating the long-established maxim that an Eighth Amendment violation requires proof of the "unnecessary and wanton infliction of pain." 475 U.S. at 475 U. S. 319, quoting Ingraham v. Wright, 430 U.S. at 430 U. S. 670, in turn quoting Estelle v. Gamble, 429 U. S. 97, 429 U. S. 103 (1976). We went on to say that, when prison officials use physical force against an inmate

"to restore order in the face of a prison disturbance, . . . the question whether the measure taken inflicted unnecessary and wanton pain . . . ultimately turns on 'whether the force was applied in a good faith effort to maintain or restore discipline or maliciously and sadistically for the very purpose of causing harm.'"

475 U.S. at 475 U. S. 320-321 (emphasis added), quoting Johnson v. Glick, 481 F.2d at 1033. We also suggested that the other prongs of the Johnson v. Glick test might be useful in analyzing excessive force claims brought under the Eighth Amendment. 475 U.S. at 475 U. S. 321. But we made clear that this was so not because Judge Friendly's four-part test is some talismanic formula generally applicable to all excessive force claims, but because its four factors help to focus the central inquiry in the Eighth Amendment context, which is whether the particular use of force amounts to the "unnecessary and wanton infliction of pain." See id. at 475 U. S. 320-321. Our endorsement of the Johnson v. Glick test in Whitley thus had no implications beyond the Eighth Amendment context.

[Footnote 12]

Of course, in assessing the credibility of an officer's account of the circumstances that prompted the use of force, a factfinder may consider, along with other factors, evidence that the officer may have harbored ill-will toward the citizen. See Scott v. United States, 436 U. S. 128, 436 U. S. 139, n. 13 (1978). Similarly, the officer's objective "good faith" - - that is, whether he could reasonably have believed that the force used did not violate the Fourth Amendment -- may be relevant to the availability of the qualified immunity defense to monetary liability under § 1983. See Anderson v. Creighton, 483 U. S. 635
Since no claim of qualified immunity has been raised in this case, however, we express no view on its proper application in excessive force cases that arise under the Fourth Amendment.

JUSTICE BLACKMUN, with whom JUSTICE BRENNAN and JUSTICE MARSHALL join, concurring in part and concurring in the judgment.

I join the Court's opinion insofar as it rules that the Fourth Amendment is the primary tool for analyzing claims of excessive force in the prearrest context, and I concur in the judgment remanding the case to the Court of Appeals for reconsideration of the evidence under a reasonableness standard. In light of respondents' concession, however, that the pleadings in this case properly may be construed as raising a Fourth Amendment claim, see Brief for Respondents 3, I see no reason for the Court to find it necessary further to reach out to decide that prearrest excessive force claims are to be analyzed under the Fourth Amendment, rather than under a substantive due process standard. I also see no basis for the Court's suggestion, ante at 490 U. S. 395, that our decision in Tennessee v. Garner, 471 U. S. 1 (1985), implicitly so held. Nowhere in Garner is a substantive due process standard for evaluating the use of excessive force in a particular case discussed; there is no suggestion that such a standard was offered as an alternative and rejected.

In this case, petitioner apparently decided that it was in his best interest to disavow the continued applicability of substantive due process analysis as an alternative basis for recovery in prearrest excessive force cases. See Brief for Petitioner 20. His choice was certainly wise as a matter of litigation strategy in his own case, but does not (indeed, cannot be expected to) serve other potential plaintiffs equally well. It is for that reason that the Court would have done better to leave that question for another day. I expect that the use of force that is not demonstrably unreasonable under the Fourth Amendment only rarely will raise substantive due process concerns. But until I am faced with a case in which that question is squarely raised, and its merits are subjected to adversary presentation, I do not join in foreclosing the use of substantive due process analysis in prearrest cases.
